ANNUAL REPORT  
OF THE  
LOCAL GOVERNMENT BOARD FOR IRELAND,  
BEING THE  
TWENTY-SEVENTH REPORT UNDER "THE LOCAL GOVERNMENT  
BOARD (IRELAND) ACT," 35 & 36 VIC., CHAP. 69.

TO HIS EXCELLENCY GEORGE HENRY,  
EARL CADOGAN, K.G.,  
*Lord Lieutenant-General and General Governor of Ireland.*

*Local Government Board,  
Dublin, 4th August, 1899.*

MAY IT PLEASE YOUR EXCELLENCY,

WE, the Local Government Board for Ireland, submit to your Excellency this our twenty-seventh annual Report under the Statute 35 & 36 Vic., chap. 69, entitled "The Local Government Board (Ireland) Act, 1872."

I.—THE LOCAL GOVERNMENT (IRELAND) ACT, 1898.

The most important event in connection with Local Government in Ireland which occurred last year was the passing of the Local Government (Ireland) Act, 1898 (61 & 62 Vict., c. 37).

The object of the Act was to establish in Ireland a system of Local Administration based on similar principles and, as far as possible, identical in its operation with the systems recently established in England and Scotland. There are, indeed, certain points of detail in which the newly-established institutions in Ireland necessarily differ from both English and Scottish precedents, as being founded upon a different existing system of administration. In England, as is well known, the administrative areas, for purposes other than the administration of the Poor Law, are the County, the District, and the Parish; in Scotland they are the County and the Parish, whereas in Ireland they will now be the County and the District. The Union, which, however, will be in the majority of cases coterminous with the Rural District, still remains an administrative area for Poor Law purposes.

The Local Government of Ireland, so far as it is not connected with the Poor Law, will, under the Act, be administered for the future by the following elected bodies:—

County Councils.  
Urban District Councils.  
Rural District Councils.

Boards of Guardians, in the majority of cases identical in membership though not in function with Rural District Councils, will administer the Poor Law exclusively.

Each of the six largest Boroughs in Ireland will form an administrative County of itself.

Speaking generally, the business of Local Administration, which will be discharged by the new bodies established by the Act is as follows:—

The County Councils will do all that has hitherto been done by County at large Presentment Sessions, and Grand Juries, with the exception of business in connection with compensation for criminal injuries and of the strictly judicial business of the Grand Juries; and these Councils will also have the duty of making and levying the Poor Rate in Rural Districts.

The District Councils will be the Sanitary Authorities; they will also discharge the functions of Baronial Presentment Sessions, and in Urban Districts so much of the business of the Grand Juries in respect of their districts as does not relate to County-at-large Charges. The Urban District Councils will also make and levy their proportion of the Poor Rate.

For the future County Cess will not be raised separately, but all charges formerly borne by it will be thrown on the Poor Rate, and all rates will be paid by the occupier. There will, moreover, be a contribution in aid of the rating of agricultural land out of the Consolidated Fund to the extent of £727,555.

The Poor Law expenses of a Union will be raised henceforward equally over the whole Union, and where a Union extends into more than one county the total amount to be raised over the Union is to be apportioned between the divided parts in proportion to the rateable value of each, and the amount so apportioned to each divided part is to be raised equally over that part as if it were a separate Union. What has been known as "Union Rating" has, therefore, been established in Ireland to the fullest extent.

## 2.—PROCEEDINGS CONNECTED WITH REGISTRATION.

It became necessary, in consequence of the proposals contained in the Local Government (Ireland) Bill for assimilating the new Local Government franchise to the existing Parliamentary franchise and extending the former to peers and women, to make provision for the combined registration of Parliamentary and Local Government electors.

In order that the requisite preliminary steps might be taken to secure the completion of the registration within the statutory period it was necessary that the matter should be dealt with early in the session without waiting for the passing of the Local Government Bill. The first elections under the Local Government Act if the Bill passed could thus be held early in 1899. The Bill for the Registration (Ireland) Act, 1898, was therefore introduced on the 21st of February, and became law on the 29th of March, 1898.

This Act directed that the lists of Parliamentary Electors in Ireland should be made up for Poor Law Electoral Divisions

instead of for Parliamentary Polling Districts, and that to each such list there should be added a Local Government Supplement, to be prepared and revised together with the said list. It further enacted that any alteration of a Poor Law Electoral Division made by the Local Government Board before the 1st June in the then current year, should take effect only for the purpose of the Act, and that such alteration might include the division of a townland situate partly within and partly without an Urban Sanitary District or town.

The Lord Lieutenant in Council was also empowered to make, before the end of the year 1898, rules for carrying the Act into effect, and in particular for causing the lists and registers to be so made up as to be available for any Parliamentary election or for any election of a member of a Local Authority under the provisions of any Act passed during the session. The rules were also to provide that lists should be made where necessary for different parts of a Poor Law Electoral Division, as if each such part were a separate Division.

Such being the leading provisions of the Act in question, we made and issued, in pursuance of the power of dividing townlands thus vested in us, and in the exercise of our general powers under the various Poor Relief Acts, 119 Orders, bearing dates from the 4th of April to the 18th of May, 1898, by which we divided and otherwise altered the boundaries of a large number of Poor Law Electoral Divisions.\*

Without attempting to follow out here the details of these numerous changes, we may state generally the principles which guided us in making them. In the first place we considered that, besides facilitating the carrying out of the Registration Act, 1898, and any rules made under that Act, it would conduce greatly to the satisfactory working of the proposed system of Local Government if we could secure that no Poor Law Electoral Division should be situated partly within and partly without the municipal boundary of any city, borough, or town, and it will be found upon examination, that the great majority of the changes were made in furtherance of this object.

In the second place we had been in the habit of exercising the power devolving upon us as successors of the original Poor Law Commissioners under the Poor Relief (Ireland) Act 1839, of dividing into wards, for the purpose of conducting the election of guardians, such cities, boroughs, towns, suburbs, and other places as had populations of more than Ten Thousand, and had been constituted under the same Act single Poor Law Electoral Divisions. We had, moreover, reason to believe that these powers would cease, but that the limitation of the effect of alterations made under the Registration Act would be removed in the event of the Local Government Bill becoming law. We therefore deemed it right to make such rearrangements of these areas as would, if the Bill passed, be suitable for the formation of permanent Electoral Units under its provisions.

Having in view the fact that the existing Municipal and Poor Law franchises would be for the future merged in the Local

\* See Appendix A., I. (5.), page 78.

Government franchise, we availed ourselves of the municipal division into wards so far as this would go, and constituted each municipal ward of any city, borough, town, or other area coming within the provisions of the Act mentioned above, a separate Poor Law Electoral Division. We further made use for the same purpose of the municipal division into wards in the case of towns not coming within the terms of the Act referred to, and constituted each such ward a Poor Law Electoral Division. We also in some cases divided municipal areas into two (or more) Poor Law Electoral Divisions notwithstanding the fact that they were not divided into wards.

The general effect of the Orders thus made may be summed up as follows:—Every city, borough, town, or other municipal area in Ireland now comprises one or more complete Poor Law Electoral Division or Divisions, or as they have become by the operation of Section 111 (4) of the Local Government (Ireland) Act, 1898, District Electoral Divisions for the purposes of the first elections under that Act. Where any such City, Borough, Town, or other area is divided into wards for municipal purposes, each ward constitutes a separate District Electoral Division.\*

In this connection it only remains to add that where a Poor Law Electoral Division was partly within and partly without the boundary of a municipal area, if the part without such boundary was of sufficient extent to form a separate Poor Law or District Electoral Division it was so constituted. Where this was not the case it was added to some adjacent Electoral Division or Divisions.†

On the 24th of May, 1898, an Order in Council was made in pursuance of the Registration (Ireland) Act, 1898, embodying Rules for the conduct of registration. This Order directed that for the purposes of the rules each Poor Law Electoral Division as constituted by us should be treated as the existing Poor Law Electoral Division, and further that where any such Electoral Division was situated partly in one Parliamentary polling district and partly in another, each part should be treated for the purposes of registration as a separate Electoral Division. Each such Electoral Division or part of such a Division separately treated was styled a Registration Unit. Separate lists of Parliamentary voters were to be made out for each Registration Unit, and to each such list was to be added a Local Government Supplement containing the names of any peers or women whose names, if not those of peers or women, would have been entered on the list to which the supplement was added.

The effect of these provisions has been to ensure that the Registers compiled from the lists made up as directed can be used both for Parliamentary and Local Government elections. For a Parliamentary election all that is necessary is to collect the portions of the Register made out for the various Registration Units in each Parliamentary Polling District, and a complete Register for the polling district is formed.

\* The Town of Dungannon is an exception, having been divided into Wards since these Orders were made, viz:—by an Order made December 8th, 1898.

† For these Orders, see Appendix A., I. (iii.), page 229.

For a Local Government election the portion or portions, together with the Local Government Supplements to the same referring to the Registration Unit or Units comprised in the County or District Electoral Division or other area for which the election is being held, make up the Register of Local Government electors for such Division or other area.

### 3.—DELIMITATION OF ADMINISTRATIVE AND ELECTORAL AREAS.

Preparations being thus made for a satisfactory system of combined registration, we had next to turn our attention to a work of greater difficulty, and one involving a large amount of correspondence, and to a certain extent controversy, viz. :—the delimitation of administrative areas. It was clear, of course, that we could take no effective action in this matter until after the Local Government Bill became law, but it was absolutely necessary that we should be in a position to take such action as soon as possible after the passing of the Act. It was also practically certain that the clause which ultimately became Section 68 of the Act would be adopted substantially in the form in which it was originally drafted. This clause empowered us to alter for administrative purposes the boundaries of any judicial county where the preservation of the existing boundaries would cause substantial inconvenience, and limited to similar cases the exercise for the purposes of the Act of our general powers of altering the boundaries of unions. We were further to secure that a County District, whether urban or rural, should be situate wholly in one county, and where a union was divided between two or more counties, we were to take care that each divided part, so far as it was not contained in an Urban District, should be of sufficient size and rateable value to form a suitable Rural District.

Any Orders under this section of the Act, if they were to affect the first elections under the Act, were to be made within six months after it passed. Having in view, therefore, the magnitude and intricacy of the task to be set us, we had begun as early as the month of January to collect information on the subject of county and Union boundaries. We addressed letters\* to the various Boards of Guardians whose unions extended into two or more judicial counties, and were not so divided by the county boundaries as to leave each divided part a suitable area for the formation of a Rural District.

In these letters we pointed out in each case the difficulty to be solved, and stated that in dealing with it there were two alternative courses open to us, viz. :—

(a). To transfer the Electoral Divisions cut off by the county boundary from the main body of the Union to some other Union in the county in which those Divisions were situate; or

(b). To alter the county boundary so as to bring these Divisions into the same county with the rest of the Union or, where a Union extended into more than two counties with such other portion of the Union as would secure the formation of a satisfactory Rural District in each of those counties.

\* See page 588.

We requested the Guardians to consider the question after due notice had been given to each member of the Board, and to assist us by ascertaining which of these alternative courses would in the case of their Union be generally regarded as preferable.

As the result of the correspondence thus begun and extending over several months, we were able to issue in October a series of orders\* making sixteen alterations of Union boundaries affecting twenty-four Unions in order to form satisfactory Rural Districts. For a similar purpose we made six alterations of county boundaries affecting seven counties which we included in a series of orders presently to be mentioned. In the latter series we also embodied ten changes affecting sixteen counties for the purpose of bringing each of ten Urban Districts wholly within one county, and thus carrying out the direction of the Act that every County District should be so situated.

The electoral areas in respect of Rural District Councils were already marked out for us by the Bill. The existing Poor Law Electoral Divisions as altered by us for the purposes of the Registration (Ireland) Act, 1898, were to constitute District Electoral Divisions for the purpose of the First Elections of Rural District Councillors, but we had still before us the task of dividing the counties into County Electoral Divisions. Here again we had the guidance of the Bill, and so were able to commence the work early in the year. The County Electoral Divisions were to be arranged with a view to the population of each division being as nearly as conveniently possible equal, and we were to have regard to a proper representation both of the rural and urban population, and to the distribution and pursuits of such population.

Keeping in mind these directions we formulated for ourselves certain principles upon which we acted. In the first place then we considered that twenty was a fair average number of Electoral Divisions to make in a county. Even with the addition of the chairmen of the Rural District Councils who would be *ex-officio* members of the County Council, and the two members who might be chosen by that Council itself, the administrative body would not be too large. On the other hand, if the number of elected members were much less than twenty they would be relatively too few in comparison with the non-elected members. Moreover the quorum of one-fourth of the total number of Councillors was as high as could reasonably be fixed; and if that total were too small, business of great public importance might be transacted at a meeting of the Council consisting of non-elected members alone.

Applying this principle to the whole of Ireland, with the exception of the County of Dublin, and excluding for the moment the Urban Districts, we found that it would give us an average population of about 2,000 to a County Electoral Division in the smallest counties, and in the larger ones an average varying from about 3,000 to rather over 10,000, except in the County of Cork, where, if the county were not divided into ridings as was at one time proposed and as was actually done in the case of Tipperary, the average would be over 18,000.

\* See Appendix A., I. (ii.), page 187.

Speaking generally, therefore, we kept before us 20 as the minimum number of County Electoral Divisions in a county and 10,000 as the maximum limit of population for each, and it will be found that only in a few cases does the number of County Electoral Divisions fall below 20, or the population of a division which is not an Urban District exceed 10,000. In the case of the County of Cork, however, we have 32 County Electoral Divisions with an average population in each of over 11,000.

Secondly, in the exercise of the power proposed to be given us of assigning more than one Councillor to an Urban District forming a single County Electoral Division, we considered that the great object to be attained was a proper relative representation on the County Councils of such Districts based upon a comparison between the actual population of any such District, and the average population of the County Electoral Divisions in the Rural Districts surrounding it. Acting upon this principle in cases where the population of an Urban District was approximately equal to such average, we left that District with one Councillor. Where the population of an Urban District was approximately double such average, we assigned two Councillors to that District, and so on in proportion.

We considered that in this way "a proper representation both of the rural and urban population" would be best secured; and if the principle is kept in view a key is afforded to some seeming anomalies in the arrangements made. To take one example: "Why," it might be asked, "should Drogheda, with a population of 13,708, elect five County Councillors, while Galway, with a population of 13,800, elects only one?" The answer is clear: the average population of the County Electoral Divisions outside Urban Districts in the County of Louth is a little over 2,000, while in Galway it is considerably over 10,000. The relative representation is therefore in each case practically the same.

In consequence of the exceptional circumstances of the County of Dublin that county had to be specially treated, and by the arrangements made we hope we have secured a satisfactory relative representation of the urban and rural populations.

Owing to the fact that the Urban Districts round the City of Dublin, collectively known as "the townships," were to so large an extent self-centred communities, and managed for themselves so much of the business relating to public works which elsewhere would fall upon the County Council, their interest in the administration of the county at large was by no means so great as to warrant their possessing the preponderating influence on the County Council which would have been theirs if each of them had been represented on that council strictly in proportion to its population. We therefore thought that if they collectively sent to the council as many members as the rest of the county, their interests in the management of county-at-large business would be sufficiently protected notwithstanding the fact that their population was nearly double that of the Rural Districts.

Accordingly, we arranged the County Electoral Divisions in the county of Dublin in such a way as to secure this result.

Having thus arranged for the number of County Electoral Divisions, and the relative representation of Urban and Rural populations in each county, we had next to determine the particular areas which should form those divisions. As the Bill contained no directions as to this our hands were free; and we considered that it would be well, if possible, to make a fresh distribution of the District Electoral Divisions so as to prevent the county representation from being a mere repetition of the district representation.

The particular combination of District Electoral Divisions comprised in a Rural District would, as such, be represented on the County Council by the Chairman or other member of the District Council chosen in his stead; and we, consequently, thought that a greater variety of interests could be represented if our County Electoral Divisions were to comprise different combinations of District Electoral Divisions. In other words, we determined that County Electoral Divisions not consisting of Urban Districts should be, as far as possible, not conterminous with Rural Districts or parts of Rural Districts.

We were thus fully prepared to take action on the passing of the Act, and in November we issued the series of Orders\* before referred to, in which we defined the boundaries of each administrative county both as altered by us for the purposes mentioned above, and as affected by the provisions of the Act relating to County Boroughs. In the same series we also set out the County Electoral Divisions, giving in the case of each such Division the names of the District Electoral Divisions included in it.

The delimitation of areas, both administrative and electoral, being completed, we had next to turn our attention to the procedure to be followed in the election of the new administrative bodies.

#### 4.—ELECTIONS.

The arrangements for the conduct of the Elections both of the bodies established and of those newly constituted by the Act were to be made by us under the provisions of the Local Government (Application of Enactments) Order, 1898, a draft of which was before us in the summer of 1898. As these provisions were taken from the English Local Government Act of 1894, and the English Local Government Board had made Orders under them; and as, moreover, that Board had had some years' experience of the working of their Orders and had been able to amend them in points of detail to meet difficulties which had shown themselves under the test of actual operation, we considered that we could not do better than make the Election Orders of the English Board the basis of our own. There were, of course, many points in which the circumstances of the two countries differed; and the difference made special treatment necessary. This is particularly

\* See Appendix A., I. (v.), page 285.

noticeable with respect to the arrangements made for the Election of County and Rural District Councillors, as the Orders\* themselves will show.

*Aldermen and Councillors in County and other Boroughs, Urban District Councillors and Town Commissioners.*

The Elections which first claimed our attention were those of Aldermen and Councillors of County and other Boroughs, of Urban District Councillors in Urban Districts not Boroughs, and of Town Commissioners in Towns not Urban Districts. These Elections, by the operation of Section 112 of the Local Government Act modified by the provision as to appointed dates falling on Sunday contained in Article 2 of the Schedule to the Order in Council mentioned above, were to take place on the 16th of January, 1899.

As the Order in Council would not come into force until late in December, 1898, we prepared and circulated in November drafts of three orders in the form in which we proposed to issue them. Our object in doing this was twofold. In the first place we desired that those who would have the duty of carrying out the work of the Elections should be familiarized with the general scope of the work they would have to do. And in the second place we ourselves should have the advantage of their criticism on points of practical detail, and thus be enabled to modify our drafts, if necessary, before giving them their final form as Orders.

The three Draft Orders thus circulated contained—(1) Rules as to the Nomination and Election of Aldermen and Councillors of County Boroughs, (2) similar Rules with respect to Urban District Councillors (including Aldermen and Councillors in Boroughs not County Boroughs) and Town Commissioners, (3), Transitory Provisions relating to the First Elections of the bodies dealt with in the two preceding drafts. It would be out of place here to enter at any length into the details of the arrangements made; it may suffice to notice one or two points of importance.

In Irish Municipal Boroughs the Aldermen had hitherto been, in accordance with the provisions of the Municipal Corporations Act of 1840, directly elected by the constituencies, and not as in England by the Council. This made it necessary for us to provide means by which the Aldermen could, in those years in which a portion of their body retired in rotation, be elected simultaneously with the Councillors. Again the same fact also made it advisable that the Mayor should not be *ex-officio* the Returning Officer, as it might happen that he himself was a candidate for election as Alderman or Councillor. We, therefore, made the Town Clerks the Returning Officers in Boroughs. For a similar reason—namely, to avoid the possibility of the Returning Officer being also a candidate for election, we placed that office in the case of Urban Districts not Boroughs, and in that of Towns having Commissioners but not being Urban Districts, in the hands of the Clerks of the Councils and Clerks of the Commissioners respectively.

\* See Appendix I, (vi), page 338.

As in all the County and other Boroughs (with the exception of Belfast and Londonderry) the whole body of Aldermen and Councillors were to be re-elected, we adopted the principle, laid down in the Municipal Corporations Act of 1840, and followed at subsequent reorganisations, in Dublin in 1849, and in Limerick in 1853, of having no separate election of Aldermen at the first election of the whole of the new body. The draft of our Transitory Provisions Order, therefore, contained the rule that in every Ward of a Borough the person who obtained at the first Election the highest number of votes should be the Alderman of that Ward. This provision, although it met at first with some criticism on the part of a few existing Aldermen and others, was with this exception universally received with satisfaction, and we therefore retained it in the Order as finally made.

On the other hand, as the Order in Council under which we were to act directed us to arrange for the filling of casual vacancies in the Councils of Boroughs by election, we considered that the same arrangement might be made in respect of the Councils of Urban Districts which were not Boroughs, and of the Commissioners of Towns not Urban Districts. Uniformity would be thus preserved, and if in the future any of those Districts should obtain a charter of incorporation, or any Town be constituted an Urban District no change in Electoral procedure would be necessitated. Our draft Order, dealing with the election of Urban District Councillors and Town Commissioners, therefore contained a clause to the above effect. Casual vacancies in these bodies had hitherto been filled by the bodies themselves; and as there appeared to be a strong feeling in favour of preserving the former practice, we accordingly modified our Order in this respect when we gave it its final form.

On the 22nd of December, 1898, the Order in Council came into force, and on the same day we made and issued our Orders. The first proceedings under them were to be taken not later than the 2nd of January, 1899, by the publication of the Notices of Election by the various Returning Officers; and the Elections themselves were held on the 16th of the same month. It afforded us great satisfaction to learn that they all passed off without a hitch of any kind, and that not a single petition was presented against any of the Returns made.

#### *County and Rural District Councillors.*

So far we had dealt with Elective bodies already established whose constitutions were indeed considerably changed by the Act, but the bodies themselves remained. Our work therefore in connection with them practically amounted to little more than a reconstruction of the machinery of Election. Our next business however was to provide for the Election of wholly new bodies, and to establish an Electoral procedure of a character wholly different from any that existed before for either Local Government or Poor Law purposes. The new procedure would of course be based upon that in use at Parliamentary Elections, but it would be necessarily more complicated inasmuch as the Elections

of County and Rural District Councillors were to be held together. Further than this the First Elections of both County and Rural District Councillors, and also, it may be added, of Guardians in Urban Districts, were to be held throughout Ireland on the same day. The circumstances were therefore such as to put the greatest possible strain upon the executive and administrative resources at our disposal for the purpose.

As there were no Elective bodies in existence in any way analogous to those with which we had to deal we did not consider it necessary in this case to circulate drafts of the Orders proposed to be made. It was clear that, with the arrangement of Electoral Areas which we have described in a former part of this Report, it would be necessary that the ultimate responsibility for the Elections of both County and Rural District Councillors throughout each County should be placed in the hands of one Returning Officer. Such an Officer should clearly be one who possessed experience in dealing with Elections on a large scale, and he could avail himself of the help of persons having a close acquaintance with the affairs of each locality as his Deputies.

The only persons who as a class appeared to us to satisfy the primary condition of possessing the necessary experience in the management of Elections on a large scale were the Under-Sheriffs. To them therefore we naturally turned; and after considerable personal communication with the Officials and other leading members of the Under-Sheriffs' Association, by means of which we became acquainted with the views of the whole body, we determined to appoint the Under-Sheriff of each County, if he was willing to undertake the duties of the office, Returning Officer for the Election of County Councillors for his County, and also Returning Officer for the Election of Rural District Councillors in each Rural District comprised in it. In the result only two Under-Sheriffs, Mr. McCreery of Kilkenny and Mr. Gale of Cork, professed themselves unwilling to act, and we were able to find efficient substitutes for both. In Kilkenny we appointed Mr. James Poe, junior, and in Cork Mr. Downes of Skibbereen, and we had every reason to be well satisfied with our choice; but when the exceptional difficulties of the work in the County of Cork are considered, we feel that we are only doing the barest justice to Mr. Downes in recording our conviction that it would have been impossible to find anywhere a more energetic, resourceful and painstaking officer.

We had next to look for persons whose local knowledge and experience would render them efficient assistants to the Under-Sheriffs in the capacity of Deputy Returning Officers. In this case there was but one class of men to whom in Rural Districts we could turn as generally possessing the requisite acquirements—the Clerks of Unions. These officials had heretofore always acted as Returning Officers for the Election of Guardians; and we therefore determined to embody in our Orders an express direction to each Returning Officer to appoint as his Deputy for carrying out the preliminary work of the Election of Rural District Councillors in each Rural District the Clerk of the Union

in which that District was situated. We further recommended, among other things, in a memorandum addressed to each Under-Sheriff, that, in cases where he found it necessary to appoint a Deputy in respect of any County Electoral Division not comprised by or containing an Urban District, he should wherever possible make use of the services of the Clerk of a Union comprising the whole or some part of that Division. In each County Electoral Division comprised by or containing an Urban District it was clear that the needful knowledge and experience were to be found in the Town Clerk, or the Clerk of the Urban District Council if the Urban District was not a Borough; and, as we intended to give to these officers the conduct of the contemporaneous Election of Guardians in their District, we considered it only right to direct that in these cases the Returning Officer should appoint them his Deputies for the Election of County Councillors in the County Electoral Divisions comprised by or containing their Districts.

Having thus enlisted in our service for the purpose of the First Elections under the Act a body of officers who combined what, in our opinion, were the two great essentials of success, namely, wide experience and particular knowledge, we looked forward with some confidence to the result. And if we may for once be allowed to stray beyond the limits of the year actually under review we would add that the final outcome was such as to more than justify the expectations we had formed. When it is considered that there took place in Ireland on the 6th of April, 1899, more than four thousand distinct Elections, the whole of which were conducted without the slightest hitch or disturbance of any kind, we feel that it is only just that we should record here our sense of the energy and efficiency displayed by those to whom the conduct of them had been entrusted.

Of the other details of the Orders we made laying down the procedure to be followed at these elections it is not necessary to speak at length here, as the Orders themselves are printed in the Appendix to this Report.\* It may suffice therefore to say that like those dealing with Elections in County Boroughs and Urban Districts they consisted in the main of an application to the particular circumstances of the elections concerned of the principles of the Ballot Act of 1872, together with such special provisions as seemed necessary to carry them into effect.

During the period immediately preceding the 25th February, the last day for giving Notice of Election, and the time which intervened between that date and the day of election we had to deal with a large amount of correspondence in connection with the elections. As almost every letter and telegram which we received required an immediate answer we assigned to certain members of our staff the temporary duty of attending, under our own direct supervision, solely to this branch of our work. We were thus enabled not only to cope satisfactorily with the correspondence referred to, but to give to those members of our staff who were concerned with it such an intimate familiarity with the

\* See page 145.

constitution and circumstances, and incidentally with the functions, of the new bodies as cannot fail to assist us greatly in the successful exercise for the future of the powers of supervision and control given us by the Act.

*Guardians in County Boroughs and Urban Districts.*

We had at the same time to make regulations for the Election of Guardians to represent on the Board of each Union those District Electoral Divisions, if any, which were situated within the boundaries of a County Borough or an Urban County District whether a Borough or not. The Orders made for this purpose were in most respects identical with those regulating the Elections of the Councils of Boroughs and other Urban Districts, except, of course, that there were no provisions dealing with Aldermen. The Town Clerk or the Clerk of the Urban District Council was to be in each case the Returning Officer; and, as in the case of every Urban District which was not a County Borough, there would be an Election of one or more County Councillors at the same time, we had directed, as already mentioned, that the Clerk should be appointed Deputy Returning Officer for the purposes of that Election, and that the two Elections should be held together. In this case also the work was efficiently and successfully carried out by those in whose hands the conduct of the Elections had been placed.

*Scales of Expenses.*

We had further the duty of fixing scales of expenses to be allowed to Returning Officers for the conduct of the First Elections under the Act, which was assigned to us by the Local Government (Application of Enactments) Order, 1898.

In pursuance of this instruction we framed three scales—one for use at Elections of Aldermen and Councillors in Boroughs, of Councillors in Urban Districts not Boroughs, and of Town Commissioners in Towns not Urban Districts;\* another for use at Elections of County and Rural District Councillors;† and a third, which did not differ substantially from the first, for Elections of Guardians in County Boroughs and Urban Districts.‡

The Orders embodying these scales have been received without serious criticism of any kind.

It is true, of course, that our scale for the County and Rural District Elections was not free from objections which must always attend attempts to deal exhaustively in a general scheme of expenses with localities whose circumstances vary so much as is the case with the different parts of Ireland. We have, indeed, reason to believe that in some of the larger counties the Returning Officers' fees under the scale did not bear quite the same relation to the amount of work done as they did in the smaller ones; but we doubt whether any effort on our part to deal separately with each County would have met with anything like the success which attended the course we actually pursued.

## 5.—FINANCIAL ADJUSTMENTS.

Concurrently with the work we have described above, we had, before us the task of preparing the financial basis, so to speak upon which the bodies established by the Act were to rest.

This naturally divided itself into two branches—the winding up of the old system and the inauguration of the new. In order to carry out the work satisfactorily we formed among our existing staff an Adjustment Branch. The first work to which its members addressed themselves was the collection of information from County, Union, and Town Authorities on the subject of the financial relations actually subsisting between the various bodies by whom the Local Administration of Ireland had hitherto been carried on.

Forms to be filled up, and instructions for filling them up were issued; and the correspondence connected with this department of the work was, and still is, very extensive, as the final and satisfactory settlement of all the matters at issue is necessarily as yet far from complete.

As the Grand Juries and the Boards of Guardians would cease under the Act to assess and levy local taxation of any kind, it was necessary to arrange for the closing of their accounts and for the transference of their duties and liabilities to the County and Urban District Councils when elected. This also involved a very large amount of correspondence dealing with details so minute and intricate that it would be impossible to enter upon a consideration of them in the general summary of our year's work which can alone be attempted here.

We had further the duty of prescribing the forms in which the Accounts of the new County and District Councils should be kept, and we entrusted to our Adjustment Branch the preparation of these. This in itself was no inconsiderable task; and when the complicated character, at any rate in the case of County Councils, of the accounts required by the Act to be kept is fully realized some idea may be formed of the work involved in its performance.

The same Branch of our staff had also in their charge the preparation of Orders embodying rules for the conduct of the business of County and Rural District Councils which, as they were not finally made until after the election of these bodies, will be more fitly noticed in our next annual report.

## 6.—THE AGRICULTURAL GRANT.\*

What may be characterized as the central financial enactment of the Local Government Act of last year is that which provides for the annual payment out of the Consolidated Fund to the Local Taxation (Ireland) Account a sum, to be styled the Agricultural Grant, equal to half the amount certified by us to be taken for the purposes of the Act as having been raised in the

\* See page 532.

whole of Ireland by poor rate and county cess off agricultural land (defined by the Act as including every hereditament entered as land in the Valuation list which is not part of a railway or canal, or situate within the boundary of an urban district) during the standard financial year. The standard financial year, as regards poor rate, is the year ending September 30th, and as regards county cess that ending June 30th, 1897.

Our certificate was to be based upon a report of the Commissioner of Valuation made in accordance with prescribed rules as to adjustments rendered necessary by any changes of boundary made by us for the purposes of the Act; and it was to include in respect of each administrative county a statement of the amounts to be taken as having been raised in the standard financial year by poor rate and county cess off agricultural land (as defined by the Act), and off any other hereditaments respectively. Each of these amounts was to be properly apportioned between County at large charges, Union charges, Urban charges, and District charges. The statement was also to set out the rate in the pound at which the poor rate and county cess were respectively to be taken for the purpose of the Act as having been levied during the standard year off agricultural land and off other hereditaments respectively in each union or district in respect of County at large, and Union and Urban or District charges added together. The rate in the pound so set forth is to be referred to as the "standard rate."

The calculations were to be made on the supposition that all the various charges had been distributed in the standard year, as they would have been if the Act had been then in force, and as if any change in the constitution of urban or rural sanitary districts made within six months before or after the passing of the Act had been already made in the standard year; and, where a union extends into more than one county, the part of that union in each county was to be considered for the purpose of our certificate as a separate union. The sum payable to each county out of the Agricultural Grant was to be equal to half the amount so certified to be taken as having been raised in the standard year off agricultural land (as before defined) in that county in respect of County at large, Union and District charges when added together.

We were further to take into account any exceptional circumstances which appeared to us to have caused in the standard year a variation from the average.

In estimating the sums raised in the standard year by county cess, and in estimating the standard rate in the pound, we were to exclude such amount as, on the report of the Commissioner of Valuation, we might determine to have been raised over any area in that year for expenses of additional constabulary, or as compensation for criminal injuries. We were further to exclude from our estimate of the sums raised both by county cess and poor rate in the standard year, and also in estimating the standard rate in the pound, all such amounts as, on the report of the Commissioner

of Valuation, we should determine were to be taken as having been raised over any area for the purpose (a) of any railway or harbour charge, or (b) of any navigation or public health charge, except sums raised for the expenses of a sanitary authority incurred in the execution of the Labourers Acts, 1883 to 1896.

The Commissioner of Valuation prepared and transmitted to us his report which, in accordance with rules prescribed by us, was based upon the returns made to him by the Boards of Guardians and Grand Juries of the rates and cess made or apportioned during the standard year. In determining the amount to be taken as raised during the standard year, he was to deduct the amount of rates certified by us to have been declared irrecoverable during that year; and he was moreover to take into consideration the alterations made by us since the standard year in the areas of counties or other districts of local rating authorities. He was also to apportion the amount between agricultural land (as defined by the Act) and all other rateable hereditaments according to the valuation given in the lists issued before the summer assizes of 1896.

But we were not able to base our certificate directly upon the report of the Commissioner of Valuation, because the Act had cast a further duty upon us, namely, that of taking into account "any exceptional circumstances which appeared to us to have caused a variation from the average." The carrying out of this instruction involved, as a condition precedent, the determination of some definite period over which the average should be calculated, and after giving careful consideration to the matter we finally decided that an average for the three years ending with the standard year would afford a satisfactory basis of comparison.

In view of the numerous representations on the subject made to us by Local Authorities, we had next to determine what meaning we should put upon the expression "taken as having been raised." On the one hand it was urged that the actual expenditure of each year, exclusive of course of any sums derived from sources other than rates or cess, was the true basis of comparison, while on the other hand we were told that the amounts assessed in each year should alone be considered. Recognising that there was some force in each of these views, we thought that the justice of the case would be met, at all events in the case of the County Cess, by taking a mean between the sum actually expended and the amount assessed in each case. In the case of the Poor Rate there was a third element, not always obtainable in respect of County Cess, which we were strongly urged in many instances to take into consideration as a basis of comparison, viz.: the improvement or falling off during the standard year in the condition of the finances of each Union, as shown by comparing the relation borne by assets to liabilities at the beginning and at the end of that year. We saw no objection to giving this element some weight in our calculations, and typical cases worked out will be found in the tables attached to a Parliamentary Paper issued on the 16th of June.

Applying the one principle to the County Cess and the other to the Poor Rate, we calculated the amounts to be taken as having been raised by cess and rate respectively in each of the three years ending with 1896-97, and then struck our average. In every case in which the amount for the standard year, as reported by the Commissioner of Valuation, did not vary more than  $2\frac{1}{2}$  per cent. from the average, we considered that the difference was not sufficient to constitute a variation within the meaning of the Act.

Where the variation was greater than  $2\frac{1}{2}$  per cent. the amount of the excess of variation over that percentage was added to or deducted from the reported figure for the standard year.

We may summarise the results of the operation as follows:—

In twenty two Counties and seventy-two Unions we held that there was no variation within the meaning of the Act.

In six Counties the variation by way of deduction amounts to a total of £3,961, and in nine Counties, by way of addition, to a total of £13,695, the net result being an addition of £9,734 to the reported amount of County Cess for the standard year.

In forty-nine Unions there is a total addition of £16,626, and in thirty-eight Unions a deduction of £15,049, leaving a net addition to the reported amount of Poor Rate for the standard year of about £1,577.

Upon the figures thus obtained we framed the certificates directed by the Act. On the 28th of March in the present year we issued a certificate stating the total amounts of Poor Rate and County Cess to be taken for the purposes of the Act, as having been raised in the whole of Ireland off agricultural land, and off other hereditaments, respectively, during the standard year.

The following table will show the amounts certified in each case:—

Amounts raised by	Off Agricultural Land.	Off other Hereditaments.
	£	£
Poor Rate, . . .	633,461	384,278
County Cess, . . .	821,849	365,905
Total, . . .	£1,455,310	£750,183

The same certificate contained a statement of the Standard Rate at which Poor Rate and County Cess are respectively to be taken as having been levied off agricultural land, and off other hereditaments in each Union or District in Ireland, in respect of County at large, and Union and Urban or District charges added together. On the 20th of April we issued a series of tables showing for each County in Ireland the yearly amount of the Agricultural Grant, as distributed between County-at-large

charges, Union charges, and District charges. The totals for all Ireland are as follows:—

	£	s.	d.
County at Large Charges, . . .	139,100	0	0
Union Charges, . . . . .	316,730	10	0
District Charges, . . . . .	271,824	10	0
Total Agricultural Grant, . . .	4727,655	0	0

It could hardly be expected that the work of allocating so large a sum of money among more than 400 different administrative bodies could be carried out without exciting controversy; and a great deal of correspondence ensued upon the publication of our certificates dealing with the amount and distribution of the Agricultural Grant. On the 16th of June, however, a Parliamentary paper was issued, containing a memorandum setting forth the process we had adopted in making our calculations, and this had the effect of practically putting an end to the controversy.

It will be readily seen that in connection with the Agricultural Grant alone a very large amount of work was entailed, and as it had to be completed before, or, at all events, shortly after the Election of the County and Rural District Councils, it taxed to the utmost the energies of those members of our staff to whom the calculation of the details was entrusted.

#### 7.—ORDERS FIXING DATES FOR THE COMING INTO OPERATION OF DIFFERENT PARTS OF THE ACT.

At various dates after the passing of the Act we made and issued, in pursuance of the powers given us by section 124 (1), twelve Orders fixing dates for the coming into operation of particular enactments.

#### 8.—ORDER PRESCRIBING RULES FOR CONDUCT OF BUSINESS TRANSFERRED TO URBAN DISTRICT COUNCILS.

Section 27 (1) of the Act transferred to every Urban District Council the business of any baronial presentment sessions so far as respects their District, and with the same limitations the business of the Grand Jury of the County in relation to public works not wholly or partly maintained by the County at large. The business so transferred was to be transacted in accordance with general rules prescribed by us, and on the 21st of March we made and issued an Order embodying such rules.

9.—CORRESPONDENCE IN CONNECTION WITH THE ACT.

It is impossible for us in a general report to follow out in detail the various matters which have formed the subject of correspondence during the year, but some idea may be formed of the great increase in the amount of our work due mainly to the passing of the Local Government Act of last year when it is stated that our correspondence, as shown by a comparison of the number of letters sent out in a typical week, has trebled since 1897.

After the foregoing sketch of our proceedings under the Local Government (Ireland) Act, 1898, we now proceed to refer to legislation and procedure in connection with the Poor Relief Acts.

10.—POOR LAW (SCOTLAND) ACT, 1898.

The Poor Law (Scotland) Act, 1898 (61 & 62 Vict., c. 21), goes a considerable way towards the removal of a long standing grievance. Section 4 of that Act provides that where an Irish born poor person has resided continuously in Scotland for not less than five years (of which not less than one year shall have been continuously in the parish in which he applies for parochial relief) and has maintained himself without having recourse to begging, either by himself or his family, and without having received parochial relief, he shall, if he becomes thereafter chargeable to any parish in Scotland be irremovable from Scotland.

Section 5 of the same Act provides an appeal to the Local Government Board for Scotland against a removal warrant in the case of Irish born poor persons who do not come within the terms of section 4. That Board are to take into account particular circumstances prescribed by the section, and if they are of opinion that any poor person who appeals, or in respect of whom an appeal is made by the Board of Guardians of the Union named in the removal warrant, ought not to be removed, they may make an order to that effect, and an order so made shall be binding on any parish council in Scotland.

11.—POOR RELIEF.

We here submit, in continuation of similar tables in previous annual Reports, summaries of weekly returns which we have received from the Clerks of Unions showing, respectively, the number of persons in workhouses, the number maintained from the Poor Rate in hospitals and other public institutions, and the number in receipt of out-door relief at the close of each week from the week ended the 2nd of April, 1898, to that ended the 25th of March, 1899, both weeks included; and we annex two diagrams\* in illustration of the fluctuations which occurred in the number of workhouse inmates and the number of persons in receipt of out-door relief, respectively, during the weeks included in the following statement and in the corresponding weeks of each of the six preceding years.

The following tables show the maximum, minimum, and average daily number of persons in the workhouses and on outdoor relief, respectively, together with the average daily number maintained from the poor rate in hospitals, in institutions for afflicted persons, and in the two District Schools established under the Act 11 and 12 Vic., chap. 25, hereafter referred to, and the per-centage of these average daily numbers on the estimated population of Ireland during each of the seven years included in the diagrams referred to on page 19.

In our last annual Report we mentioned that from March 1897 to March 1898 there had been an increase in the average daily number of persons relieved both in and out of the workhouses, as compared with the numbers relieved in the preceding

year, and we have now to report that the returns for the weeks set forth in the statement on pages 20 and 21 show a further increase in the daily average number of persons relieved both in and out of the workhouses from April 1898 to March 1899. The daily average number in workhouses during the year was 42,728, in public institutions and the District Schools 1,448, and on out-door relief 64,604, making a total of 108,780, which is higher by 8,453 than the corresponding total in the preceding year, and represents 1 in every 41 of the population of the country at the middle of 1898,\* or 2·39 per cent., being ·97 per cent. for in-door relief, and 1·42 per cent. for out-door relief, as shown in the tables on the preceding page. The greatest number relieved at any one time during the period was 130,835, on the 11th of June, 1899, and this represents 1 in 34 of the population, or 2·88 per cent.† At this date, however, the special measures devised by Government for the relief of the distress occasioned by the failure of the potato crop of 1897, to which we referred in our last Annual Report, were in operation, and the number receiving out-door relief, 87,557, was in excess of the number at the corresponding date in the preceding year by 31,697. The maximum number on out-door relief, 87,630, was reached on the 18th of June, after which date there was a considerable decrease each week to the end of July when the exceptional relief was discontinued.

We may here mention that under the scheme devised by Government for the relief of the distress of 1897-98, the details of which are set forth in our last Annual Report, sums amounting to £23,886 were paid from the Vote of Parliament towards the expenses of relief works in 11 Unions in which persons who had suffered from the failure of the potato crop were employed by the Guardians on public works carried out as labour tests. A free supply of seed potatoes to persons employed on the works was also provided by Government, the cost of which was about £3,868, and the crop produced by this seed was subsequently sprayed at a further cost of nearly £2,000. In addition, special grants amounting to £7,220 were made to five of these unions.

## 12. SEED SUPPLY AND POTATO SPRAYING (IRELAND) ACT, 1898.

In paragraph 5 of our last Annual Report we referred to the steps which had been taken for the purpose of providing seed potatoes and oats in certain Unions to be sold to occupiers and cultivators of land who were unable through poverty to procure a supply for themselves, and also for the purpose of providing spraying machines and spraying material for the use of such occupiers and cultivators.

\* Estimated by the Registrar-General at 4,348,782.

† The ratio of pauperism to population in England and Wales on the 1st of January, 1898, was one in every 37 persons, or 2·7 per cent. of the population, and in Ireland on the same date one in every 45 persons, or 2·2 per cent. of the population.

We print in the Appendix\* tables showing the amount of loan for which sanction was obtained by the Guardians of each Union in which the provisions of the Seed Supply and Potato Spraying (Ireland) Act, 1898, were adopted, and the quantity of seed and spraying material, and the number of spraying machines distributed under the Act.

From these tables it will be seen that we approved of loans to the amount of £68,492 being advanced under the Act to the Guardians of 74 Unions for the purpose of providing seed potatoes and oats, and of loans to the amount of £5,833 to the Guardians of 81 Unions for the purchase of spraying machines and spraying material.

### 13.—SEED POTATOES SUPPLY (IRELAND) ACT, 1895.

It will be seen by previous Annual Reports that in the year 1895 the Boards of Guardians of sixty-five Unions availed themselves of the provisions of the above-mentioned Act, and procured loans to the net amount of £53,316 for the purpose of supplying seed potatoes on sale to such occupiers and cultivators of land in their respective Unions as were unable through poverty to procure a supply otherwise.

On the 31st of March last there had been repaid £51,590 of this amount, leaving £1,726 due by two Unions.

### 14.—SEED POTATOES SUPPLY (IRELAND) ACTS, 1890 AND 1891.

As mentioned in previous Annual Reports these Acts were put into operation in the Spring of 1891 by the Boards of Guardians of 110 Unions, and the debt which became due to the State in respect of loans advanced for a similar purpose to that mentioned in the preceding section amounted to £240,405.

The repayments made on account of this liability amount to £239,640, a sum of £765 remaining still due by one Union.

### 15.—SEED SUPPLY (IRELAND) ACT, 1880.

The net amount of the loans advanced under this Statute to the Boards of Guardians of 153 Unions was £598,306, of which a sum of £588,479 has been repaid.

The returns for 1898-99 summarized above show an increase in the number of persons relieved in workhouses in ten of the weeks included in the table, and a decrease in two weeks, as compared with the corresponding weeks of the previous year. There was an increase in the number of persons who received out-door relief in nine of the weeks given in the table, and a decrease in the remaining three weeks. The increase in out-door relief is referred to on page 23.

17. We here continue from last Report a classified return of the number of inmates in workhouses on the first Saturday in each year for the last thirty-one years, with the per-centage of the several classes on the total number of inmates.

It will be seen by the above table that the number of children under 15 years of age relieved in workhouses has greatly decreased since 1869, and that while in January of that year they amounted to 29.8 per cent. of the total number of inmates, at the most recent date they formed only 14.7 per cent. of the total number.

It will also be seen that since 1891 the sick persons in hospital amounted to more than 40 per cent. of the total number of inmates. This fact is further adverted to on page 28.

18. The following statement shows the average daily numbers of the several classes of persons relieved in workhouses during each of the last thirty-one years ended on the Saturday nearest to the 29th of September, with the average number of deaths per week, and weekly rate of mortality.\*

\* A yearly rate of mortality cannot be accurately determined as the number of individual persons relieved in workhouses during the course of a year is not ascertainable. This arises from the fact that the same person may be relieved several times during a year, and on each occasion is counted as a separate admission.

Of the total daily average number of persons relieved during the period of fifty-two weeks ended on the 24th of September, 1898, viz., 42,546, it appears by column 9 of the foregoing table that 18,157, or 42 per cent. of the whole, were sick and under treatment in workhouse hospitals. This is about the usual proportion of sick persons in the hospitals.

19. The following table shows the number of persons in workhouses at the commencement of each year during the last thirty-one years ended on the 29th of September, the yearly number of admissions, and the number of births and deaths.

Compared with the year ended on the 29th of September, 1897 it will be observed by the above table that last year there was an increase of 9,998 in the number of admissions in sickness, and an increase of 13,587 in other admissions, thus showing a total increase of 23,585 in the number of admissions. There was an increase of 1,085 in the cases of "fever or other infectious disease" admitted for treatment, and the number of persons in workhouses at the commencement of the year with the admissions and births during the year was greater than in 1897 by 24,087.

The deaths during 1898 amounted to 10,154, being 511 more than in the preceding year. The deaths of infants one year old and under amounted to 724, and those of children from one to five years old numbered 342, the total, 1,066, being 10·5 per cent. of the entire number of deaths. The deaths of centenarians numbered 26.

20. The following table, which has been compiled from weekly returns furnished by the Clerks of Unions, exhibits in the accustomed form a classification of the causes of death in workhouses in each period of four weeks from the week ended the 2nd of October, 1897, to that ended the 24th of September, 1898, inclusive.

The numbers of casuals relieved during the weeks given above varied from 3,197 in the week ended the 18th of June, to 4,839 in the week ended the 18th of March last, the average being 4,042. This weekly average was an increase of 173 on that of the previous corresponding period.

## 22. LUNATICS AND IDIOTS IN WORKHOUSES.

The following summary tables show that the numbers of lunatics and idiots in the workhouses on the 31st of December, 1898, were, respectively, 2,473 and 1,695, making a total of 4,168 (1,743 males and 2,425 females). On the corresponding day in the previous year the total number was 4,160 (1,727 males and 2,433 females). Included in the latter there were 86 males and 68 females, and in the former 69 males and 60 females, who had been transferred from District Asylums under section 9 of the Act 38 and 39 Vic., chap. 67, to four workhouses (Ballymena, Ennis, Limavady, and Londonderry).

The number in each workhouse will be found in the Appendix.\*

## 23. EPILEPTICS IN WORKHOUSES.

The foregoing tables give the numbers of epileptics in workhouses on the 31st of December last who were afflicted with mental disease, and the following are the numbers of epileptics on the same date who were not mentally affected.

## 24. ORPHANS AND DESERTED CHILDREN.

The number of orphans and deserted children out at nurse from the workhouses in Ireland under the provisions of the Act 39 and 40 Vic., chap. 38, on the 25th of March last was 1,969 (1,023 boys and 946 girls), being a decrease of 49 on the number at the corresponding date in the year 1898. A table will be found in the Appendix\* showing the Unions in which the Guardians have availed themselves of the provisions of this enactment, with the number of children boarded out in each case.

## 25. INVALID FOUNDLINGS.

In paragraph 17 of our last Annual Report we referred to the survivors of the Invalid Foundlings who, before the introduction of the Poor Law system to this country in 1838, had been maintained as nurse children on the revenues of the Dublin Foundling Hospital but are now maintained by means of a grant annually voted by Parliament. There were, at the date of the Report above alluded to, 13 of these invalids, one of whom has since died; the number now to be maintained is, therefore, only 12.

\* See pages 912-915.

## 26. DISSOLUTION OF BOARDS OF GUARDIANS.

In the month of October last we deemed it necessary to dissolve the Board of Guardians of Clogher Union in pursuance of the powers vested in us by the 18th section of the Poor Relief (Ireland) Act, 1847, and to place the management of the Union in the hands of paid officers. On the 22nd of December following we issued an Order directing the discontinuance in office of the paid officers and the re-election of a Board of Guardians, which re-election took place in January last.\*

In paragraph 18 of our last Report we mentioned that we had dissolved the Board of Guardians of Belmullet Union, and appointed paid officers in their stead. The appointment of these paid officers terminated in the month of March last, and there is not, therefore, at the present time any Union under the management of paid officers.

## 27. EMIGRATION.

We now continue the series of emigration statistics by repeating, with one additional year, the table showing the number of persons assisted by Boards of Guardians to emigrate under the provisions of the Irish Poor Relief Acts and the cost incurred for that purpose in each year, that is to say, for forty-nine years ended on the 25th of March last.

## 28. DISTRICT SCHOOLS.

The number of children maintained in the two District Schools established under the provisions of Section 2 of the Act 11 and 12 Vic., chap. 25, at Trim in the County of Meath, and Glin in the County of Limerick, by the Boards of Guardians of the respective contributory Unions, during the weeks of the year 1898-9, are given in the table on page 21. At the latest date therein, 25th March 1899, the total number in the schools was 479, representing an increase of 27 (17 and 10, respectively), on the number at the corresponding date in the preceding year.

The number in Trim school was 214, of whom 43 were from Trim, 76 from Drogheda, 56 from Navan, 23 from Kells, and 16 from Dunshaughlin.

The number in Glin school was 265, of whom 29 were from Croom, 36 from Kilmallock, 99 from Limerick, 43 from Listowel, 29 from Newcastle, and 29 from Rathkeale.\*

## 29. POOR RELIEF EXPENDITURE.

We now proceed to the statistics arising out of the accounts of the Unions for the year ended the 29th of September, 1898, and we deal in the first place with poor relief expenditure.

Year ended 29th September.	Poor Rate lodged.	Poor Relief Expenditure during year.						Numbers relieved during year.			
		In-Maintenance and Clothing.	Out-door Relief.	Cost of Relief in Blind and Deaf and Dumb Institutions, and of Patients in Extern Hospitals.	Salaries and Rations of Officers.	All other Expenditure. Decrease.	—	—	—	—	—	—	—	—	—	—	—

From this table it will be seen that there was an increase of £33,451 in "in-maintenance and clothing," of £37,483 in "out door relief," of £76 in "cost of relief in blind and deaf and dumb institutions, and of patients in extern hospitals," of £8,245 in "salaries and rations of officers," and of £7,231 in "all other poor relief expenditure," making a total increase of £86,487 in the expenditure connected with the relief of the poor during the year 1898 as compared with 1897. It should be mentioned, however, that the accounts of the year ended in September last show that sums amounting to £25,920, which were received from the Imperial Exchequer, being a portion of the moneys mentioned at page 23, were applied towards this expenditure.

\* Further information respecting the numbers in the schools, and the receipts and expenditure of the Boards of Management during the year ended the 29th of September last, will be found in the Appendix, page 661.

† See the explanatory note on pages 856 and 859.

## 30. EXPENDITURE IN UNIONS FOR ALL PURPOSES FOR EACH OF THE LAST TWENTY-ONE YEARS.

STATEMENT of the collection and expenditure of poor rates, showing the net annual value of property rated, the amount of poor rate collected, and the expenditure under the Poor Relief and Medical Charities Acts, &c., for each year ended on the 29th of September, from 1876 to 1898, inclusive.

Year ended 29th September.	Net annual value of property rated.	Amount of Poor rate collected.	Expenditure for Relief of the Poor.										Total Poor Relief Expenditure.	Expenditure for Sanitary purposes.	Payments under National School Teachers Act.	Expenditure not included in preceding columns.	Total Expenditure.	Percentage of the Expenditure on Valuation.	
			Cost of the Poor Law, including the cost of																

The poundages in columns 18 and 19 are calculated upon the expenditure exclusive of the amount thereof destroyed from grants and losses. The sums included from the poor relief expenditure, col. 2, and from the total expenditure, col. 17, are given in the appendix. (Appendix B, No. 1, Part 1.)

It will thus be seen that while the total expenditure for poor relief, medical relief, burial-grounds, sanitary measures, superannuation, payments under the Contagious Diseases (Animals) Act, payments under the National School Teachers Act, and all other purposes was, in 1897, £1,488,656, the expenditure in 1898 was £1,507,027. These sums, however, include expenditure defrayed from loans to the amount of £162,207 in the former year and from loans and grants to the amount of £180,379 in the latter, so that the actual expenditure from Poor rate and the ordinary receipts of Boards of Guardians in 1897 amounted to £1,326,449 and in 1898 to £1,416,648.

### 31. AMOUNT OF RATES ASSESSED FOR THE FINANCIAL YEAR ENDED IN 1898.

The accounts of the one-hundred and fifty-nine unions, as dealt with in 1898, were made up for the half-years ended 25th of March and 29th of September, and it will be seen that the receipts and expenditure summarized in the foregoing table are in each case for the year ended on the latter date. The financial year for which the poor rate was assessed did not, however, in all cases end on the same day:—in one-hundred and thirty-six unions it ended on the 29th of September, in seventeen on the 25th of March, and in the remaining six on various other days, as set forth in a statement printed in the appendix.\*

The following is a summary by Provinces of the amount of poor rate assessed for the financial year ended in 1898:—

Ulster, . . .	232,757
Munster, . . .	367,523
Leinster, . . .	387,033
Connaught, . . .	115,299
Total, . . .	£1,102,612

These assessments represent average poundages of 0s. 11½d., 2s. 1½d., 1s. 7½d., and 1s. 8½d., for the Provinces, respectively, and of 1s. 6½d. for all Ireland.

### Loans outstanding.

The statement above referred to shows also the amount of loans outstanding against unions at the close of the financial year in question, and the following is a summary of indebtedness in this respect.

\* The net amount of the loans obtained under the Seed Supply and Potato Spraying (Ireland) Act, 1898, viz., £69,531, is included in this table. One half this amount (£34,765) will, however, not become payable until 1st September, 1899, and the balance not until the corresponding date next year.

### 33. CONTRIBUTIONS RECEIVED BY BOARDS OF GUARDIANS FROM IMPERIAL FUNDS.

*\* Grant for Medical and Educational purposes, and for Salaries under the Public Health (Ireland) Act.*

The following is a statement of the amounts paid to Boards of Guardians from the Parliamentary Grant for medical and educational purposes, and to Rural and Urban Sanitary Authorities for salaries under the Public Health (Ireland) Act, 1878, during the year ended 31st of March, 1898:—

—		Amount paid during the Year.		
		£	s.	d.
Medical purposes,	.	73,059	0	10
Educational purposes,	.	9,155	17	8
Total for medical and educational purposes,	.	82,214	18	6
For salaries under Public Health (Ireland) Act,	.	16,282	0	4
Total,	.	98,496	18	10

The total amount paid from the Parliamentary Grant for medical and educational purposes during the year ended 31st of March, 1898, namely, £82,214 18s. 6d., is less by £624 15s. 3d. than the amount during the previous year, owing to a decrease in the number of male teachers in workhouses and in the cost of medicines and medical and surgical appliances for the workhouses and dispensary districts.

The amount for salaries under the Public Health (Ireland) Act, namely, £16,282 0s. 4d., is greater by £148 7s. 0d. than the amount during the previous year.

#### *Probate Duties (Scotland and Ireland) Act, 1888.*

The amount paid to Boards of Guardians and to Road Authorities in Ireland under the above-mentioned Act in respect of the year ended the 31st of March, 1898, was £226,433 8s. 4d., or £26,333 0s. 11d. more than in the preceding year, and it was distributed as follows:—

		£	s.	d.
Boards of Guardians of Poor Law Unions,	.	113,167	3	8½
Road Authorities,	.	113,246	4	7½
Total,	.	£226,433	8	4

It is enacted by section 3 of the Probate Duties (Scotland and Ireland) Act, 1888, that, until otherwise provided by Parliament, after the deduction of £5,000 payable to the Royal Dublin Society, the balance of this grant annually distributable in Ireland shall be divided equally between Boards of Guardians of Poor Law Unions and Road Authorities. Under section 5

\* As mentioned on page 42, the Local Government (Ireland) Act, 1896, has provided for the discontinuance of this grant after the 31st of March, 1899. A corresponding amount, however, will be thenceforward paid annually for the same purposes from the Local Taxation (Ireland) Account.

of the Purchase of Land (Ireland) Act, 1891, this grant forms part of the Guarantee Fund therein provided for, and the inequality in the sums paid to Boards of Guardians and Road Authorities, as shown on the preceding page, is accounted for by the fact that deductions were made from the grant for the purposes of the fund mentioned, in pursuance of regulations framed under section 6 of the last-mentioned Act.

Under the provisions of section 19 of the Finance Act, 1894, (57 and 58 Vic. chap. 30), this grant, which was formerly payable out of Probate Duties, is payable out of the Estate Duty derived from personal property.

Schedules of the sums paid to Boards of Guardians and to Road Authorities in respect of the grant for the year named above, are printed in the Appendix.\*

### *Local Taxation (Customs and Excise) Act, 1890.*

Under section 3 (i.) of the Local Taxation (Customs and Excise) Act, 1890, a sum of £78,000 is paid from the customs and excise duties annually to the Commissioners of National Education to be distributed for the benefit of the several national schools in Ireland, and by sub-section b it is provided that in the case of every national school in a union which is a contributory union as defined by the National School Teachers' (Ireland) Act, 1875, the sum to be distributed shall be paid to the guardians of such union, to be applied in aid of the poor rate (sub-section c).

The contributory unions are set forth in the schedule to our General Order of the 28th of May, 1898, which is printed in the Appendix,† and the sums paid out of the customs and excise duties, as above referred to, to the guardians of the twenty-five unions named in the schedule, on account of the financial year ended the 31st of March, 1899, amounted to £16,517.

### *Purchase of Land (Ireland) Act, 1891.*

The distribution of the annual grant of £40,000, known as the Exchequer contribution, which is provided by Section 5 of the above Statute, is dealt with in the portion of this Report which relates to our proceedings under the Labourers' Acts.‡

### *Rates on Government Property.*

The accounts of the Unions for the year ended the 29th of September last show that the sums received by Boards of Guardians from the Treasury as rates on Government property amounted to £10,770. These receipts are included under the head of "other receipts" in the table, Appendix E, No. 1, Part 1.

### 34. MEDICAL CHARITIES ACT (14 and 15 Vic. cap., 68). VACCINATION ACTS, &c.

For the purposes of the Local Government (Ireland) Act, 1898, we have made alterations in Dispensary Districts of 54 Unions; and a statement showing the details of these alterations

\* See page 781.    † See page 356.    ‡ See pages 68 to 73 and 785 to 787.

is contained in the Appendix,\* from which it will be observed that owing to changes, either in the boundaries of Unions, or in the boundaries of Dispensary Districts, the offices of eight Dispensary doctors have been abolished. In each of the eight cases the office was, in our opinion, unnecessary in view of present altered local circumstances.

The transfer to Guardians, under section 30 of the Act, of the business which had previously devolved on Committees of Management necessitated the amendment of our General Rules for the government of Dispensary Districts. We took advantage of the opportunity thus created to make various desirable modifications in the Rules. A copy of the new Rules is printed in the Appendix.†

Section 58, sub-section 2 (a) (iii.), of the Local Government (Ireland) Act, 1898, enacts that after the 31st March, 1899, recoupment shall be made annually, from the Local Taxation (Ireland) Account, of one half of the cost of such medicines and medical and surgical appliances as are provided in accordance with prescribed conditions, and that the grant for medicines and surgical appliances theretofore made out of the Exchequer in aid of the rates will cease. In the Appendix will be found a copy of a circular Letter of the 17th February last‡ notifying to Boards of Guardians the conditions we have decided to prescribe in pursuance of the above-mentioned provision of the Law.

We now submit to your Excellency a series of tables showing for the year 1898, and in some instances for several years in comparison with that year, the numbers of cases treated by the Medical Officers of Dispensary Districts under the Medical Charities Act, the number of persons vaccinated, the number of cases notified under the Infectious Disease (Notification) Act, the deaths in workhouses from small-pox and the number of cases of that disease treated in the Dispensary Districts, the numbers attended in the Districts for fever, the expenditure under the Medical Charities and Vaccination Acts, and the cases in which we have issued certificates under the Dispensary Houses (Ireland) Act.

The first table exhibits, in the usual form, the fluctuations in the number of cases in which medical relief was afforded under the Medical Charities Act during each of the last twelve years ended on the 30th of September, for each Province and for the whole of Ireland.

Compared with the year ended in 1897 it will be seen that last year there was an increase in each Province in the number of cases prescribed for at the dispensaries, while as regards the cases treated at home there was an increase in Munster and Connaught, and a decrease in Ulster and Leinster.

The increase in the number of cases treated at dispensaries was 13,452, and the net decrease in the number attended at home 493, making a net increase of 12,959 in the number of cases in which medical relief was afforded by the medical officers of Dispensary Districts.

It will be seen by this table that there was an increase of 1,602 fever cases attended by Medical Officers of Dispensary Districts during the year ended in 1898 as compared with that ended in 1897, and we now proceed to refer to the principal reports which we have received from our Medical Inspectors on the outbreaks of fever in various places throughout the country.

\* See table No. 5 on page 968.

*Outbreaks of Fever in 1898-99.*

The current work of the Department in regard to public health has, as in previous years, taken account of a variety of subjects, including numerous inquiries by our Medical Inspectors, into the local conditions associated with the prevalence of infectious diseases in certain localities throughout the country.

The most important outbreak of fever which occurred during the year was one of Enteric fever in the City of Belfast. Acting on instructions, our Medical Inspector, Dr. Clibborn, after careful inquiry furnished us with a detailed report as to the extent of the outbreak and the sanitary circumstances of the district. We found from statistics furnished by him that while this class of fever has been endemic in Belfast for years, the number of cases notified increased rapidly from 83 during the week ended the 16th April to 333 during the week ended the 26th of August when the epidemic was at its height. The total number of cases recorded as having occurred between the 16th of April, 1897, and the 26th of November, 1898, was 7,944, and the number of cases which proved fatal during this period 874.

Although the precise cause or causes of this outbreak were not accurately ascertained, our Medical Inspector was satisfied that numerous conditions favourable to the diffusion of enteric fever infection existed in Belfast. From the facts elicited by our Inspector it appears very probable that the outbreak was chiefly due to contaminated water supply; but the spread of the disease was largely aided by the want of proper sanitary accommodation in dwelling-houses. The Sanitary Authority were in due course addressed on this subject, and we learn that considerable, but necessarily gradual efforts, are being made to prevent a recurrence of the disease in its epidemic form, embracing legislation for further powers to acquire rights to protect from pollution the catchment area of the existing water supply.

During the winter and early spring months a large number of cases of Diphtheria occurred in different localities, principally in Ulster and Leinster; but although these outbreaks could be attributed in many instances to a variety of sanitary defects, in other cases there was the usual obscurity which surrounds the local conditions concerned in diphtheria. The most important outbreaks of this disease occurred in Kilkenny and Kingstown. We have been furnished in these cases with reports from our Medical Inspector, Dr. Edgar Flinn, as to the probable causes of the disease, and the means adopted by the local Sanitary Authorities to prevent its spread. Dr. Edgar Flinn has in each case consulted with the officers of the Sanitary Authority, and his reports and recommendations have been forwarded for the information and guidance of the District Councils concerned. The total number of cases recorded as having occurred in Kilkenny was 73 and the number proving fatal, 10. In Kingstown 25 cases were reported and two deaths.

In addition to the cases above referred to, there were outbreaks of fever in various parts of Ireland during 1898-99, and the following is a summary of the principal reports received from our Medical Inspectors in relation thereto:—

District.	Date of Outbreak.	Nature of Fever.	Observations.
Caherciveen Union, .	April, May, and June.	Enteric, .	About 12 cases occurred. The outbreak was due partly to the use of specifically infected milk and partly to impure water supply and defective sewerage.
Callan Union, . . .	June to September.	Enteric, .	This outbreak occurred in the Union Workhouse, and was alleged to have been caused by the failure of those concerned to take adequate precautionary measures to prevent the disease spreading when the first case occurred. About 29 persons were treated in the Workhouse Fever Hospital.
Kanturk Union, . .	May, . . .	Enteric, .	About 10 cases occurred. As far as could be learned the origin of the outbreak was caused by the use of specifically infected separated milk distributed by a creamery.
Newcastle Union, .	May, June and July.	Enteric, .	About 10 cases occurred. The outbreak was alleged to have been due to the use of specifically infected milk obtained from a creamery.
Skibbereen Union, .	May, . . .	Typhus, .	About 25 cases were reported. The origin of the disease in this instance was supposed to have been the insanitary surroundings of the dwellings occupied by the patients.
Trillick Union, . . .	Early part of 1898.	Typhus, .	The number of cases was not accurately ascertained, as the persons first attacked were treated for "influenza." Sanitary defects in the dwellings in which the patients resided were considered to have been the cause of the outbreak.
Killarney Town, . .	May, . . .	Typhus, .	About 25 cases occurred. The outbreak was reported as caused by overcrowding and other sanitary defects in the dwellings in which the patients resided.
Queenstown Town, .	November and December.	Enteric, .	About 11 cases occurred. Source of infection not accurately ascertained.

The cases of scarlet fever treated by medical officers of dispensary districts in the year ended the 30th of September, 1898, amounted to 1,361, being a decrease of 810 on the number in the preceding year.\*

Under the provisions of the Local Government (Ireland) Act, 1898, an important change has been made in regard to the administration of the Law relating to public health in Rural Districts by its transference from Boards of Guardians to the new Rural District Councils.

*Sewerage and Water Supply.*

We now continue from our last annual Report details of the operations in regard to sewerage and water-supply under the provisions of the Public Health (Ireland) Act, 1878. The extent of these operations is still in some degree measured in rural sanitary districts by the number of the Orders under seal fixing the areas of charge, and the loans borrowed for these purposes through the Public Works Commissioners.

The number of such Orders issued each year, ended 25th of March, since the passing of the Act is shown in the following table:—

Year.	Number of Orders issued declaring areas of charge for sanitary expenses.
1879-80, . .	126
1880-1, . .	103
1881-2, . .	79
1882-3, . .	83
1883-4, . .	79
1884-5, . .	102
1885-6, . .	87
1886-7, . .	74
1887-8, . .	80
1888-9, . .	65
1889-90, . .	48
1890-1, . .	49
1891-2, . .	49
1892-3, . .	48
1893-4, . .	89
1894-5, . .	60
1895-6, . .	42
1896-7, . .	82
1897-8, . .	50
1898-9, . .	47
Total, . .	1,442

It will be seen from the foregoing that 1,442 Orders fixing areas of charge for sewerage or water-supply, or both, have been issued during the last twenty years, the number for the year from the 26th of March, 1898, to the 25th of March, 1899, being 47, which were issued to the authorities of 35 Rural Sanitary Districts.

The above table relates only to rural sanitary districts. In urban districts all sanitary expenses are chargeable upon funds levied from the whole district.

*Burial Grounds.*

As in the case of sewerage and water-supply, referred to in paragraph 38, the extent of the operations of boards of guardians, acting as burial boards, in connection with the provision of new, and the maintenance of existing, burial grounds is, perhaps, best indicated by the number of Orders under seal determining areas of charge for expenses incurred for these purposes. The number of such Orders issued in each year, ended 25th of March, since the passing of the Public Health (Ireland) Act, 1878, is as follows:—

Year.	Number of Orders issued declaring areas of charge for burial ground expenses.
1879-80, . .	14
1880-1, . .	13
1881-2, . .	17
1882-3, . .	16
1883-4, . .	18
1884-5, . .	11
1885-6, . .	12
1886-7, . .	14
1887-8, . .	6
1888-9, . .	11
1889-90, . .	12
1890-1, . .	10
1891-2, . .	10
1892-3, . .	3
1893-4, . .	6
1894-5, . .	7
1895-6, . .	11
1896-7, . .	16
1897-8, . .	10
1898-9, . .	2
Total, . .	219

The Orders made in the year ended 25th of March, 1899, under the provisions of the above-mentioned Act which relate

to the discontinuance of burials in old burial grounds, have been as follows :—

### *Technical Instruction Act, 1889.*

This Act provides that rural and urban sanitary authorities may supply, or aid the supply of, technical or manual instruction out of the local rate—which, in the case of rural authorities, is defined to be the rate out of which special expenses under the Public Health (Ireland) Act, 1878, are payable. Where rural authorities take advantage of the Act we declare the area of charge for any expenses which may be incurred by them for the purpose, but no occasion for doing so has arisen since the date of our last Report.

The expenditure incurred under the Act during the year ended the 29th of September last will be found in the Appendix.\*

### *Post Office Act, 1891.*

This Statute enables rural sanitary authorities to assist in the provision of postal or telegraphic facilities for contributory places within their districts by undertaking to pay to the Postmaster-General any loss he may sustain in providing such facilities.

The extent to which sanitary authorities have availed themselves of the provisions of the Act during the past year will be seen by the following table which shows the number of Orders under Seal fixing areas of charge for costs of undertakings

\* See pages 556 and 510.

given by such authorities to the Postmaster-General, made each year since the passing of the Act:—

Year.	Number of Orders fixing areas of charge.
1881-2, . . . .	1
1892-3, . . . .	7
1893-4, . . . .	5

1896-7, . . . .	54
1897-8, . . . .	17
1898-9, . . . .	12
Total, . . . .	104

### Loans.

In both urban and rural sanitary districts a considerable part of the expenditure on sewerage, water-supply, and other local improvements is defrayed by means of loans to the sanitary authorities which we now sanction in pursuance of section 237 of the Public Health (Ireland) Act, 1878.

In the twenty-three years ended the 31st of March, 1898, loans were sanctioned as follows:—

*Grants in aid of Labourers' Cottages.*

*"Exchequer Contribution" under Land Purchase Act of 1891.*

Section 5 of the Purchase of Land (Ireland) Act, 1891, provided for the payment of £40,000 (termed the Exchequer Contribution) in every financial year out of the Consolidated Fund to a Reserve Fund until £200,000 accumulated, and afterwards, so far as not required for that purpose, to the Local Taxation (Ireland) Account, for distribution as follows:—each of the six municipal boroughs to which the Purchase of Land (Ireland) Act does not apply to receive such share as it would be entitled to if the money were part of the Irish probate duty grant, and the residue to be divided between the counties in the proportion of their respective shares in that grant, and to be applied towards the cost of providing cottages under the Labourers Acts since the passing of the Land Purchase Act. Assuming that the full payment of £40,000 became available each year, the shares of the municipal boroughs referred to and of the counties would be as follows:—

The share of each county is, in accordance with the Regulation on the subject made by your Excellency on the 22nd March, 1897, and which are printed at page 93 of our Report for 1896-7, distributable amongst the unions wholly or partly comprised in such county in proportion to the yearly expenditure of such unions in respect of cottages provided since the passing of the Land Purchase Act of 1891. Detailed particulars in relation to the distribution of the Grant for the financial year 1898-9 will be found in the Appendix.\*

*"County Percentage" under Land Purchase Act.*

Section 4 of the Purchase of Land (Ireland) Act, 1891 provided that an annual sum (called the County Percentage) of five shillings for every £100 advanced for land purchase should be paid to a Guarantee Fund, and, if not required for the purposes of such fund, to the Local Taxation (Ireland) Account, and applied towards the cost of providing cottages under the Labourers Acts in the counties in which the purchased holdings are situated. This annual payment was however discontinued by Section 27 of the Land Law (Ireland) Act, 1896, the full amount which had accrued in respect of the County Percentage being £8,805 12s. 11d. This sum has been allocated as follows, pursuant to the Regulations on the subject made by your Excellency:—Boards of Guardians have received £4,443 10s. 4d., the Commissioners of Public Works have been paid £1,416 13s. 4d. in reduction of sums due by Boards of Guardians under the Labourers Acts, and the balance, £2,945 9s. 3d., has been reserved for the present, as shown in the Appendix.†

*Labourers' Cottages Grant, 1890.*

There also remains unissued a sum of £10,921 6s. 5d. out of the Grant of £40,000 voted by Parliament in 1890 in aid of the liabilities incurred or to be incurred by Boards of Guardians under the Labourers Acts. A list of the unions in respect of which this sum is reserved, showing the portion of the grant available for each, is printed in the Appendix.‡

*Operations under Acts.*

Following the course adopted in previous Reports, we now give tables showing what has been done by sanitary authorities under the improvement schemes authorized, and what is proposed to be done under further improvement schemes.

Table A shows that out of the 16,056 houses authorized, 14,034 have been provided, of which 13,936 are actually let, and that 408 others are at present in progress or contracted for. The aggregate monthly rent of the cottages built in each union and the amount of such rent in arrear are also shown.

\* See pp. 785 to 797.

† See page 793.

‡ See page 799.

Table B shows that further improvement schemes have been or are about to be submitted to us, proposing to provide 1,453 new cottages, 296 additional half-acre allotments to cottages already sanctioned, and 41 allotments to existing houses. The estimated cost of these schemes is about £205,560.

The Returns of Local Taxation in Ireland, annually presented by us to Parliament, contain particulars of the receipts and expenditure of Grand Juries, and of the governing bodies of Towns; and the receipts and expenditure of the Governors of lunatic asylums will be found in the annual reports of the Inspectors of lunatics.

The accounts of Educational Endowments, for the management of which schemes have been framed under the Educational Endowments (Ireland) Act, 1885, are also audited by an officer of our department, excepting in some cases where we approve of the appointment of local auditors.

#### 48.—DEPARTMENTAL ARRANGEMENTS.

In exercise of the power given to him by Section 102 (5) of the Local Government (Ireland) Act, 1898, the President of the Board appointed Mr. R. Bagwell, D.L., to be, temporarily, a Commissioner for the purpose of aiding in the additional work of the Board in bringing the Act into operation; and under Section 122 (1) we have, with the consent of the Treasury, appointed certain officers and other persons to assist in carrying the Act into effect.

In our last Report we mentioned that we had found it necessary to appoint Mr. R. Bourke, Major G. M. Eccles, and Sir J. Acheson MacCullagh, M.D., to act temporarily as additional Inspectors in consequence of the increased duties which devolved on our permanent Inspectors by reason of distress in the South and West of Ireland, and that we had also appointed Mr. R. Hunter Pringle and fifteen other gentlemen as Inspectors in connection with the supply of seed potatoes and oats. The services of the two gentlemen first named were retained until the 31st July, 1898, and those of the others until 31st August, 1898, and 24th August, 1898, respectively.

Dr. Clements, one of our permanent Medical Inspectors, having resigned through ill-health, his place was filled by the appointment of Sir J. Acheson MacCullagh, and the vacancy in the office of Auditor caused by the retirement of Colonel O'Hara was filled by the appointment of Mr. R. Bourke, junior.

In order to provide for the discharge of the duties of two of our Auditors, seconded under the arrangements made in pursuance of Section 122 (1) of the Local Government Act above referred to, we recalled to service, temporarily, Colonel Studdert and Mr. C. Pelly, retired Auditors.

We have the honour to be

Your Excellency's obedient servants,

G. W. BALFOUR.  
H. A. ROBINSON.  
D. HARREL.  
WM. L. MICKS.

- (vi.) ORDERS containing Rules for Elections under the Local Government (Ireland) Act, 1898.

## GENERAL ORDER.

### ALDERMEN AND COUNCILLORS OF COUNTY BOROUGH.

#### *Rules as to Nomination and Election.*

To the County Council of every County Borough in Ireland; and to the Town Clerk of every such County Borough.

WHEREAS, by an Order in Council made the Twenty-second day of December, 1898, by the Lord Lieutenant General and General Governor of Ireland, in pursuance of the Local Government (Ireland) Act, 1898, sec. 104, it is amongst other things ordered that the election of Aldermen and Councillors of County Boroughs in Ireland shall, subject to the provisions of the Act, be conducted according to rules framed under the said Order by the Local Government Board for Ireland, and that the rules provide for the matters and things in the said Order mentioned.

Now We, the Local Government Board for Ireland, do hereby order that, subject to any directions which may be given by us and until we otherwise order, the following rules shall be observed in connection with the election of Aldermen and Councillors of County Boroughs in Ireland, that is to say—

- (a.) Ordinary elections to fill ordinary vacancies;
- (b.) Elections to fill casual vacancies.

#### *Returning Officer.*

1. (1.) The Town Clerk shall be the Returning Officer for the election of Aldermen and Councillors of a County Borough.

2. If the office of Town Clerk is vacant when any duty relative to the election has to be performed by him, or if he, from illness or other cause is unable to perform or to complete the performance of such duty, the Council shall appoint some other person to act as Returning Officer or to perform such of the duties of the Returning Officer as then remain to be performed, as the case may be.

(3.) The Returning Officer shall appoint some place within the County Borough as an Office for the purpose of the election.

(4.) The Returning Officer may, in writing, appoint a fit person to be his deputy for, all or any of the purposes relating to the election of Councillors and in those years in which Aldermen are elected, to the election of Aldermen and Councillors. A Deputy Returning Officer shall have all the powers, duties, and liabilities of the Returning Officer in relation to the matters in respect of which he is appointed as deputy.

#### *Day of Election.*

2. (1.) The day of the election of Councillors and in those years in which Aldermen are elected, of Aldermen and Councillors, shall be that prescribed by the Act, and mentioned in Table a of the First Schedule to this Order.

(2.) In the case of an election specially held to fill one or more casual vacancies the day of election shall be fixed by the Returning Officer, provided that the same shall be within the time prescribed by Rule 27 of this Order.

*Notice of Election.*

3. Not later than the day prescribed for that purpose by the First Schedule to this Order, the Returning Officer shall prepare and sign a notice of the election of Councillors and in those years in which Aldermen are elected, of Aldermen and Councillors in the Wards in which the election is to be held, and shall cause notice to be given of the same in accordance with Rule 31 of this Order in each such Division. The notice shall be in the Form No. 1 in the Second Schedule to this Order, or in a form to the like effect.

*Nomination of Candidates.*

4. (1.) Each candidate for election as an Alderman or Councillor shall be nominated in writing.

(2.) The nomination paper shall state the name of the Ward for which the candidate is nominated, the surname and other name or names in full of the candidate, and his place of abode and description, and that he is qualified as a Local Government Elector for the County Borough. It shall be signed by two Local Government Electors of the Ward as proposer and seconder, and no more, and shall state their respective places of abode. It shall be in the form set out in the notice in the Form No. 1 in the Second Schedule to this Order, or in a form to the like effect.

(3.) The name of more than one candidate shall not be inserted in any one nomination paper.

(4.) A Local Government Elector shall not sign more nomination papers than there are Aldermen or Councillors to be elected for the Ward: nor shall he sign a nomination paper for any Ward other than one in respect of which he is registered as an elector.

(5.) If any Local Government Elector shall sign nomination papers for more than one Ward, the nomination papers signed by him relating to the first Ward for which a nomination paper signed by him is received by the Returning Officer shall alone be valid, and of the nomination papers signed by him which relate to that Ward such as are first received by the Returning Officer up to the number of Aldermen or Councillors respectively to be elected shall alone be valid. Provided that for the purposes of this paragraph nomination papers not properly filled up and signed shall be excluded.

*Nomination Papers to be provided.*

5. The Returning Officer shall provide nomination papers. Any Local Government Elector may obtain nomination papers from the Returning Officer free of charge.

*Time for sending in Nomination Papers.*

6. Every nomination paper shall be sent to the Returning Officer so that it shall be received at his office within the time prescribed for that purpose by the First Schedule to this Order. A nomination paper received after that time shall not be valid. The Returning Officer shall note on each nomination paper whether it was received before or after that time.

*Dealing with Nominations by Returning Officer.*

7.—(1.) The Returning Officer shall number the nomination papers in the order in which they are received by him; and the first valid nomination paper received for a candidate for election either as Alderman or Councillor, as the case may be, shall be deemed to be the nomination of that candidate.

(2.) The Returning Officer shall, as soon as practicable after the receipt of any nomination paper, examine and decide whether it has or has not been properly filled up and signed by two Local Government electors, and whether it is or is not invalid under Rule 4 (5) or Rule 6. His decision that a nomination paper has been so filled up and signed, and is not invalid as aforesaid, shall be final, and shall not be questioned in any proceeding whatever.

(3.) If the Returning Officer shall decide that a nomination paper is invalid, he shall put a note on it to this effect, stating the grounds of his decision, and he shall sign such note.

(4.) ## THIRD SCHEDULE.

PROVISIONS OF THE BALLOT ACT, 1872, AS ADAPTED AND ALTERED IN THEIR APPLICATION TO THE ELECTION OF ALDERMEN AND COUNCILLORS IN COUNTY BOROUGHES.

## PROCEDURE AT ELECTIONS OF ALDERMEN OR COUNCILLORS.

*Poll at Elections.*

2. The ballot of each voter shall consist of a paper (in this Act called a ballot paper) showing the names and description of the candidates. Each ballot paper shall have a number printed on the back, and shall have attached a counterfoil with the same number printed on the face. At the time of voting, the ballot paper shall be marked on both sides with an official mark, and delivered to the voter within the polling station, and the number of such voter on the register of voters shall be marked on the counterfoil, and the voter having secretly marked his vote on the paper, and folded it up so as to conceal his vote, shall place it in a closed box in the presence of the officer presiding at the polling station (in this Act called "the presiding officer") after having shown to him the official mark at the back.

If in the register of electors for a ward the same number is placed opposite to the name of more than one elector, the returning officer shall put a distinguishing mark on each part of the register which contains numbers used in other parts of the register, and when the number of any voter on any part of the register is entered on the counterfoil of a ballot paper, the mark on that part shall also be entered thereon.

Any ballot paper which has not on its back the official mark, or on which votes are given to more candidates than the voter is entitled to vote for, or on which anything, except the said number on the back, is written or marked by which the voter can be identified, shall be void and not counted.

After the close of the poll the ballot boxes shall be sealed up, so as to prevent the introduction of additional ballot papers, and shall be taken charge of by the returning officer, and that officer shall, in the presence of such agents, if any, of the candidates as may be in attendance, open the ballot boxes, and ascertain the result of the poll by counting the votes given to each candidate, and shall forthwith declare to be elected the candidate to whom the majority of votes have been given. The decision of the returning officer as to any question arising in respect of any ballot paper shall be final, subject to reversal on petition questioning the election or return.

## OFFENCES.

*Offences in respect of Ballot Papers and Ballot Boxes.*

3. Every person who—

- (1.) Forges or counterfeits or fraudulently defaces or fraudulently destroys any ballot paper, or the official mark on any ballot paper; or
- (2.) Without due authority supplies any ballot paper to any person; or

- (3.) Fraudulently puts into any ballot box any paper other than the ballot paper which he is authorised by law to put in ; or
- (4.) Fraudulently takes out of the polling station any ballot paper ; or
- (5.) Without due authority destroys, takes, opens, or otherwise interferes with any ballot box or packet of ballot papers then in use for the purposes of the election ;

shall be guilty of a misdemeanor, and be liable, if he is a returning officer or an officer or clerk in attendance at a polling station, to imprisonment for any term not exceeding two years, with or without hard labour, and if he is any other person to imprisonment for any term not exceeding six months, with or without hard labour.

Any attempt to commit any offence specified in this section shall be punishable in the manner in which the offence itself is punishable.

In any indictment or other prosecution for an offence in relation to the ballot boxes, ballot papers, and marking instruments at an election, the property in such papers, boxes, and instruments may be stated to be in the returning officer at such election, as well as the property in the counterfoils.

#### *Infringement of Secrecy.*

4. Every officer, clerk, and agent in attendance at a polling station shall maintain and aid in maintaining the secrecy of the voting in such station, and shall not communicate, except for some purpose authorised by law, before the poll is closed, to any person any information as to the name or number on the register of electors of any elector who has or has not applied for a ballot paper or voted at that station, or as to the official mark, and no such officer, clerk, or agent, and no person whosoever, shall interfere with or attempt to interfere with a voter when marking his vote, or otherwise attempt to obtain in the polling station information as to the candidate for whom any voter in such station is about to vote or has voted, or communicate at any time to any person any information obtained in a polling station as to the candidate for whom any voter in such station is about to vote or has voted, or as to the number on the back of the ballot paper given to any voter at such station. Every officer, clerk, agent, and person in attendance at the counting of the votes shall maintain and aid in maintaining the secrecy of the voting, and shall not attempt to ascertain at such counting the number on the back of any ballot paper, or communicate any information obtained at such counting as to the candidate for whom any vote is given in any particular ballot paper. No person shall directly or indirectly induce any voter to display his ballot paper after he shall have marked the same, so as to make known to any person the name of the candidate for or against whom he has so marked his vote.

Every person who acts in contravention of the provisions of this section shall be liable, on summary conviction before two justices of the peace, to imprisonment for any term not exceeding six months, with or without hard labour.

#### *USE OF SCHOOL AND PUBLIC ROOM FOR POLL.*

6. The returning officer at an election of Councillors [or Aldermen and Councillors] in a County Borough may use free of charge, for the purpose of taking the poll, hearing objections to nomination papers, and for counting the votes at such election, any room in

a school receiving a grant out of moneys provided by Parliament, and any room the expense of maintaining which is payable out of any local rate, but he shall make good any damage done to such room, and defray any expense incurred by the person or body of persons, corporate or unincorporate, having control over the same on account of its being used for the purpose of taking the poll or for counting the votes as aforesaid. This section shall not apply to any school adjoining or adjacent to any church or other place of worship, nor to a school connected with a convent or other religious establishment.

The use of any room in an unoccupied house for taking the poll shall not render any person liable to be rated or to pay any rate for such house.

##### *General Powers and Duties of Returning Officer.*

8. Subject to the provisions of this Act, every returning officer shall provide such nomination papers, polling stations, ballot boxes, ballot papers, stamping instruments, copies of register of electors, and other things, appoint and pay such officers, and do such other acts and things as may be necessary for effectually conducting the election.

Every deputy returning officer shall, in so far as he acts as returning officer, be deemed to be included in the term returning officer.

##### *Keeping of Order in Station.*

9. If any person misconducts himself in the polling station, or fails to obey the lawful orders of the presiding officer, he may immediately, by order of the presiding officer, be removed from the polling station by any constable in or near that station, or any other person authorised in writing by the returning officer to remove him; and the person so removed shall not, unless with the permission of the presiding officer, again be allowed to enter the polling station during the day.

Any person so removed as aforesaid, if charged with the commission in such station of any offence, may be kept in custody until he can be brought before a justice of the peace.

Provided that the powers conferred by this section shall not be exercised so as to prevent any elector who is otherwise entitled to vote at any polling station from having an opportunity of voting at such station.

##### *Powers of Presiding Officer, and Administration of Oaths, &c.*

10. For the purpose of the adjournment of the poll a presiding officer shall have the power by law belonging to a deputy returning officer in a Parliamentary election; and any presiding officer and any clerk appointed by the returning officer to attend at a polling station shall have the power of asking the questions and administering the oath authorised by law to be asked of and administered to voters, and any justice of the peace and any returning officer may take and receive any declaration authorised by this Act to be taken before him.

*Liability of Officers for Misconduct.*

11. Every returning officer, presiding officer, and clerk who is guilty of any wilful misfeasance or any wilful act or omission in contravention of this Act shall, in addition to any other penalty or liability to which he may be subject, forfeit to any person aggrieved by such misfeasance, act, or omission a penal sum not exceeding one hundred pounds.

No returning officer or officer appointed by him in connexion with the election of a county councillor for any county electoral division, nor any partner or clerk of any such officer, shall act as agent for any candidate in the management or conduct of his election as an Alderman or Councillor of a County Borough. 12. No person who has voted at an election shall, in any legal proceeding to question the election or return, be required to state for whom he has voted.

*Non-compliance with Rules.*

## PERSONATION.

*Definition and Punishment of Personation.*

24. The following enactments shall be made with respect to personation at an election of Aldermen or Councillors of a County Borough :—

It shall be the duty of the returning officer to institute a prosecution against any person whom he may believe to have been guilty of personation, or of aiding, abetting, counselling, or procuring the commission of the offence of personation by any person, at the election for which he is returning officer, and the costs and expenses of the prosecutor and the witnesses in such case, together with compensation for their trouble and loss of time, shall be allowed by the court in the same manner in which courts are empowered to allow the same in cases of felony.

Sections 93 to 96, both inclusive, of the Representation of the People (Ireland) Act, 1850, shall apply to personation at an election of Aldermen or Councillors of a County Borough in the same manner as they apply to a person who knowingly personates and falsely assumes

to vote in the name of another person as mentioned in the said Act, but with the substitution of the words "any elector or any agent appointed under the Aldermen and Councillors of County Boroughs (Ireland) Election Order, 1898," for "any such agent so appointed as aforesaid" or for any reference to any such agent, and of "the presiding officer" for "the returning officer or his respective deputy."

#### RULES FOR ELECTIONS OF ALDERMEN AND COUNCILLORS IN COUNTY BOROUGH.

##### *The Poll.*

15. In every ward the returning officer shall, subject to the provisions of the Aldermen and Councillors of County Boroughs (Ireland) Election Order, 1898, provide a sufficient number of polling stations for the accommodation of the electors entitled to vote in such ward and shall distribute the polling stations amongst those electors in such manner as he thinks most convenient.

17. A separate room or separate booth may contain a separate polling station, or several polling stations may be constructed in the same room or booth.

18. No person shall be admitted to vote at any polling station except the one allotted to him.

20. The returning officer shall provide each polling station with materials for voters to mark the ballot papers, with instruments for stamping thereon the official mark, and with copies of the register of voters, or such part thereof as contains the names of the voters allotted to vote at such station. He shall keep the official mark secret.

21. The presiding officer appointed to preside at each station shall keep order at his station, shall regulate the number of electors to be admitted at a time, and shall exclude all other persons except the clerks, the agents of the candidates, and the constables on duty.

22. Every ballot paper shall contain a list of the candidates described as in their respective nomination papers, and arranged alphabetically in the order of their surnames, and (if there are two or more candidates with the same surname) of their other names; it shall be in the form set forth in the Second Schedule to this Act or as near thereto as circumstances admit and shall be capable of being folded up.

23. Every ballot box shall be so constructed that the ballot papers can be introduced therein, but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, just before the commencement of the poll, shall show the ballot box

empty to such persons, if any, as may be present in such station, so that they may see that it is empty, and shall then lock it up, and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers, and keep it so locked and sealed.

24. Immediately before a ballot paper is delivered to an elector, it shall be marked on both sides with the official mark either stamped or perforated, and the number, name, and description of the elector as stated in the copy of the register shall be called out, and the number of such elector, together with the distinguishing mark, if any, of the part of the register in which the number occurs, shall, as required by Section 2 of this Act as adapted, be marked on the counterfoil, and a mark shall be placed in the register against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received.

25. The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments in the polling station, and there mark his paper, and fold it up so as to conceal his vote, and shall then put his ballot paper, so folded up, into the ballot box; he shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

26. The presiding officer, on the application of any voter who is incapacitated by blindness or other physical cause from voting in manner prescribed by this Act, or (if the poll be taken on Saturday) of any voter who declares that he is of the Jewish persuasion, and objects on religious grounds to vote in manner prescribed by this Act, or of any voter who makes such a declaration as hereinafter mentioned that he is unable to read, shall, in the presence of the agents of the candidates, cause the vote of such voter to be marked on a ballot paper in manner directed by such voter, and the ballot paper to be placed in the ballot box, and the name and number on the register of voters of every voter whose vote is marked in pursuance of this rule, and the reason why it is so marked shall be entered on a list, in this Act called "the list of votes marked by the presiding officer."

The said declaration, in this Act referred to as "the declaration of inability to read," shall be made by the voter at the time of polling, before the presiding officer, who shall attest it in the form hereinafter mentioned, and no fee, stamp, or other payment shall be charged in respect of such declaration, and the said declaration shall be given to the presiding officer at the time of voting.

27. If a person, representing himself to be a particular elector named on the register, applies for a ballot paper after another person has voted as such elector, the applicant shall, upon duly answering the questions permitted by the Aldermen and Councillors of County Borough (Ireland) Election Order, 1898, to be asked of voters at the time of polling, and upon taking an oath in the form hereinafter set out, which the presiding officer shall administer, be entitled to mark a ballot paper in the same manner as any other voter, but the ballot paper (in this Act called a tendered ballot paper) shall be of a colour differing from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the voter and his number in the register of voters, and set aside in a separate packet, and shall not be counted by the returning officer. And the name of the voter and his number on the register shall be entered on a list, in this Act called "the tendered votes list."

33. The returning officer, his assistants and clerks, the agents of the candidates, and any person to whom Rule 51 of this Schedule applies and no other person, except with the sanction of the returning officer, may be present at the counting of the votes.

\* 34. Before the returning officer proceeds to count the votes, he shall, in the presence of the agents of the candidates, open each ballot box, and taking out the papers therein, shall count and record the number thereof, and then mix together the whole of the ballot papers contained in the ballot boxes. When all the ballot boxes and the papers therein have been so dealt with, he shall open all the packets of ballot papers relating to one election, and shall mix all such papers together, and shall proceed to count the votes.

The returning officer, while counting and recording the number of ballot papers and counting the votes, shall keep the ballot papers with their faces upwards, and take all proper precautions for preventing any person from seeing the numbers printed on the backs of such papers.

35. The returning officer shall, so far as practicable, proceed continuously with counting the votes, allowing only time for refreshment, and excluding, if and so far as he thinks it necessary, the hours between the close of the poll and nine o'clock on the succeeding morning. During the excluded time the returning officer shall place the ballot papers and other documents relating to the election under his own seal and the seals of such of the agents of the candidates as desire to affix their seals, and shall otherwise take proper precautions for the security of such papers and documents.

36. The returning officer shall endorse "rejected" on any ballot paper which he may reject as invalid, and shall add to the endorsement "rejection objected to," if an objection be in fact made by any agent to his decision. The returning officer shall draw up a statement showing the number of ballot papers rejected and not counted by him under the several heads of—

1. Want of official mark;
2. Voting for more candidates than entitled to;
3. Writing or mark by which voter could be identified;
4. Unmarked or void for uncertainty;

and shall on request allow any agents of the candidates to copy such statement. If the votes are counted by a deputy returning officer he shall, with the declaration of the result of the poll, report to the returning officer the number of ballot papers rejected and not counted by him, under the above heads, and no such statement as aforesaid shall be drawn up by the returning officer. The deputy returning officer shall, on request, allow any agents of the candidates before such report is sent in, to copy it.

37. Upon the completion of the counting, the returning officer shall seal up in separate packets the counted and rejected ballot papers. He shall not open the sealed packet of tendered ballot papers or marked copy of the register of voters and counterfoils, but shall proceed, in the presence of the agents of the candidates, to verify the ballot paper account given by each presiding officer by comparing it with the number of ballot papers recorded by him as aforesaid, and the unused and spoilt ballot papers in his possession and the tendered votes list, and shall reseat each sealed packet after examination. The returning officer shall draw up a statement as to the result of such verification, and shall, on request, allow any agents of the candidates to copy it.

\* See Amending Order, *infra*, Page 365.

If the votes are counted by a deputy returning officer, he shall report to the returning officer the result of the verification, and no such statement as aforesaid shall be drawn up by the returning officer. The deputy returning officer shall on request, allow any agents of the candidates, before such report is sent in, to copy it. He shall, with his report, send to the returning officer the sealed packets of counted and rejected ballot papers, and the unopened sealed packets which he has received from any presiding officer.

38. Lastly, the returning officer shall carefully preserve for the period hereinafter mentioned all the packets of ballot papers in his possession, together with the said reports, the ballot paper accounts, tendered votes list, lists of votes marked by the presiding officer, statements relating thereto, declarations of inability to read, and packets of counterfoils, and marked copies of registers, endorsing on each packet a description of its contents and the date of the election to which they relate, and the name of the district for which such election was held.

39. The returning officer shall retain for six months all documents relating to an election of Councillors, or Aldermen and Councillors of a County Borough, and then, unless otherwise directed by an order of a court having jurisdiction in the matter, or of any tribunal in which the election is questioned, shall cause them to be destroyed.

40. No person shall be allowed to inspect any rejected ballot papers in the custody of the returning officer, except under the order of the court or tribunal aforesaid, to be granted by such court or tribunal on being satisfied by evidence on oath that the inspection or production of such ballot papers is required for the purpose of instituting or maintaining a prosecution for an offence in relation to ballot papers, or for the purpose of a petition questioning an election or return; and any such order for the inspection or production of ballot papers may be made subject to such conditions as to persons, time, place, and mode of inspection or production as the court or tribunal making the same may think expedient, and shall be obeyed by the returning officer.

41. No person shall, except by order of the court, or of any tribunal having cognizance of any question relating to the election, open the sealed packet of counterfoils after the same has been once sealed up, or be allowed to inspect any counted ballot papers in the custody of the returning officer. Such order may be made subject to such conditions as to persons, time, place, and mode of opening or inspection as the court or tribunal making the order may think expedient: provided that on making and carrying into effect any such order, care shall be taken that the mode in which any particular elector has voted shall not be discovered until he has been proved to have voted, and his vote has been declared by a competent court to be invalid.

42. All documents in the custody of a returning officer in pursuance of this Act, other than ballot papers and counterfoils, shall be open to public inspection at such time and under such regulations as may have been or may hereafter be prescribed by the Council of the County Borough in which the Ward is situate, and the returning officer shall supply copies of or extracts from the said documents to any person demanding the same, on payment of such fees and subject to such regulations as may have been or may hereafter be prescribed by the Council of the County Borough.

43. Where an order is made for the production by the returning officer of any document in his possession relating to any specified election of Aldermen or Councillors of a County Borough or Ward of a

County Borough, the production by such officer or his agent of the document ordered, in such manner as may be directed by such order, or by an order of the court having power to make such first-mentioned order, shall be conclusive evidence that such document relates to the specified election; and any endorsement appearing on any packet of ballot papers produced by such returning officer or his agent shall be evidence of such papers being what they are stated to be by the endorsement. The production from proper custody of a ballot paper purporting to have been used at any election, and of a counterfoil marked with the same printed number and having a number marked thereon in writing, shall be *prima facie* evidence that the person who voted by such ballot paper was the person who at the time of such election had affixed to his name in the register of voters at such election the same number as the number written on such counterfoil.

*General Provisions.*

47. If the returning officer presides at any polling station, the provisions of this Act relating to a presiding officer shall apply to such returning officer with the necessary modifications as to things to be done by the returning officer to the presiding officer, or the presiding officer to the returning officer.

48. The returning officer may, in addition to any clerks, appoint competent persons to assist him in counting the votes.

49. No person shall be appointed by a returning officer for the purposes of an election who has been employed by any other person in or about the election.

50. The presiding officer may do, by the clerks appointed to assist him, any act which he is required or authorised to do by this Act at a polling station, except ordering the arrest, exclusion, or ejection from the polling station of any person.

51. A candidate may himself undertake the duties which any agent of his, if appointed under Rule 31 of this Schedule, might have undertaken, and may, if he does not appoint such an agent, be present at the counting of the votes, or may himself take the place of such agent: provided that any person acting under this Rule may, at any time before so acting, make the statutory declaration as to secrecy required by Rule 54 of this Schedule, but he shall not so act until he has made such declaration.

52. The name and address of every agent of a candidate appointed to attend the counting of the votes shall be transmitted to the returning officer one clear day at the least before the opening of the poll; and the returning officer may refuse to admit to the place where the votes are counted any agent whose name and address has not been so transmitted, notwithstanding that his appointment may be otherwise valid, and any notice required to be given to an agent by the returning officer may be delivered at or sent by post to such address.

53. If any person appointed an agent for the purposes of attending a polling station, or at the counting of the votes dies, or becomes incapable of acting during the time of the election, another agent may be appointed in his place, and notice shall forthwith be given to the returning officer in writing of the name and address of any agent so appointed.

54. Every returning officer, and every officer, clerk, or agent authorised to attend at a polling station, and also every officer, clerk, or agent authorised to attend at the counting of the votes, shall, before

the opening of the poll, make a statutory declaration of secrecy, in the presence, if he is the returning officer, of a justice of the peace, and if he is any other officer or an agent, of a justice of the peace or of the returning officer; but no such returning officer, clerk, or agent as aforesaid shall, save as aforesaid, be required, as such, to make any declaration or take any oath on the occasion of any election.

55. Where in this Act any expressions are used requiring or authorising or inferring that any act or thing is to be done in the presence of the agents of the candidates, such expressions shall be deemed to refer to the presence of such agents of the candidates as may be authorised to attend, and as have in fact attended, at the time and place where such act or thing is being done, and the non-attendance of any agents or agent at such time and place shall not, if such act or thing be otherwise duly done, in anywise invalidate the act or thing done.

It is ordered by the Local Government Board for Ireland that Rule 34 in the First Schedule of the Ballot Act, 1872, as adapted in the Third Schedule of "The Aldermen and Councillors of County Boroughs (Ireland) Election Order, 1898," be rescinded and in lieu thereof the following provisions shall take effect:—

If a poll has been taken as to the election of Aldermen or Councillors only, before the returning officer proceeds to count the votes, he shall, in the presence of the agents of the candidates, open each hallot box, and taking out the papers therein, shall count and record the number thereof, and then mix together the whole of the ballot papers contained in the hallot boxes. If polls have been taken at the same date for the election both of Aldermen and Councillors in a Ward, before the returning officer proceeds to count the votes, he shall, in the presence of the agents of the candidates, open one of the hallot boxes, and taking out the papers therein shall separate those relating to the election of Aldermen from any relating to the election of Councillors, and shall count and record the number of hallot papers relating to each election. He shall then secure the hallot papers relating to each election by placing them in separate packets under his own seal, and the seals of such of the agents of the candidates as desire to affix their seals, and shall proceed in like manner with any other hallot boxes and the papers therein. When all the hallot boxes and the papers therein have been so dealt with, he shall open all the packets of hallot papers relating to one election, and shall mix all such papers together, and shall proceed to count the votes, keeping the papers relating to any other election sealed up until he has completed such counting. URBAN DISTRICT COUNCILLORS. }

*Poll at Elections.*

2. The ballot of each voter shall consist of a paper (in this Act called a ballot paper) showing the names and description of the candidates. Each ballot paper shall have a number printed on the back, and shall have attached a counterfoil with the same number printed on the face. At the time of voting, the ballot paper shall be marked on both sides with an official mark, and delivered to the voter within the polling station, and the number of such voter on the register of voters shall be marked on the counterfoil, and the voter having secretly marked his vote on the paper, and folded it up so as to conceal his vote, shall place it in a closed box in the presence of the officer presiding at the polling station (in this Act called "the presiding officer") after having shown to him the official mark at the back.

If in the register of electors for an electoral division, the same number is placed opposite to the name of more than one elector, the returning officer shall put a distinguishing mark on each part of the register which contains numbers used in other parts of the register, and when the number of any voter on any part of the register is entered on the counterfoil of a ballot paper, the mark on that part shall also be entered thereon.

Any ballot paper which has not on its back the official mark, or on which votes are given to more candidates than the voter is entitled to vote for, or on which anything, except the said number on the back, is written or marked by which the voter can be identified, shall be void and not counted.

After the close of the poll the ballot boxes shall be sealed up, so as to prevent the introduction of additional ballot papers, and shall be taken charge of by the returning officer, and that officer shall, in the presence of such agents, if any, of the candidates as may be in attendance, open the ballot boxes, and ascertain the result of the poll by counting the votes given to each candidate, and shall forthwith declare to be elected the candidates or candidate to whom the majority of votes have been given. Any attempt to commit any offence specified in this section shall be punishable in the manner in which the offence itself is punishable.

Every officer, clerk, agent, and person in attendance at the counting of the votes shall maintain and aid in maintaining the secrecy of the voting, and shall not attempt to ascertain at such counting the number on the back of any ballot paper, or communicate any information obtained at such counting as to the candidate for whom any vote is given in any particular ballot paper. No person shall directly or indirectly induce any voter to display his ballot paper after he shall have marked the same, so as to make known to any person the name of the candidate for or against whom he has so marked his vote.

URBAN DISTRICT COUNCILLORS.

#### *The Poll.*

15. Within every Borough or District, or if a Borough or District is divided into Wards, within every Ward of such Borough or District, the returning officer shall, subject to the provisions of the Urban District Councillors and Town Commissioners (Ireland) Election Order, 1898, provide a sufficient number of polling stations for the accommodation of the electors entitled to vote in such Borough or District or Ward of a Borough or District, and shall distribute the polling stations amongst those electors in such manner as he thinks most convenient.

17. A separate room or separate booth may contain a separate polling station, or several polling stations may be constructed in the same room or booth.

18. No person shall be admitted to vote at any polling station except the one allotted to him.

20. The returning officer shall provide each polling station with materials for voters to mark the ballot papers, with instruments for stamping thereon the official mark, and with copies of the register of voters, or such part thereof as contains the names of the voters allotted to vote at such station. He shall keep the official mark secret.

21. The presiding officer appointed to preside at each station shall keep order at his station, shall regulate the number of electors to be admitted at a time, and shall exclude all other persons except the clerks, the agents of the candidates, and the constables on duty.

22. Every ballot paper shall contain a list of the candidates described as in their respective nomination papers, and arranged alphabetically in the order of their surnames, and (if there are two or more candidates with the same surname) of their other names: it shall be in the form set forth in the Second Schedule to this Act or as near thereto as circumstances admit, and shall be capable of being folded up.

23. Every ballot box shall be so constructed that the ballot papers can be introduced therein, but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, just before the commencement of the poll, shall show the ballot box empty to such persons, if any, as may be present in such station,

so that they may see that it is empty, and shall then lock it up, and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers, and keep it so locked and sealed.

24. Immediately before a ballot paper is delivered to an elector, it shall be marked on both sides with the official mark, either stamped or perforated, and the number, name, and description of the elector as stated in the copy of the register shall be called out, and the number of such elector, together with the distinguishing mark, if any, of the part of the register in which the number occurs, shall, as required by Section 2 of this Act as adapted, be marked on the counterfoil, and a mark shall be placed in the register against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received.

25. The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments in the polling station, and there mark his paper, and fold it up so as to conceal his vote, and shall then put his ballot paper, so folded up, into the ballot box; he shall vote without undue delay, and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

26. The presiding officer, on the application of any voter who is incapacitated by blindness or other physical cause from voting in manner prescribed by this Act, or (if the poll be taken on Saturday) of any voter who declares that he is of the Jewish persuasion, and objects on religious grounds to vote in manner prescribed by this Act, or of any voter who makes such a declaration as hereinafter mentioned that he is unable to read, shall, in the presence of the agents of the candidates, cause the vote of such voter to be marked on a ballot paper in manner directed by such voter, and the ballot paper to be placed in the ballot box, and the name and number on the register of voters of every voter whose vote is marked in pursuance of this rule, and the reason why it is so marked, shall be entered on a list, in this Act called "the list of votes marked by the presiding officer."

The said declaration, in this Act referred to as "the declaration of inability to read," shall be made by the voter at the time of polling, before the presiding officer, who shall attest it in the form hereinafter mentioned, and no fee, stamp, or other payment shall be charged in respect of such declaration, and the said declaration shall be given to the presiding officer at the time of voting.

27. If a person, representing himself to be a particular elector named on the register, applies for a ballot paper after another person has voted as such elector, the applicant shall, upon duly answering the questions permitted by the Urban District Councillors and Town Commissioners (Ireland) Election Order, 1898, to be asked of voters at the time of polling, and upon taking an oath in the form hereinafter set out, which the presiding officer shall administer, be entitled to mark a ballot paper in the same manner as any other voter, but the ballot paper (in this Act called a tendered ballot paper) shall be of a colour differing from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the voter and his number in the register of voters, and set aside in a separate packet, and shall not be counted by the returning officer. And the name of the voter and his number on the register shall be entered on a list, in this Act called "the tendered votes list."

The oath shall be administered in the following form :—

" You do swear that you are the same person whose name appears  
 " as *A.B.* on the Register of Local Government Electors for  
 " this { *Borough* } [or Ward], and that you have not already  
 " voted at the present election for this { *Borough* } [add, in  
 " case of an election for a Ward, in this or any other Ward].

" So HELP YOU GOD."

Provided that any person entitled to affirm in lieu of taking an oath may affirm in the following form :—

" I, *A.B.*, do solemnly, sincerely, and truly declare and affirm that  
 " I am the same person whose name appears as *A.B.* on the  
 " Register of Local Government Electors for this { *Borough* }  
 " { *District* }  
 " [or on such part of the Register of Local Government  
 " Electors as relates to this Ward], and that I have not  
 " already voted at the present election for this { *Borough* }  
 " { *District* }  
 " [add, in case of an election for a Ward, in this or any other  
 " Ward]."

28. A voter who has inadvertently dealt with his ballot paper in such manner that it cannot be conveniently used as a ballot paper, may, on delivering to the presiding officer the ballot paper so inadvertently dealt with, and proving the fact of the inadvertence to the satisfaction of the presiding officer, obtain another ballot paper in the place of the ballot paper so delivered up (in this Act called a spoilt ballot paper), and the spoilt ballot paper shall be immediately cancelled.

29. The presiding officer of each station, as soon as practicable after the close of the poll, shall make up into separate packets sealed with his seal,—

- (1.) Each ballot box in use at his station, unopened but with the key attached; and
- (2.) The unused and spoilt ballot papers, placed together; and
- (3.) The tendered ballot papers; and
- (4.) The marked copies of the register of electors, and the counter-foils of the ballot papers; and
- (5.) The tendered votes list, and the list of votes marked by the presiding officer, and a statement of the number of the voters whose votes are so marked by the presiding officer under the heads "physical incapacity," "Jews," and "unable to read," and the declarations of inability to read;

and shall deliver such packets to the returning officer, or deputy returning officer by whom the votes are to be counted, unless he is himself such officer.

30. The packets shall be accompanied by a statement made by such presiding officer, showing the number of ballot papers entrusted to him and accounting for them under the heads of ballot papers in the ballot box, unused, spoilt, and tendered ballot papers, which statement is in this Act referred to as the ballot paper account.

*Counting Votes.*

31. Each candidate may appoint an agent to attend the counting of the votes.

32. The returning officer shall make arrangements for counting the votes in the presence of the agents of the candidates as soon as practicable after the close of the poll, and shall give to the agents of the candidates appointed to attend at the counting of the votes notice in writing of the time and place at which he will begin to count the same.

33. The returning officer, his assistants and clerks, the agents of the candidates, and any person to whom Rule 51 of this Schedule applies, and no other person, except with the sanction of the returning officer, may be present at the counting of the votes.

34. If a poll has been taken as to the election of { *Aldermen or Councillors* } only, before the returning officer { *Urban District Councillors* } proceeds to count the votes, he shall, in the presence of the agents of the candidates, open each ballot box, and taking out the papers therein, shall count and record the number thereof, and then mix together the whole of the ballot papers contained in the ballot boxes. If polls have been taken at the same date for the election both of Aldermen and Councillors in a Borough or Ward, before the returning officer proceeds to count the votes, he shall, in the presence of the agents of the candidates, open one of the ballot boxes and taking out the papers therein shall separate those relating to the election of Aldermen from any relating to the election of Councillors, and shall count and record the number of ballot papers relating to each election. He shall then secure the ballot papers relating to each election by placing them in separate packets under his own seal, and the seals of such of the agents of the candidates as desire to affix their seals, and shall proceed in like manner with any other ballot boxes and the papers therein. When all the ballot boxes and the papers therein have been so dealt with, he shall open all the packets of ballot papers relating to one election, and shall mix all such papers together, and shall proceed to count the votes, keeping the papers relating to any other election sealed up until he has completed such counting. He shall afterwards deal in manner aforesaid with the packets and papers relating to the other election or elections.

The returning officer, while counting and recording the number of ballot papers and counting the votes, shall keep the ballot papers with their faces upwards, and take all proper precautions for preventing any person from seeing the numbers printed on the backs of such papers.

35. The returning officer shall, so far as practicable, proceed continuously with counting the votes, allowing only time for refreshment, and excluding, if and so far as he thinks it necessary, the hours between the close of the poll and nine o'clock on the succeeding morning. During the excluded time the returning officer shall place the ballot papers and other documents relating to the election under his own seal and the seals of such of the agents of the candidates as desire to affix their seals, and shall otherwise take proper precautions for the security of such papers and documents.

36. The returning officer shall endorse "rejected" on any ballot paper which he may reject as invalid, and shall add to the endorsement "rejection objected to," if an objection be in fact made by any agent to his decision. The returning officer shall draw up a statement

showing the number of ballot papers rejected and not counted by him under the several heads of—

1. Want of official mark ;
2. Voting for more candidates than entitled to ;
3. Writing or mark by which voter could be identified ;
4. Unmarked or void for uncertainty ;

and shall on request allow any agents of the candidates to copy such statement. If the votes are counted by a deputy returning officer he shall, with the declaration of the result of the poll, report to the returning officer the number of ballot papers rejected and not counted by him, under the above heads, and no such statement as aforesaid shall be drawn up by the returning officer. The deputy returning officer shall, on request, allow any agents of the candidates, before such report is sent in, to copy it.

37. Upon the completion of the counting, the returning officer shall seal up in separate packets the counted and rejected ballot papers. He shall not open the sealed packet of tendered ballot papers or marked copy of the register of votes and counterfoils, but shall proceed, in the presence of the agents of the candidates, to verify the ballot paper account given by each presiding officer by comparing it with the number of ballot papers recorded by him as aforesaid, and the unused and spoilt ballot papers in his possession and the tendered votes list, and shall reseal each sealed packet after examination. The returning officer shall draw up a statement as to the result of such verification, and shall, on request, allow any agents of the candidates to copy it.

If the votes are counted by a deputy returning officer, he shall report to the returning officer the result of the verification, and no such statement as aforesaid shall be drawn up by the returning officer. The deputy returning officer shall, on request, allow any agents of the candidates, before such report is sent in, to copy it. He shall with his report send to the returning officer the sealed packets of counted and rejected ballot papers, and the unopened sealed packets which he has received from any presiding officer.

38. Lastly, the returning officer shall carefully preserve for the period hereinafter mentioned all the packets of ballot papers in his possession, together with the said reports, the ballot paper accounts, tendered votes lists, lists of votes marked by the presiding officer, statements relating thereto, declarations of inability to read, and packets of counterfoils, and marked copies of registers, endorsing on each packet a description of its contents and the date of the election to which they relate, and the name of the district for which such election was held.

39. The returning officer shall retain for six months all documents relating to an election of { *Aldermen or Councillors* } and then, unless otherwise directed by an order of a court having jurisdiction in the matter, or of any tribunal in which the election is questioned, shall cause them to be destroyed.

40. No person shall be allowed to inspect any rejected ballot papers in the custody of the returning officer, except under the order of the county court or tribunal aforesaid, to be granted by such court or tribunal on being satisfied by evidence on oath that the inspection or production of such ballot papers is required for the purpose of instituting or maintaining a prosecution for an offence in relation to ballot papers,

or for the purpose of a petition questioning an election or return; and any such order for the inspection or production of ballot papers may be made subject to such conditions as to persons, time, place, and mode of inspection or production as the court or tribunal making the same may think expedient, and shall be obeyed by the returning officer.

41. No person shall, except by order of the court, or of any tribunal having cognizance of any question relating to the election, open the sealed packet of counterfoils after the same has been once sealed up, or be allowed to inspect any counted ballot papers in the custody of the returning officer. Such order may be made subject to such conditions as to persons, time, place, and mode of opening or inspection as the court or tribunal making the order may think expedient: provided that on making and carrying into effect any such order, care shall be taken that the mode in which any particular elector has voted shall not be discovered until he has been proved to have voted, and his vote has been declared by a competent court to be invalid.

42. All documents in the custody of a returning officer in pursuance of this Act, other than ballot papers and counterfoils, shall be open to public inspection at such time and under such regulations as may have been or may hereafter be prescribed by the Council of the County in which the {Borough} District is situate, and the returning officer shall supply copies of or extracts from the said documents to any person demanding the same, on payment of such fees and subject to such regulations as may have been or may hereafter be prescribed by the County Council.

43. Where an order is made for the production by the returning officer of any document in his possession relating to any specified election of {Aldermen or Councillors} Urban District Councillors, the production by such officer or his agent of the document ordered, in such manner as may be directed by such order, or by an order of the court having power to make such first-mentioned order, shall be conclusive evidence that such document relates to the specified election; and any endorsement appearing on any packet of ballot papers produced by such returning officer or his agent shall be evidence of such papers being what they are stated to be by the endorsement. The production from proper custody of a ballot paper purporting to have been used at any election, and of a counterfoil marked with the same printed number and having a number marked thereon in writing, shall be *prima facie* evidence that the person who voted by such ballot paper was the person who at the time of such election had affixed to his name in the register of voters at such election the same number as the number written on such counterfoil.

### *General Provisions.*

47. If the returning officer presides at any polling station, the provisions of this Act relating to a presiding officer shall apply to such returning officer with the necessary modifications as to things to be done by the returning officer to the presiding officer, or the presiding officer to the returning officer.

48. The returning officer may, in addition to any clerks, appoint competent persons to assist him in counting the votes.

53. If any person appointed an agent for the purposes of attending a polling station, or at the counting of the votes dies, or becomes incapable of acting during the time of the election, another agent may be appointed in his place, and notice shall forthwith be given to the returning officer in writing of the name and address of any agent so appointed.

54. Every returning officer, and every officer, clerk, or agent authorised to attend at a polling station, and also every officer, clerk, or agent authorised to attend at the counting of the votes, shall, before the opening of the poll, make a statutory declaration of secrecy, in the presence, if he is the returning officer, of a justice of the peace, and if he is any other officer or an agent, of a justice of the peace or of the returning officer; but no such returning officer, officer, clerk, or agent as aforesaid shall, save as aforesaid, be required, as such, to make any declaration or take any oath on the occasion of any election.

55. Where in this Act any expressions are used requiring or authorising or inferring that any act or thing is to be done in the presence of the agents of the candidates, such expressions shall be deemed to refer to the presence of such agents of the candidates as may be authorised to attend, and as have in fact attended, at the time and place where such act or thing is being done, and the non-attendance of any agents or agent at such time and place shall not, if such act or thing be otherwise duly done in anywise invalidate the act or thing done.

## GENERAL ORDER.

TRANSITORY PROVISIONS for FIRST ELECTIONS under the Local Government (Ireland) Act, 1898, of Aldermen and Councillors in Boroughs (including County Boroughs), of Urban District Councillors, and of Town Commissioners in Towns having Commissioners under any Act, and not being Urban Districts.

WHEREAS by section 5 of the Schedule to an Order made the Twenty-second day of December, 1898, by His Excellency the Lord Lieutenant in Council under section 104 of the Local Government (Ireland) Act, 1898, it is ordered that the election of Aldermen and Councillors in Boroughs, of Urban District Councillors, and of Commissioners of Towns not being Urban Districts, shall be conducted in accordance with rules framed under the said Order by the Local Government Board for Ireland.

AND WHEREAS, We, the Local Government Board for Ireland, acting in pursuance of the powers given to Us by the said Order in Council, have made and issued General Orders for the regulation of the Ordinary Elections of such Aldermen, Councillors, and Commissioners.

NOW, THEREFORE, We do further order and direct with respect to the FIRST ELECTIONS of such Aldermen, Councillors, and Commissioners as is hereinafter set forth :—

1. The First Elections of Aldermen and Councillors in Boroughs, of Urban District Councillors, and of Town Commissioners in Towns not being Urban Districts under the Local Government (Ireland) Act, 1898, and an Order of His Excellency the Lord Lieutenant in Council, made under section 104 of the said Act, and dated the Twenty-second day of December, 1898, will take place on the 16th day of January, 1899, and shall be conducted as follows :—

In every Municipal Borough in Ireland (except Londonderry and Belfast) there shall be elected for each Ward such number of duly qualified persons to be Aldermen and Councillors as shall amount to the number of Aldermen and Councillors (taken together) heretofore elected for such Ward, and one-fourth part of such persons being those having the greatest number of votes shall be the Alderman or Aldermen of such Ward.

Provided that in a Borough, where the number of Aldermen and Councillors heretofore elected for any Ward is not divisible by four, the person or persons, as the case may require, who receive the greatest number of votes shall be the Alderman or Aldermen of the Ward.

Provided further that if in any Ward there shall be no poll, the Council of the Borough shall determine who is to be the Alderman or who are to be the Aldermen of the Ward, and if there has been a poll, and two or more persons have an equal number of votes, and one or more of them but for such equality would have been an Alderman or Aldermen of the Ward, the Council shall select from among them some one or more, as the case may require, to be an Alderman or Aldermen of the Ward.

In Belfast and Londonderry there shall be elected for each Ward such number of duly qualified persons to be Councillors for such Ward as would, if the Local Government (Ireland) Act, 1898, had not been passed, have gone out of office on the twenty-fifth day of November, 1898.

2. In every Municipal Borough the existing Town Clerk, and in every Town having Commissioners under any Act, whether an Urban District or not, the existing Clerk to the Commissioners shall be the Returning Officer at the First Election under the Local Government (Ireland) Act, 1898. In the event of the office of Town Clerk or Clerk being in any case vacant or if the Town Clerk or Clerk is in the opinion of the Local Government Board for Ireland unable to act, the Returning Officer shall be a person appointed by the said Board.

3. Every person whose name appears in any List of Parliamentary and Local Government Voters as revised at the last preceding Revision Courts shall be deemed for the purposes of the nomination and qualification of candidates at the First Election to be a Local Government Elector, notwithstanding that such List may not at the time of such nomination have been printed and published.

4. The hours during which the poll shall in all cases be open shall be from 8 a.m. to 8 p.m.

5. The Returning Officer shall provide each polling station with materials for voters to mark the ballot papers, with instruments for stamping thereon the official mark, and with copies of the register of voters, or such part thereof as contains the names of voters allotted to vote at such station. He shall keep the official mark secret.

21. The Presiding Officer appointed to preside at each station shall keep order at his station, shall regulate the number of electors to be admitted at a time, and shall exclude all other persons except the clerks, the agents of the candidates, and the constables on duty.

22. Every ballot paper shall contain a list of the candidates described as in their respective nomination papers, and arranged alphabetically in the order of their surnames, and (if there are two or more candidates with the same surname) of their other names; it shall be in the form set forth in the Second Schedule to this Act or as near thereto as circumstances admit, and shall be capable of being folded up.

23. Every ballot box shall be so constructed that the ballot papers can be introduced therein, but cannot be withdrawn therefrom, without the box being unlocked. The Presiding Officer at any polling station, just before the commencement of the poll, shall show the ballot box empty to such persons, if any, as may be present in such station, so that they may see that it is empty, and shall then lock it up, and place his seal upon it in such a manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers, and keep it so locked and sealed.

24. Immediately before a ballot paper is delivered to an elector it shall be marked on both sides with the official mark either stamped or perforated, and the number, name, and description of the elector as stated in the copy of the register shall be called out, and the number of such elector, together with the distinguishing mark, if any, of the part of the register in which the number occurs, shall, as required by Section 2 of this Act as adapted, be marked on the counterfoil, and a mark shall be placed in the register against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received.

25. The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments in the polling station, and there mark his paper, and fold it up so as to conceal his vote, and shall then put his ballot paper, so folded up, into the ballot box; he shall vote without undue delay, and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

26. The Presiding Officer, on the application of any voter who is incapacitated by blindness or other physical cause from voting in manner prescribed by this Act, or (if the poll be taken on Saturday) of any voter who declares that he is of the Jewish persuasion, and objects on religious grounds to vote in manner prescribed by this Act, or of any voter who makes such a declaration as hereinafter mentioned that he is unable to read, shall, in the presence of the agents of the candidates, cause the vote of such voter to be marked on a ballot paper in manner directed by such voter, and the ballot paper to be placed in the ballot box, and the name and number on the register of voters of every voter whose vote is marked in pursuance of this rule, and the reason why it is so marked shall be entered on a list, in this Act called "the list of votes marked by the Presiding Officer."

The said declaration, in this Act referred to as "the declaration of inability to read," shall be made by the voter at the time of polling, before the Presiding Officer, who shall attest it in the form hereinafter mentioned, and no fee, stamp, or other payment shall be charged in respect of such declaration, and the said declaration shall be given to the Presiding Officer at the time of voting.

27. If a person, representing himself to be a particular elector named on the register, applies for a ballot paper after another person has voted as such elector, the applicant shall, upon duly answering the questions permitted by the Guardians (Ireland) Election Order, 1899, to be asked of voters at the time of polling and upon taking an oath in the form hereinafter set out, which the Presiding Officer shall administer, be entitled to mark a ballot paper in the same manner as any other voter, but the ballot paper (in this Act called a tendered ballot paper) shall be of a colour differing from the other ballot papers, and, instead of being put into the ballot box, shall be given to the Presiding Officer and endorsed by him with the name of the voter and his number in the register of voters, and set aside in a separate packet, and shall not be counted by the Returning Officer. And the name of the voter and his number on the register shall be entered on a list, in this Act called "the tendered votes list."

The oath shall be administered in the following form:—

"You do swear that you are the same person whose name appears as  
 "A.B. on the Register of  
 "and that you have not already voted at the present Election  
 "of Guardians or at the Election of Rural District Councillors  
 "or Guardians in this or any other District Electoral Division  
 "in the Union.

"So HELP YOU GOD."

Provided that any person entitled to affirm in lieu of taking an oath may affirm in the following form:—

"I, A.B., do solemnly, sincerely, and truly declare and affirm that  
 "I am the same person whose name appears as A.B. on the  
 "Register of Electors for the District Electoral Division of  
 " , and that I have not already voted at the present  
 "Election of Guardians, or at the Election of Rural District  
 "Councillors or Guardians, in this or any other Electoral  
 "Division in the Union."

28. A voter who has inadvertently dealt with his ballot paper in such manner that it cannot be conveniently used as a ballot paper, may, on delivering to the presiding officer the ballot paper so inadvertently dealt with, and proving the fact of the inadvertence to the satisfaction of the presiding officer, obtain another ballot paper in the place of the ballot paper so delivered up (in this Act called a *spoilt ballot paper*), and the *spoilt ballot paper* shall be immediately cancelled.

29. The presiding officer of each station, as soon as practicable after the close of the poll, shall make up into separate packets sealed with his seal,—

- (1.) Each ballot box in use at his station, unopened but with the key attached; and
- (2.) The unused and *spoilt* ballot papers, placed together; and
- (3.) The tendered ballot papers; and
- (4.) The marked copies of the register of electors, and the counter-foils of the ballot papers; and
- (5.) The tendered votes list, and the list of votes marked by the presiding officer, and a statement of the number of the voters whose votes are so marked by the presiding officer under the heads "physical incapacity," "Jews," and "unable to read," and the declarations of inability to read;

and shall deliver such packets to the returning officer, or deputy returning officer by whom the votes are to be counted, unless he is himself such officer.

30. The packets shall be accompanied by a statement made by such presiding officer, showing the number of ballot papers entrusted to him and accounting for them under the heads of ballot papers in the ballot box, unused, *spoilt*, and tendered ballot papers, which statement is in this Act referred to as the *ballot paper account*.

### *Counting Votes.*

31. Each candidate may appoint an agent to attend the counting of the votes.

32. The returning officer shall make arrangements for counting the votes in the presence of the agents of the candidates as soon as practicable after the close of the poll, and shall give to the agents of the candidates appointed to attend at the counting of the votes notice in writing of the time and place at which he will begin to count the same.

33. The returning officer, his assistants and clerks, the agents of the candidates, any person to whom Rule 31 of this Schedule applies, and no other person, except with the sanction of the returning officer, may be present at the counting of the votes.

34. Before the returning officer proceeds to count the votes given at a poll for the Election of Guardians, he shall, in the presence of the agents of the candidates, open each ballot box, and taking out the papers therein, shall count and record the number thereof, and then mix together the whole of the ballot papers contained in the ballot boxes. He shall then proceed to count the votes.

The returning officer, while counting and recording the number of ballot papers and counting the votes, shall keep the ballot papers with their faces upwards, and take all proper precautions for preventing any person from seeing the numbers printed on the backs of such papers.

35. The returning officer shall, so far as practicable, proceed continuously with counting the votes, allowing only time for refreshment, and excluding, if and so far as he thinks it necessary, the hours between the close of the poll and nine o'clock on the succeeding morning.

During the excluded time the returning officer shall place the ballot papers and other documents relating to the election under his own seal and the seals of such of the agents of the candidates as desire to affix their seals, and shall otherwise take proper precautions for the security of such papers and documents.

36. The returning officer shall endorse "rejected" on any ballot paper which he may reject as invalid, and shall add to the endorsement "rejection objected to," if an objection be in fact made by any agent to his decision. The returning officer shall draw up a statement showing the number of ballot papers rejected and not counted by him under the several heads of—

1. Want of official mark ;
2. Voting for more candidates than entitled to ;
3. Writing or mark by which voter could be identified ;
4. Unmarked or void for uncertainty ;

and shall on request allow any agents of the candidates to copy such statement. If the votes are counted by a deputy returning officer he shall, with the declaration of the result of the poll, report to the returning officer the number of ballot papers rejected and not counted by him, under the above heads, and no such statement as aforesaid shall be drawn up by the returning officer. The deputy returning officer shall, on request, allow any agents of the candidates, before such report is sent in, to copy it.

37. Upon the completion of the counting, the returning officer shall seal up in separate packets the counted and rejected ballot papers. He shall not open the sealed packet of tendered ballot papers or marked copy of the register of voters and counterfoils, but shall proceed, in the presence of the agents of the candidates, to verify the ballot paper account given by each presiding officer by comparing it with the number of ballot papers recorded by him as aforesaid, and the unused and spoilt ballot papers in his possession and the tendered votes list, and shall reseal each sealed packet after examination. The returning officer shall draw up a statement as to the result of such verification, and shall, on request, allow any agents of the candidates to copy it.

If the votes are counted by a deputy returning officer, he shall report to the returning officer the result of the verification, and no such statement as aforesaid shall be drawn up by the returning officer. The deputy returning officer shall, on request, allow any agents of the candidates, before such report is sent in, to copy it. He shall with his report send to the returning officer the sealed packets of counted and rejected ballot papers, and the unopened sealed packets which he has received from any presiding officer.

38. Lastly, the returning officer shall carefully preserve for the period hereinafter mentioned all the packets of ballot papers in his possession, together with the said reports, the ballot paper accounts, tendered votes lists, lists of votes marked by the presiding officer, statements relating thereto, declarations of inability to read, and packets of counterfoils, and marked copies of registers, endorsing on each packet a description of its contents and the date of the election to which they relate, and the name of the district for which such election was held.

39. The returning officer shall retain for six months all documents relating to an election of guardians, and then, unless otherwise directed by an order of a court having jurisdiction in the matter, or of any tribunal in which the election is questioned, shall cause them to be destroyed.

40. No person shall be allowed to inspect any rejected ballot papers in the custody of the returning officer, except under the order of the court or tribunal aforesaid, to be granted by such court or tribunal on being satisfied by evidence on oath that the inspection or production of such ballot papers is required for the purpose of instituting or maintaining a prosecution for an offence in relation to ballot papers, or for the purpose of a petition questioning an election or return; and any such order for the inspection or production of ballot papers may be made subject to such conditions as to persons, time, place, and mode of inspection or production as the court or tribunal making the same may think expedient, and shall be obeyed by the returning officer.

41. No person shall, except by order of a court, or of any tribunal having cognizance of any question relating to the election, open the sealed packet of counterfoils after the same has been once sealed up, or be allowed to inspect any counted ballot papers in the custody of the returning officer. Such order may be made subject to such conditions as to persons, time, place, and mode of opening or inspection as the court or tribunal making the order may think expedient: provided that on making and carrying into effect any such order, care shall be taken that the mode in which any particular elector has voted shall not be discovered until he has been proved to have voted, and his vote has been declared by a competent court to be invalid.

42. All documents in the custody of a returning officer in pursuance of this Act other than ballot papers and counterfoils, shall be open to public inspection at such time and under such regulations as may have been or may hereafter be prescribed by the council of the county or county borough in which the electoral division is situate, and the returning officer shall supply copies of or extracts from the said documents to any person demanding the same, on payment of such fees and subject to such regulations as may have been or may hereafter be prescribed by the county council.

43. Where an order is made for the production by the returning officer of any document in his possession relating to any specified election of guardians, the production by such officer or his agent of the document ordered, in such manner as may be directed by such order, or by an order of the court having power to make such first-mentioned order, shall be conclusive evidence that such document relates to the specified election; and any endorsement appearing on any packet of ballot papers produced by such returning officer or his agent shall be evidence of such papers being what they are stated to be by the endorsement. The production from proper custody of a ballot paper purporting to have been used at any election and of a counterfoil marked with the same printed number and having a number marked thereon in writing, shall be *prima facie* evidence that the person who voted by such ballot paper was the person who at the time of such election had affixed to his name in the register of voters at such election the same number as the number written on such counterfoil.

#### *General Provisions.*

47. If the returning officer presides at any polling station, the provisions of this Act relating to a presiding officer shall apply to such returning officer with the necessary modifications as to things to be done by the returning officer to the presiding officer, or the presiding officer to the returning officer.

53. If any person appointed an agent for the purposes of attending a polling station or at the counting of the votes dies, or becomes incapable of acting during the time of the election, another agent may be appointed in his place, and notice shall forthwith be given to the returning officer in writing of the name and address of any agent so appointed.

### THIRD SCHEDULE.

PROVISIONS OF THE BALLOT ACT, 1872, AS ADAPTED AND ALTERED  
 IN THEIR APPLICATION TO THE ELECTION OF COUNTY AND  
 RURAL DISTRICT COUNCILLORS.

#### PROCEDURE AT ELECTIONS OF COUNTY AND RURAL DISTRICT COUNCILLORS.

##### *Poll at Elections.*

2. The ballot of each voter shall consist of a paper (in this Act called a ballot paper) showing the names and description of the candidates. Each ballot paper shall have a number printed on the back, and shall have attached a counterfoil with the same number printed on the face. At the time of voting, the ballot paper shall be marked on both sides with an official mark, and delivered to the voter within the polling station, and the number of such voter on the register of voters shall be marked on the counterfoil, and the voter having secretly marked his vote on the paper, and folded it up so as to conceal his vote, shall place it in a closed box in the presence of the officer presiding at the polling station (in this Act called "the presiding officer") after having shown to him the official mark at the back.

If in the register of electors for a county electoral division the same number is placed opposite to the name of more than one elector, the returning officer shall put a distinguishing mark on each part of the register which contains numbers used in other parts of the register, and when the number of any voter on any part of the register is entered on the counterfoil of a ballot paper, the mark on that part shall also be entered thereon.

Any ballot paper which has not on its back the official mark, or on which votes are given to more candidates than the voter is entitled to vote for, or on which anything, except the said number on the back, is written or marked by which the voter can be identified, shall be void and not counted.

After the close of the poll the ballot boxes shall be sealed up, so as to prevent the introduction of additional ballot papers, and shall be taken charge of by the returning officer, and that officer shall, in the presence of such agents, if any, of the candidates as may be in attendance, open the ballot boxes, and ascertain the result of the poll by counting the votes given to each candidate, and shall forthwith declare to be elected the candidate to whom the majority of votes have been given. The decision of the returning officer as to any question arising in respect of any ballot paper shall be final, subject to reversal on petition questioning the election or return.

#### OFFENCES.

##### *Offences in respect of Ballot Papers and Ballot Boxes.*

#### 3. Every person who—

- (2.) Without due authority supplies any ballot paper to any person ; or
- (3.) Fraudulently puts into any ballot box any paper other than the ballot paper which he is authorised by law to put in ; or
- (4.) Fraudulently takes out of the polling station any ballot paper ; or
- (5.) Without due authority destroys, takes, opens, or otherwise interferes with any ballot box or packet of ballot papers then in use for the purposes of the election ;

shall be guilty of a misdemeanor, and be liable, if he is a returning officer or an officer or clerk in attendance at a polling station, to imprisonment for any term not exceeding two years, with or without hard labour, and if he is any other person to imprisonment for any term not exceeding six months, with or without hard labour.

Any attempt to commit any offence specified in this section shall be punishable in the manner in which the offence itself is punishable.

In any indictment or other prosecution for an offence in relation to the ballot boxes, ballot papers, and marking instruments at an election, the property in such papers, boxes, and instruments may be stated to be in the returning officer at such election, as well as the property in the counterfoils.

*Infringement of Secrecy.*

4. Every officer, clerk, and agent in attendance at a polling station shall maintain and aid in maintaining the secrecy of the voting in such station, and shall not communicate, except for some purpose authorised by law, before the poll is closed, to any person any information as to the name or number on the register of electors of any elector who has or has not applied for a ballot paper or voted at that station, or as to the official mark, and no such officer, clerk or agent, and no person whosoever, shall interfere with or attempt to interfere with a voter when marking his vote, or otherwise attempt to obtain in the polling station information as to the candidate for whom any voter in such station is about to vote or has voted, or communicate at any time to any person any information obtained in a polling station as to the candidate for whom any voter in such station is about to vote or has voted, or as to the number on the back of the ballot paper given to any voter at such station. Every officer, clerk, agent, and person in attendance at the counting of the votes shall maintain and aid in maintaining the secrecy of the voting, and shall not attempt to ascertain at such counting the number on the back of any ballot paper, or communicate any information obtained at such counting as to the candidate for whom any vote is given in any particular ballot paper. No person shall directly or indirectly induce any voter to display his ballot paper after he shall have marked the same, so as to make known to any person the name of the candidate for or against whom he has so marked his vote.

Every person who acts in contravention of the provisions of this section shall be liable, on summary conviction before two justices of the peace, to imprisonment for any term not exceeding six months, with or without hard labour.

## USE OF SCHOOL AND PUBLIC ROOM FOR POLL.

6. The returning officer at an election of { *County*  
Rural District } Councillors may use free of charge, for the purpose of taking the poll, hearing objections to nomination papers, and for counting the votes at such election, any room in a school receiving a grant out of moneys provided by Parliament, and any room the expense of maintaining which is payable out of any local rate, but he shall make good any damage done to such room, and defray any expense incurred by the person or body of persons, corporate or unincorporate, having control over the same on account of its being used for the purpose of taking the poll or for counting the votes as aforesaid. This section shall not apply to any school adjoining or adjacent to any church or other place of worship, nor to a school connected with a convent or other religious establishment.

The use of any room in an unoccupied house for taking the poll shall not render any person liable to be rated or to pay any rate for such house.

## DUTIES OF RETURNING AND ELECTION OFFICERS.

8. Subject to the provisions of this Act, every returning officer shall provide such nomination papers, polling stations, ballot boxes, ballot papers, stamping instruments copies of register of electors, and other

Every deputy returning officer shall, in so far as he acts as returning officer, be deemed to be included in the term returning officer.

*Keeping of Order in Station.*

9. If any person misconducts himself in the polling station, or fails to obey the lawful orders of the presiding officer, he may immediately, by order of the presiding officer, be removed from the polling station by any constable in or near that station, or any other person authorised in writing by the returning officer to remove him; and the person so removed shall not, unless with the permission of the presiding officer, again be allowed to enter the polling station during the day.

Any person so removed as aforesaid, if charged with the commission in such station of any offence, may be kept in custody until he can be brought before a justice of the peace.

Provided that the powers conferred by this section shall not be exercised so as to prevent any elector who is otherwise entitled to vote at any polling station from having an opportunity of voting at such station.

*Powers of Presiding Officer and Administration of Oaths, &c.*

10. For the purpose of the adjournment of the poll, a presiding officer shall have the power by law belonging to a deputy returning officer in a parliamentary election; and any presiding officer and any clerk appointed by the returning officer to attend at a polling station shall have the power of asking the questions and administering the oath authorised by law to be asked of and administered to voters, and any justice of the peace and any returning officer may take and receive any declaration authorised by this Act to be taken before him.

*Liability of Officers for Misconduct.*

11. Every returning officer, presiding officer, and clerk who is guilty of any wilful misfeasance or any wilful act or omission in contravention of this Act shall, in addition to any other penalty or liability to which he may be subject, forfeit to any person aggrieved by such misfeasance, act, or omission a penal sum not exceeding one hundred pounds.

*Non-compliance with Rules.*

13. No election shall be declared invalid by reason of a defect in the title or appointment of the returning officer or deputy returning officer or of a non-compliance with the rules contained in the First Schedule to this Act or in the County and Rural District Councillors (Ireland) (No. 2) Election Order, 1899, or any mistake in the use of the forms in the Second Schedule to this Act or in the said Order, if it appears to the tribunal having cognizance of the question that the election was conducted in accordance with the principles laid down in the body of this Act and of the Local Government (Ireland) Act, 1898, and that such non-compliance or mistake did not affect the result of the election.

## PERSONATION.

*Definition and Punishment of Personation.*

24. The following enactments shall be made with respect to personation at an election of { *County Councillors*  
 { *Rural District Councillors* }.

Sections 93 to 96, both inclusive, of the Representation of the People (Ireland) Act, 1850, shall apply to personation at an election of { *County Councillors*  
 { *Rural District Councillors* } in the same manner as they apply to a person who knowingly personates and falsely assumes to vote in the name of another person as mentioned in the said Act, but with the substitution of the words "any agent appointed under the County and Rural District Councillors (Ireland) (No. 2) Election Order, 1899," for "any such agent so appointed as aforesaid" or for any reference to any such agent, and of "the presiding officer" for "the returning officer or his respective deputy."

28. The schedules to this Act, and the notes thereto, and directions therein shall be construed and have effect as part of this Act.

## SCHEDULES TO ACT.

## FIRST SCHEDULE TO ACT.

## RULES FOR ELECTIONS OF COUNTY AND RURAL DISTRICT COUNCILLORS.

*The Poll.*

15. At every polling place the returning officer shall, subject to the provisions of the County and Rural District Councillors (Ireland) Election Order, 1899, provide a sufficient number of polling stations for the accommodation of the electors entitled to vote at such polling place, and shall distribute the polling stations amongst those electors in such manner as he thinks most convenient.

17. A separate room or separate booth may contain a separate polling station, or several polling stations may be constructed in the same room or booth.

18. No person shall be admitted to vote at any polling station except the one allotted to him.

20. The returning officer shall provide each polling station with materials for voters to mark the ballot papers, with instruments for stamping thereon the official mark, and with copies of the register of voters, or such part thereof as contains the names of the voters allotted to vote at such station. He shall keep the official mark secret.

21. The presiding officer appointed to preside at each station shall keep order at his station, shall regulate the number of electors to be admitted at a time, and shall exclude all other persons except the clerks, the agents of the candidates, and the constables on duty.

22. Every ballot paper shall contain a list of the candidates described as in their respective nomination papers, and arranged alphabetically in the order of their surnames, and (if there are two or more candidates with the same surname) of their other names; it shall be in the form set forth in the Second Schedule to this Act or as near thereto as circumstances admit and shall be capable of being folded up.

23. Every ballot box shall be so constructed that the ballot papers can be introduced therein, but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, just before the commencement of the poll, shall show the ballot box empty to such persons, if any, as may be present in such station, so that they may see that it is empty, and shall then lock it up, and place his seal upon it in such manner as to prevent its being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers, and keep it so locked and sealed.

24. Immediately before a ballot paper is delivered to an elector, it shall be marked on both sides with the official mark either stamped or perforated, and the number, name, and description of the elector as stated in the copy of the register shall be called out, and the number of such elector, together with the distinguishing mark, if any, of the part of the register in which the number occurs, shall, as required by Section 2 of this Act as adapted, be marked on the counterfoil, and a mark shall be placed in the register against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received.

25. The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments in the polling station, and there mark his paper, and fold it up so as to conceal his vote, and shall then put his ballot paper, so folded up, into the ballot box; he shall vote without undue delay, and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

26. The presiding officer, on the application of any voter who is incapacitated by blindness or other physical cause from voting in manner prescribed by this Act, or (if the poll be taken on Saturday) of any voter who declares that he is of the Jewish persuasion, and objects on religious grounds to vote in manner prescribed by this Act, or of any voter who makes such a declaration as hereinafter mentioned that he is unable to read, shall, in the presence of the agents of the candidates, cause the vote of such voter to be marked on a ballot paper in manner directed by such voter, and the ballot paper to be placed in the ballot box, and the name and number on the register of voters of every voter whose vote is marked in pursuance of this rule, and the reason why it is so marked shall be entered on a list, in this Act called "the list of votes marked by the presiding officer."

The said declaration, in this Act referred to as "the declaration of inability to read," shall be made by the voter at the time of polling, before the presiding officer, who shall attest it in the form hereinafter mentioned, and no fee, stamp, or other payment shall be charged in respect of such declaration, and the said declaration shall be given to the presiding officer at the time of voting.

27. If a person, representing himself to be a particular elector named on the register, applies for a ballot paper after another person has voted as such elector, the applicant shall upon duly answering the questions permitted by the County and Rural District Councillors (Ireland) (No. 2) Election Order, 1899, to be asked of voters at the time of polling, and upon taking an oath in the form hereinafter set out, which the presiding officer shall administer, be entitled to mark a ballot paper in the same manner as any other voter, but the ballot paper (in this Act called a tendered ballot paper) shall be of a colour differing from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the voter and his number in the register of voters, and set aside in a separate packet, and shall not be counted by the returning officer. And the name of the voter and his number on the register shall be entered on a list, in this Act called "the tendered votes list."

The oath shall be administered in the following form:—

"You do swear that you are the same person whose name appears  
"as *A.B.* on the Register of Local Government Electors for

"the { *County* } Electoral " Division of  
" { *District* }

"and that you have not already voted at the present election

"of { *County* } Councillors for the { *County* }  
" { *Rural District* }

"of , in this or any other { *County* }  
" { *District* }

"Electoral Division of the said { *County* } of  
" { *Rural District* }, and that you have not already voted

"at an Election either of Rural District Councillors or

"Guardians in any other District Electoral Division of the  
"Union of .

"So HELP YOU GOD."

33. The returning officer, his assistants and clerks, the agents of the candidates, and any person to whom Rule 51 of this Schedule applies, and no other person, except with the sanction of the returning officer, may be present at the counting of the votes.

34. Before the returning officer proceeds to count the votes, he shall, in the presence of the agents of the candidates, open each ballot box, and taking out the papers therein, shall count and record the number thereof, and then mix together the whole of the ballot papers contained in the ballot boxes. He shall then proceed to count the votes.

The returning officer, while counting and recording the number of ballot papers and counting the votes, shall keep the ballot papers with their faces upwards, and take all proper precautions for preventing any person from seeing the numbers printed on the backs of such papers.

35. The returning officer shall, so far as practicable, proceed continuously with counting the votes, allowing only time for refreshment, and excluding, if and so far as he thinks it necessary, the hours between the close of the poll and nine o'clock on the succeeding morning. During the excluded time the returning officer shall place the ballot papers and other documents relating to the election under his own seal and the seals of such of the agents of the candidates as desire to affix their seals, and shall otherwise take proper precautions for the security of such papers and documents.

36. The returning officer shall endorse "rejected" on any ballot paper which he may reject as invalid, and shall add to the endorsement "rejection objected to," if an objection be in fact made by any agent to his decision. The returning officer shall draw up a statement showing the number of ballot papers rejected and not counted by him under the several heads of—

1. Want of official mark ;
2. Voting for more candidates than entitled to ;
3. Writing or mark by which voter could be identified ;
4. Unmarked or void for uncertainty ;

and shall on request allow any agents of the candidates to copy such statement. If the votes are counted by a deputy returning officer he shall, with the declaration of the result of the poll, report to the returning officer the number of ballot papers rejected and not counted by him, under the above heads, and no such statement as aforesaid shall be drawn up by the returning officer. The deputy returning officer shall, on request, allow any agents of the candidates, before such report is sent in, to copy it.

37. Upon the completion of the counting, the returning officer shall seal up in separate packets the counted and rejected ballot papers. He shall not open the sealed packet of tendered ballot papers or marked copy of the register of voters and counterfoils, but shall proceed, in the presence of the agents of the candidates, to verify the ballot paper account given by each presiding officer by comparing it with the number of ballot papers recorded by him as aforesaid, and the unused and spoilt ballot papers in his possession and the tendered votes list, and shall re-seal each sealed packet after examination. The returning officer shall draw up a statement as to the result of such verification, and shall, on request, allow any agents of the candidates to copy it.

If the votes are counted by a deputy returning officer, he shall report to the returning officer the result of the verification, and no such statement as aforesaid shall be drawn up by the returning officer. The

deputy returning officer shall, on request, allow any agents of the candidates, before such report is sent in, to copy it. He shall with his report send to the returning officer the sealed packets of counted and rejected ballot papers, and the unopened sealed packets which he has received from any presiding officer.

38. Lastly, the returning officer shall carefully preserve for the period hereinafter mentioned all the packets of ballot papers in his possession, together with the said reports, the ballot paper accounts, tendered votes list, lists of votes marked by the presiding officer, statements relating thereto, declarations of inability to read, and packets of counterfoils, and marked copies of registers, endorsing on each packet a description of its contents and the date of the election to which they relate, and the name of the district for which such election was held.

39. The returning officer shall retain for six months all documents relating to an election of { *County*  
Rural District } Councillors, and then, unless otherwise directed by an order of a court having jurisdiction in the matter, or of any tribunal in which the election is questioned, shall cause them to be destroyed.

40. No person shall be allowed to inspect any rejected ballot papers in the custody of the returning officer, except under the order of the court or tribunal aforesaid, to be granted by such court or tribunal on being satisfied by evidence on oath that the inspection or production of such ballot papers is required for the purpose of instituting or maintaining a prosecution for an offence in relation to ballot papers, or for the purpose of a petition questioning an election or return; and any such order for the inspection or production of ballot papers may be made subject to such conditions as to persons, time, place, and mode of inspection or production as the court or tribunal making the same may think expedient, and shall be obeyed by the returning officer.

41. No person shall, except by order of a court, or of any tribunal having cognizance of any question relating to the election, open the sealed packet of counterfoils after the same has been once sealed up, or be allowed to inspect any counted ballot papers in the custody of the returning officer. Such order may be made subject to such conditions as to persons, time, place, and mode of opening or inspection as the court or tribunal making the order may think expedient: Provided that on making and carrying into effect any such order, care shall be taken that the mode in which any particular elector has voted shall not be discovered until he has been proved to have voted, and his vote has been declared by a competent court to be invalid.

42. All documents in the custody of a returning officer in pursuance of this Act, other than ballot papers and counterfoils, shall be open to public inspection at such time and under such regulations as may have been or may hereafter be prescribed by the Council of the County in which the { *County*

by such order, or by an order of the court having power to make such first-mentioned order, shall be conclusive evidence that such document relates to the specified election; and any endorsement appearing on any packet of ballot papers produced by such returning officer or his agent shall be evidence of such papers being what they are stated to be by the endorsement. The production from proper custody of a ballot paper purporting to have been used at any election, and of a counterfoil marked with the same printed number and having a number marked thereon in writing, shall be *prima facie* evidence that the person who voted by such ballot paper was the person who at the time of such election had affixed to his name in the register of voters at such election the same number as the number written on such counterfoil.

*General Provisions.*

47. If the returning officer presides at any polling station, the provisions of this Act relating to a presiding officer shall apply to such returning officer with the necessary modifications as to things to be done by the returning officer to the presiding officer, or the presiding officer to the returning officer.

48. The returning officer may, in addition to any clerks, appoint competent persons to assist him in counting the votes.

49. No person shall be appointed by a returning officer for the purposes of an election who has been employed by any other person in or about the election.

52. The name and address of every agent of a candidate appointed to attend the counting of the votes shall be transmitted to the returning officer so as to reach him two clear days at the least before the opening of the poll; and the returning officer may refuse to admit to the place where the votes are counted any agent whose name and address has not been so transmitted, notwithstanding that his appointment may be otherwise valid, and any notice required to be given to an agent by the returning officer may be delivered at or sent by post to such address.

53. If any person appointed an agent for the purposes of attending a polling station, or at the counting of the votes dies, or becomes incapable of acting during the time of the election, another agent may be appointed in his place, and notice shall forthwith be given to the returning officer in writing of the name and address of any agent so appointed.

54. Every returning officer, and every officer, clerk, or agent authorised to attend at a polling station, and also every officer, clerk, or agent authorised to attend at the counting of the votes, shall, before the opening of the poll, make a statutory declaration of secrecy, in the presence, if he is the returning officer, of a justice of the peace, and if he is any other officer or an agent, of a justice of the peace or of

the returning officer; but no such returning officer, clerk, or agent as aforesaid shall, save as aforesaid, be required, as such, to make any declaration or take any oath on the occasion of any election.

55. Where in this Act any expressions are used requiring or authorising or inferring that any act or thing is to be done in the presence of the agents of the candidates, such expressions shall be deemed to refer to the presence of such agents of the candidates as may be authorised to attend, and as have in fact attended, at the time and place where such act or thing is being done, and the non-attendance of any agents or agent at such time and place shall not, if such act or thing be otherwise duly done, in anywise invalidate the act or thing done.

## GENERAL ORDER

For keeping and auditing the ACCOUNTS of BOARDS of GUARDIANS and their Committees and Officers.

To the Guardians of the Poor of the several Unions named in the Second Schedule hereunto annexed; To the Committees and Officers of the said Guardians; and to all others whom it may concern:

In pursuance of the powers vested in Us by the Poor Relief (Ireland) Act, 1838, and the Acts amending the same, We, the Local Government Board for Ireland, do hereby, from the 25th day of March, 1899, rescind all Orders, and all such parts of any Orders, now in force as relate to the keeping, examining, closing, auditing, or otherwise dealing with the Accounts of the Guardians of the Poor of the several Unions named in the Second Schedule hereunto annexed:

And We hereby Order and direct as follows:—

Article 1.—This Order shall be known and cited as “The Union Accounts Order, 1899.”

Article 2.—The several regulations in this Order contained shall, from and after the 25th day of March, 1899, be observed in regard to the accounts of the Guardians of the Poor of the several Unions named in the Second Schedule hereunto annexed, hereinafter referred to as “the Guardians,” and of their Committees and Officers, and in regard to the audit of such accounts, except in so far as the Local Government Board may, from time to time, assent to any departure from such regulations.

Article 3.—The several Books of Account and other Records shall be kept by the respective Officers of the Guardians, and of their Committees, respectively, according to the forms and directions given in this Order and in the First Schedule hereunto annexed.

*Accounts to be kept by the Clerk.*

Article 4.—The Clerk shall punctually enter up and accurately keep the following Books of Account, namely:—

THE MINUTE BOOK, in which shall be entered the statistical information laid before the Guardians relating to the inmates of the Workhouse, and the state of the Finances of the Union; Minutes of all Proceedings of the Guardians conducted in accordance with the directions given in any Order of the Local Government Board for the time being in force regulating such proceedings. The Financial transactions shall be entered together in the first part of the Minutes of each Meeting (Forms 1 (a) and 1 (b)).

(2.) THE FINANCIAL STATEMENT BOOK OF RECEIPTS (Form 2), and of EXPENDITURE (Form 3), in which shall be entered and classified in the proper columns the several items of money lodged with the Treasurer during each month, and particulars of the Orders for payment made on the Treasurer by the Guardians at each Stated Finance Meeting to be held in accordance with Article 8 (1) of this Order. The Receipts reported to, and the payments ordered at the Stated Finance Meetings held in the months of October and April, in any year, which under Article 8 (1) and (6) of this Order are required to relate exclusively to the half-years ending on the last day of September and the last day of March in such year, shall be included in the Accounts of the said half-years, respectively.

Except in the case of advances made to Union Officers for Out-door Relief, or to the Clerk for petty cash, the payments made at each Stated Finance Meeting shall be in respect of goods supplied, work done, or liabilities incurred not later than the close of the preceding month. The second meeting of the Guardians in each month shall be the Stated Finance Meeting. The Receipts reported by the Treasurer to the Guardians, and the payments ordered by them, at each Stated Finance Meeting, shall be kept distinct, and shall be entered and totalled on a separate Statement. At the Ordinary Meeting next following each Stated Finance Meeting, the Statements having been first certified at foot by the Clerk, shall be submitted for confirmation by the Guardians, and, when examined and confirmed, shall be signed at foot by the Chairman of the meeting.

(2.) The Order issued in favour of each Relieving Officer shall be of such amount as will provide for his estimated expenditure on Out-door Relief during the ensuing month, provided it be not more than £30. Where the expenditure is estimated to exceed this sum, the amount to be advanced should be so divided between two or more separate orders, that the amount of any one order shall not exceed the estimated expenditure for a fortnight; and, where more than one such Order is issued at the same Stated Finance Meeting to the same Relieving Officer, it shall be the duty of the Clerk to issue the orders in such manner that no Relieving Officer shall, at any one time, have in hands a larger balance than will provide for a fortnight's estimated expenditure.

(3.) No bill or demand against the Union exceeding £1 shall be payable at any Stated Finance Meeting, unless and until it shall have been allowed, either by the Board of Guardians, or by some Committee or person specially authorized by them for that purpose, nor unless it shall have been in the hands of the Clerk two clear days at the least before the day of such meeting. All payments out of the Union Fund exceeding £1 shall be made by the Treasurer, and shall, unless made in pursuance of the specific requirement of any Act of Parliament, or of an order of the Local Government Board or other competent authority, be made in pursuance of an order of the Board of Guardians (Form 32), signed by the Chairman and two Guardians present at a Meeting of the Board, and countersigned by the Clerk.

(4.) Payments not exceeding £1 by the Clerk, in respect of petty disbursements, made by direction of the Board of Guardians, or on his own authority in case of urgency, are to be brought into the Financial Statement Book of Expenditure, in the following manner. Having regard to the average amount of such payments, the Guardians shall fix, as a normal balance, a sum which will be sufficient to meet all such payments for one month. At each Stated Finance Meeting the Clerk shall produce a list of his expenditure since the last settlement of his account, classified on the lines of the Financial Statement Book, with vouchers, and, the Guardians having examined the list and vouchers shall, by the issue of an order for the total amount of such expenditure, reinstate his balance at the normal amount, and the expenditure shall be classified in the Financial Statement Book in the same way as all other expenditure.

(5.) After each Stated Finance Meeting of the Guardians, the Clerk shall forthwith deliver, or transmit by post, to every person in whose favour a payment is so ordered at the said Meeting, a negotiable paying order or advice (Form 33), duly signed by him.

(6.) All bills and demands shall be brought in within six days at the furthest after the expiration of the half-year in which they were incurred, and shall be forthwith examined, and shall be paid at the next Stated Finance Meeting, and be included in the accounts of the half-year.

(7.) The Clerk shall, before each Stated Finance Meeting, procure from the Treasurer a statement of the sums of money and Paying Orders which the Treasurer shall have received and paid since his last statement, and shall lay the same before the said Meeting; and the Chairman of the Board shall affix his signature to the said book or statement of the Treasurer, when the accuracy thereof shall have been ascertained.

(8.) The Clerk shall enter from the Treasurer's Book in the proper column of the Financial Statement Book of Expenditure (Form 3) the date on which the amount of each Paying Order was paid by the Treasurer, as appearing in the Treasurer's Book.

(9.) The Board of Guardians, in the examination and passing of bills, shall refer to the counterparts in the Order Check Book (Form 4) of the Orders, sanctioning the expenditure, and shall in all cases require the party to whom the order was issued to produce it.

*Closing Accounts, Half-yearly Abstracts and Audit.*

Article 9.—The Clerk shall make up and balance the Accounts of the Union at the end of every half-year ending on the Thirtieth day of September and the Thirty-first day of March, and shall prepare therefrom, and from the other records of the Union, an Abstract (Forms 34 (a) and 34 (b), containing STATISTICAL STATEMENTS and other particulars, indicated thereon, and shall also make up an Abstract (Forms 35 (a), 35 (b), and 35 (c)), containing FINANCIAL STATEMENTS and other particulars indicated thereon. One copy of each of the said Abstracts shall be forwarded to the Auditor appointed for the Union, within one month after the close of the half-year.

Article 10.—The Auditor shall give to the Clerk ten clear days' notice (Form 36) of the day appointed for auditing the Accounts of the Union, and the Clerk shall, after receiving such notice, give six clear days' notice of the time and place at which such audit shall be held in the following manner:—

- (a.) By causing to be exhibited on the external gate or door of the Workhouse a notice (Form 37), and by continuing the same so exhibited until the day appointed for such audit.
- (b.) By an advertisement in the same form in some one or more of the public newspapers circulating in the Union.

The Clerk shall also give due notice to the Treasurer of this appointment, and shall send to the several other Union Officers who are bound to account, a notice in the Form 38.

The Clerk shall, six clear days before the day appointed for auditing the Accounts of the Union, deposit the said Abstracts and Books in the Board Room of the Union; and shall permit the said Abstracts and Books to be inspected, examined, and copied by or on behalf of any body or person interested in the Union, at any reasonable hour of the day (not being Sunday or a bank holiday), when the

Board shall not be sitting, after they shall be so deposited, and until the day previous to that appointed for the auditing thereof.

Article 11.—Before each audit the Clerk shall carefully prepare and verify a sufficient number of fair copies of the Abstracts of Accounts (Forms 34 and 35), and shall submit same to the Auditor, who at the conclusion of the audit, shall attest them, and shall deal with them as provided in Article 12 of this Order.

Article 12.—Within fourteen days after the completion of each Audit, the Auditor shall make a report to the Local Government Board upon the accounts audited and examined by him, and shall transmit with such report the attested copies of the Abstracts (Forms 34 and 35) submitted to him as hereinbefore provided. The Local Government Board shall retain one of the Abstracts, and shall furnish the Guardians and the Council of the County or Counties in which the Union is situated, with a copy of the Auditor's Report, and with one of the attested Abstracts received therewith. Upon receipt of the Auditor's Report and Abstracts the Clerk shall forthwith publish the same in some one or more of the public newspapers circulating in the Union, and shall also within one month after each audit, furnish to every member of the Board of Guardians a copy of the Auditor's Report, and of the said Abstracts.

Article 13.—The Accounts of the Guardians and their Officers shall be audited half-yearly. Provided always, that if the Auditor shall be required by the Local Government Board to hold an extraordinary audit, either of the whole or of any portion of the Accounts, in addition to the ordinary audit, all the provisions herein contained with reference to the ordinary audit shall, so far as they may be applicable, apply to such extraordinary audit.

Article 14.—The Clerk and the other Officers of the Guardians who, by law are liable to account, shall attend at the time and place appointed for the audit of their Accounts, and shall submit all Books and Accounts which they are respectively required to keep by this or any other Order of the Local Government Board, or by the Guardians, together with all documents and vouchers containing or relating to such Books or Accounts.

Article 15.—In auditing the Accounts, the Auditor shall see that they have been kept and are presented in proper form, that the particular items of receipt and expenditure are stated in sufficient detail, and that the payments are supported by adequate vouchers and authority. He shall ascertain whether all sums received, or which ought to have been received, are brought into account, and shall examine whether the expenditure is in all cases such as might lawfully be made. He shall also reduce such payments and charges as he shall deem to be exorbitant; shall surcharge moneys not duly accounted for, or lost by negligence, upon the person who ought to account for the sums, or whose negligence or improper conduct has caused the loss; and shall disallow and strike out such payments as are not authorised by law. If the Auditor find that any money, goods, or chattels belonging to the Guardians, have been purloined, embezzled, wasted, or misapplied, or that any deficiency or loss has been incurred by the negligence or misconduct of any Officer or other person accounting, he shall surcharge such Officer or person with such amount or value in his account, and submit a statement of such surcharge to the Guardians as soon as he conveniently can do so. The sums so surcharged shall be recoverable in the manner provided by the Act 10 Victoria, chapter 31, section 28, and all such sums surcharged, disallowed, or struck out, shall also be recoverable in the

same manner as balances are recoverable under the provisions of the Irish Poor Relief Acts.

Article 16.—When the Auditor disallows any payment or surcharges any sum upon any person, he shall, if required to do so by the person aggrieved, forthwith, or as soon as the arrangements for the business of his audit will permit, at the foot of the Account state the ground of his decision in writing; the disallowance or surcharge shall be reported to the Guardians at their next Meeting, and a copy of the certificate of the surcharge and of the statement, if any, made by the Auditor, shall be entered in the Minutes.

Article 17.—The Auditor shall examine and collate the several Books and Accounts; and shall ascertain that the several entries correspond with and balance each other, where such balance may be required; but in case of any error caused by inadvertence or accident in any account, he may make the necessary correction, or require the Officer rendering it to do so, and the Auditor shall then deal with the account so corrected.

Article 18.—No erasures shall, under any circumstances, be made in any of the records or books of account prescribed by this Order; in case it should be found necessary to make an alteration in any entry, it must be done by striking out the figure to be altered, and by writing above or beside it the figure that is to take its place. The folios or pages, as the case may be, of all such records or books of account should be numbered consecutively by the printer, and no leaf or leaves of any bound book so numbered shall be removed from the book.

Article 19.—The Auditor shall receive any objection made by or on behalf of any body or person, interested or aggrieved, against the Accounts undergoing audit, or any item or charge therein, or any vouchers or authority for the same; he may, if he thinks fit, require such objection to be put in writing, and shall examine into the merits thereof.

Article 20.—If the Auditor shall doubt the correctness of any account, or any item or charge in any account, he may by summons under his hand and seal, require any person to attend before him at any audit or adjournment thereof for the purpose of giving any information or evidence upon any matter connected with the Accounts, of any Officer of the Guardians liable to account, and may make inquiry into any such matter, and may administer oaths, and may examine all such persons upon oath, and may require and enforce the production, upon oath, of Books, Contracts, Agreements, Accounts, Maps, Plans, Surveys, Valuations, and Writings, or copies thereof, respectively, in any wise relating to such matter, or where the Auditor shall think fit, in lieu of requiring such oaths as aforesaid, he may require any such person to make and subscribe a declaration of the truth of the matters respecting which he shall have been or shall be so examined.

Article 21.—The personal representatives of an Officer accountable under this Order, who dies before the audit of his Accounts, shall account, in conformity with the provisions herein contained, in the place of such deceased Officer, and all regulations affecting the Accounts of such Officer shall, so far as may be otherwise lawful, affect the Accounts of his personal representatives.

Article 22.—The Auditor having audited the several Accounts in the Ledger, shall append his signature and date of audit at foot of the Balance Sheet.

## NOTES.

(See General Note at the head of this Statement).

(a.) In Order to facilitate the checking of these payments and their totals with the corresponding particulars in the Treasurer's authority for making the payments, Form 32 should be ruled so as to be able to contain the same number of Paying Orders as is contained in one folio of this Statement. If the Payments ordered at any Stated Finance Meeting exceed the number of lines in a folio of this Statement, or in the Treasurer's authority, additional folios of this Statement, and additional copies of Form 32 should be used. In each Form 32 so used, the total shown must be the total of the payments thereby authorised; but in this Statement the totals are to be carried forward so as finally to show the total amount of Payments for the month and the Gross Total, including same, to be carried forward.

Where the number of Orders issued for any month exceeds the number of lines on one folio of this Form the totals to be carried forward at foot shall be entered in red ink in the spaces opposite the words "Ledger folio to which posted," and shall be entered in red ink at the top of the next folio under the gross Totals brought forward. In this manner the Totals for the month can be made and posted to the General Ledger in one sum, and one addition at the end of the month's transactions will bring out the Gross Total to be carried forward.

(b.) In order to facilitate the checking of the list of Paying Orders outstanding, and the reconciliation of the Treasurer's Account, at the close of each Half-year the entries in the column headed "Date when paid by Treasurer" should be made in red ink in case of all orders issued in respect of expenditure belonging to the Half-year, but not paid by Treasurer till after the close of the Half-year. The total amounts of all such orders appearing in the column headed "Total amount of sum paid" should be repeated and totalled in the column headed "Orders outstanding at the close of the Half-year." All orders made at the Stated Finance Meeting held in October and in April, will belong to this category and will be shown as orders outstanding at the close of the preceding Half-year.

(c.) For the Receipt of and Expenditure out of loans, a separate account should be opened with the Treasurer. Here insert folios of the General Ledger at which the "Total amount of Payments per this Statement" is credited to Treasurer.

(d.) In this and following columns insert in this space the numbers of the respective folios of the General Ledger at which the "Total amount of Payments per this Statement" under each head is debited to the proper Account.

## LOCAL GOVERNMENT BILL

LOCAL GOVERNMENT BOARD,  
DUBLIN. 1898.

Sir,—I am directed by the Local Government Board for Ireland to inform the Board of Guardians of \_\_\_\_\_ Union that, as they have no doubt observed, the Local Government Bill imposes on the Local Government Board important duties under the boundaries clauses which will require to be carried into effect immediately after the Bill becomes law.

In cases where the boundaries of existing Counties and Unions intersect, certain alterations of areas will have to be made in order that administrative Counties may be formed in accordance with the terms of clause 44, sub-clause (3) of the Bill.

The Guardians will note, however, that when a Union is divided between two Counties, and the area of each divided part is of sufficient size to form a suitable rural district, no change of boundaries need be made, but in cases where a small number of electoral divisions of a Union extend into a County adjoining that in which the greater part of the Union is situated, it will be necessary, in order to secure that each county district shall be situated wholly in one county, to adopt one of two alternatives: either to transfer these electoral divisions to the nearest Union in the same county, and thus leave the county boundary unchanged, or to alter the county boundary so as to include these divisions within the county in which the remainder of the Union is situated.

This point arises in the case of the Union of \_\_\_\_\_ in the County of \_\_\_\_\_ as the Divisions of \_\_\_\_\_ are in the County of \_\_\_\_\_, and are not of sufficient size or valuation to form a suitable district Council in themselves. It will therefore be necessary either :

- (a.) To transfer these County Divisions to Union in the same County, or
- (b.) To allow them to remain a part of Union as heretofore, and to alter the boundary between the Counties of so as to include them in the latter County.

The Local Government Board in carrying out any changes are most anxious to have the advantage of the advice and assistance of the local authorities and of the residents in the localities concerned, and the Board would feel obliged if the Guardians will be good enough to consider this question after due notice to each Guardian, and to assist the Board by ascertaining which of the alternative courses above mentioned would be generally regarded as preferable.

I am,  
Sir,  
Your obedient Servant.

Secretary.

To the Clerk                      Union.

LOCAL GOVERNMENT BOARD,  
DUBLIN, 19th May, 1898.

SIR,—I am directed by the Local Government Board for Ireland, in view of the probable passing into law of the Local Government Bill now before Parliament, to draw the attention of the Board of Guardians to the question of providing funds for the purpose of carrying on the business of the Union during the period intervening between the passing of the Bill and the time at which the Act will come into full operation.

In the majority of the Poor Law Unions in Ireland the financial year terminates on the 29th of September, and the Board consider that in such cases the next poor rate should be estimated for as usual, and signed this year on the board day immediately following the date mentioned. The collection should then be commenced as early as possible, and closed, at all events, before the end of the following month of February. It will be necessary for the Guardians to provide for the first instalment of the seed loan, as the rate will be made after the 1st of July, 1898; but otherwise only for the liabilities and ordinary requirements of the Union from the 30th September, 1898, up to the 31st day of March, 1899, after which date another mode of procedure will be adopted.

Where in any Union the financial year ends on some other day than the 29th of September, the same principle is to be followed with the requisite modifications, and a special seed rate levied if the poor rate be made after the 1st of July, 1898. The Guardians will, however, bear in mind that in estimating for the next poor rate the charges now included in the poor rate will continue to be so included, and that such poor rate is not to provide for any expenses subsequent to the last day of March, 1899.

Where the financial year ends on the 25th of March, and the rate for the year 1898-99 has already been signed, the Local Government Board consider that no further rate will be necessary, and that if the duties of collection are promptly discharged, and carefulness exercised in poor law administration, the amounts assessed will probably be sufficient to meet the expenditure for the full period ending the 31st of March next.

I am, Sir

Your obedient Servant,

THOS. A. MOONEY, Secretary.

To  
The Clerk of each Union.

LOCAL GOVERNMENT BOARD,  
DUBLIN, 16th June, 1898.

SIR,—Adverting to the Local Government Bill now before Parliament, I am directed by the Local Government Board for Ireland to state that as the Bill now stands it is proposed to give the governing bodies of Boroughs and Urban Districts power to adopt the triennial system of election as prescribed for County Councils, instead of the existing system of annual elections.

It has been urged, however, that it would be more in accordance with the wishes of the several Municipal Bodies if the triennial system were applied generally and not made adoptive by the Bill.

The Local Government Board are anxious to ascertain the views of Governing Bodies of Boroughs and Towns upon this point; and I am, therefore, to request you will be good enough to convene a special meeting of the Board with their observations on the subject by this day week if practicable.

I am, Sir,

Your obedient Servant,

THOS. A. MOONEY, Secretary.

LOCAL GOVERNMENT BOARD,

DUBLIN, 25th June, 1898.

SIR,—The Local Government Board for Ireland, in view of the probable passing into law of the Local Government Bill now before Parliament, deem it advisable to draw the attention of the Grand Jury at the coming assizes, and of the Magistrates and associated Cess-payers assembled at the several Presentment Sessions to be held before the Spring Assizes of 1899, to the question of the extent to which works should be presented for and road contracts taken pending the election of the County and Rural District Councils which it is proposed to constitute for the purposes of county government.

The Board consider that it would facilitate the preliminary working of the measure if no presentment were made or confirmed at the Assizes and Sessions mentioned for any new work, and if only such road contracts were entered into as are necessary for maintenance and general repairs; and the Board would suggest that these contracts should, if practicable, terminate not later than the last day of September, 1899.

I am, Sir,

Your obedient Servant,

THOS. A. MOONEY, Secretary.

To the Secretary  
of each Grand Jury.

LOCAL GOVERNMENT BOARD,

DUBLIN, 4th August, 1898.

SIR,—The Local Government Board for Ireland desire to draw your attention to the terms of clause of the Local Government Bill now before Parliament, according to which the expenditure on the roads of a rural district is not to exceed by one-fourth the amount certified by the Board to have been the average expenditure thereon during the three years next before the date of the passing of the Bill into law.

Having regard to this provision, the Board request that you will be so good as to furnish them with a statement showing the poundage of the county cess apportioned on each barony of the county during each of the past three years ending Summer Assizes, 1898, distinguishing the poundages of the amounts apportioned in respect of the county and baronial charges respectively.

# LOCAL GOVERNMENT BOARD FOR IRELAND.

TRANSITORY ARRANGEMENTS UNDER THE LOCAL GOVERNMENT (IRELAND)  
ACT, 1898.

MEMORANDUM TO TOWN CLERKS, SECRETARIES OF TOWNSHIP COMMISSIONERS,  
and Borough and Town Surveyors of Cities and Towns that have  
not been constituted County Boroughs under the Act.

The 1st day of April, 1899, has been fixed by the 124th section of the Act as "the appointed day," that is, the day on which the Act comes into operation as regards County Councils and Urban Districts. <sup>The appointed day.</sup>

The transfer by the Act of certain business of Grand Juries and Presentment Sessions to County Councils and District Councils, the substitution of Rural Districts for Baronies as administrative areas, and the changes to be made in certain cases in the areas of administrative counties, will give rise to many complications and difficulties which can only be dealt with by or under the authority of Orders and Rules to be made under Part VI. of the Act. There are, however, many other complications and difficulties, scarcely less embarrassing, which, by a little foresight and pre-arrangement on the part of local authorities and their officers, can either be avoided altogether or brought down to a point where they will occasion little or no inconvenience.

Having regard to the fundamental changes made by or under the Act in the method of raising expenses, in the transfer to urban authorities of the business of the Guardians as regards collecting the Poor Rate, the appointment of the 31st of March as the day upon which the local financial year will hereafter close, and in the distribution of the powers and duties of local authorities, it is essential that the final account of each existing authority shall include every financial transaction in respect of the period prior to the appointed day; and that, in order to avoid confusion, the accounts of all new authorities shall be kept distinct, and shall contain a record only of financial transactions in respect of the period commencing on the appointed day.

**Final account.** The accounts of each Local Authority, irrespective of the date on which the local financial year in each case at present closes, must be closed and balanced for the broken period ending the 31st March, 1899, and this account must be for all intents and purposes the final account of the existing Local Authority.

**Collection of rates.** The Collectors of Town Rates must be urged to close their collections before the 31st March, and this becomes specially important in those cases where a rate has been struck for a short period.

**Revenues, debts, and liabilities.** It is imperative that all revenues, debts, and liabilities of each Authority relating to the period prior to the appointed day should be ascertained, and the obligations in relation thereto discharged.

**Pending contracts.** It is of the utmost importance that all pending contracts for works should as far as possible be completed and settled before the 31st March, 1899.

**Separation of existing from new accounts.** All the financial transactions of existing Local Authorities will naturally be included in the final account. Fresh bank accounts must in all cases be opened for the financial transactions of each new Authority after the appointed day.

**Cash balances.** Any cash balances in the hands of any of the existing officers on the appointed day must be carefully ascertained, and the amount lodged to credit of the existing account in the bank.

If any complications or difficulties, not dealt with in this Memorandum, should arise in any town, or, if any explanation is required as regards any of the matters to which it refers, the Town Clerk or other officer should immediately address the Local Government Board on the subject.

## LOCAL GOVERNMENT BOARD FOR IRELAND.

TRANSITORY ARRANGEMENTS UNDER THE LOCAL GOVERNMENT (IRELAND)  
ACT, 1898.MEMORANDUM to Secretaries of Grand Juries, County Surveyors,  
and Clerks of the Crown in the several Counties.The appointed  
day.

The 1st day of April, 1899, has been fixed by the 124th section of the Act as "the appointed day," that is the day on which the Act comes into operation as to County Councils and Urban Districts.

The transfer by the Act of certain business of Grand Juries and Presentment Sessions to County Councils and District Councils; the substitution of Rural Districts for Baronies as administrative areas, and the changes to be made in certain cases in the areas of administrative counties, will give rise to many complications and difficulties which can only be dealt with by or under the authority of Orders and Rules to be made under Part VI. of the Act. There are, however, many other complications and difficulties, scarcely less embarrassing, which by a little foresight and pre-arrangement on the part of local authorities and their officers can either be avoided altogether or brought down to a point where they will occasion little or no inconvenience.

Adjustment of  
property and  
liabilities.

It will be the duty of the Local Government Board, in every case where necessary, to apportion and adjust the property, income, debts, liabilities, and expenses of existing authorities as they stand on the appointed day.

Having regard to the fundamental changes made by the Act in the method of raising expenses, in the incidence of taxation, and in the distribution of the powers and duties of local authorities it is essential that the final account of each existing authority shall include every financial transaction in respect of the period prior to the appointed day, and that, in order to avoid confusion, the accounts of all new authorities shall be kept distinct and shall contain a record only of financial transactions in respect of the period commencing on the appointed day.

Final account  
of existing  
authority.

The account of each County following the Spring Assizes, 1899, should therefore be so kept, closed, and balanced as to be for all intents and purposes the final account of the existing Grand Jury.

The attention of the Secretaries of Grand Juries and County Surveyors is specially directed to the following provisions of the Local Government (Ireland) Act (Transitory Provisions) No. 1 Order in Council :—

Transitory  
provisions  
Order in  
Council.

*Action of Presentment Sessions.*

6.—(1.) It shall be the duty of every Presentment Sessions to provide for liquidating so far as practicable, before the appointed day, all current debts and liabilities incurred in respect of their barony or county.

(2.) The Presentment Sessions held next after the making of this Order shall proceed in like manner as if the Act had not passed, subject as follows :—

- (a.) They shall not take into account possible receipts from the Agricultural Grant :
- (b.) They shall not make a presentment for any new work unless it was certified by the Foreman of the Grand Jury at the previous assizes, but they shall make such presentments in respect of works to be executed and matters to be done subsequent to the Spring Assizes next after the making of this Order, as will meet everything required to be done up to the last day of September next following, and as appear necessary to comply with the provisions of this Order with respect to the liquidation of current debts and liabilities :
- (c.) They may arrange for the continuance up to the said last day of September of contracts expiring before that day, and for any other matter required for the maintenance of works up to that day ; and
- (d.) They may make presentments provisional upon a certificate by the County Surveyor before the Assizes, and if such certificate is given, such provisional presentment shall have the effect of a presentment.

The attention of the Barony High Constables should be immediately called to the statutory enactments and the obligation of their Bonds which require them and their Sureties to satisfy their Warrants *in full* prior to the meeting of the Grand Jury at the forthcoming Assizes. At the present time the strict observance of the provisions of the Statutes relating to this matter is of special and urgent importance.

Collection of  
county co.s.

Secretaries of Grand Juries and Clerks of the Crown should take care that in any case where a Grand Jury at the next Assizes makes a presentment in contravention of these enactments the special attention of the going Judge of Assize is directed to the presentment before it is filed.

Undischarged  
presentments.

All undischarged presentments must be made to disappear from the accounts following Spring Assizes, by being re-presented to the credit of of the Barony or the County, as the case may be, on which originally levied—except such of these as have been dealt with under paragraph 6 (d), of above-mentioned Order in Council at the forthcoming Presentment Sessions by being allowed—or allowed subject to certificate of County Surveyor.

Discharged  
presentments  
remaining  
unpaid.

It is imperative that, where practicable, no balances should be returned on Schedule E as unpaid at next Assizes in respect of discharged presentments. The amounts of all discharged presentments remaining unpaid whether appearing on the list attached to the Liability Sheet, or otherwise, shall be re-presented at that Assizes to the credit of the proper Barony or to the County, as the case may be; any claim arising in respect of any sum so re-presented shall be dealt with on its merits by the County Council.

Pending  
contracts.

It is of the utmost importance that, as far as possible, all pending contracts for works, payable out of loans should be completed and settled before the Assizes.

Separation of  
existing from  
new accounts.

All the financial transactions of existing Grand Juries will naturally be included in the Treasurer's or Secretary's Account following Spring Assizes. New Bank Accounts must in all cases be opened for all the financial transactions of the County after the appointed day.

Cash balances.

Any cash balances in the hands of any of the existing County Officers on the appointed day must be carefully ascertained, and the amount lodged to credit of the existing Account in the County Bank.

Lunatic  
Asylum  
patients and  
pupils of  
Reformatory  
and Industrial  
Schools,  
in case of  
change in  
county  
boundaries.

It is of importance that in every County from which an area is transferred, the Secretary should ascertain from the authorities of the District Lunatic Asylum, and of Reformatory and Industrial Schools the name of every patient or pupil confined in such Asylum or School who belongs to or was committed from the transferred area in order that arrangements may be made for the relief of the existing County from its liability in respect of such patients or pupils on and after the appointed day.

It must be understood that no new contracts are to be entered into for a period extending beyond the last day of September, 1899.

If any complications or difficulties not dealt with in this Memorandum should arise in any County, or, if any explanation is required as regards any of the matters to which it refers, the Secretary of the Grand Jury or the County Surveyor should immediately address the Local Government Board on the subject.

SIR,—The Local Government Board for Ireland forward to you the accompanying copy of a memorandum which they have prepared for the guidance of Boards of Guardians and their Officers with a view to preventing, as far as possible, complications and difficulties in the Union Accounts at the close of the current half-year when the provisions of the Local Government (Ireland) Act come into operation as regards Boards of Guardians and Rural Districts.

The special attention of the Guardians and their Officers is directed to the instructions and recommendations contained in the memorandum.

## LOCAL GOVERNMENT BOARD FOR IRELAND.

TRANSITORY ARRANGEMENTS UNDER THE LOCAL GOVERNMENT  
IRELAND ACT, 1898.

MEMORANDUM to Boards of Guardians, Clerks of Unions, and to  
Executive Sanitary Officers of Rural Districts.

The 25th March, 1899, has been fixed by the 124th section of the Act as "the appointed day," that is, the day on which the Act will come into operation as to Rural District Councils and Guardians. The appointed day.

Consequent on the transfer of the business of the existing local authorities, and on the changes to be made in the boundaries of certain administrative areas, many complications and difficulties will present themselves, which can only be dealt with by or under the authority of Orders and Rules to be made under Part VI. of the Act. There are, however, many other complications and difficulties, scarcely less embarrassing, which, by a little foresight and pre-arrangement on the part of local authorities and their officers, can either be avoided altogether, or brought down to a point where they will occasion little or no inconvenience. Avoidable complications and difficulties.

It will be the duty of the Local Government Board, in every case where necessary, to apportion and adjust the property, income, debts, liabilities and expenses of existing authorities as they will stand on the appointed day. Adjustments of assets and liabilities.

Having regard to the fundamental changes made by the Act in the method of raising expenses, in the incidence of taxation, and in the distribution of the powers and duties of local authorities, it is essential that the final account of each existing authority shall include every financial transaction in respect of the period prior to the appointed day; and that, in order to avoid confusion, the accounts of all new authorities shall be kept distinct, and contain a record only of financial transactions in respect of the period commencing on the appointed day. Final account of existing authorities.  
  
Accounts of new authorities to be kept distinct.

The Account of each Poor Law Union for the current half-year should therefore be so kept, closed, and balanced as to be for all intents and purposes the *final Account* of the existing Board of Guardians.

Clause 4 (1) of the Local Government (Ireland) Act Transitory Provisions No. 1, Order in Council, dated 16th August, 1898, enacts as follows:— Last poor rate made by existing

"Every Board of Guardians, as regards the first poor rate made after the date of this Order, shall make the same only for the service of the period ending on the last day of March, one thousand eight hundred and ninety-nine; but otherwise every Board of Guardians shall make, levy, collect, and recover the poor rate in like manner as if the Act had not passed."

The Collectors of the poor rate should be urged to collect and lodge with the Treasurer before the end of the half-year, all recoverable rates included in their Warrants, and, in order to facilitate them in their efforts to comply with this demand, it would be well for the Guardians to hold a special meeting, say in the last week of February next, for the purpose of striking out of the Rate Books all such rates as are not legally recoverable. If this course be taken, the Collectors can be called upon to collect and lodge the remainder of the rates in their Rate collection to be expedited

Warrants before the close of the half-year. It might have the effect of stimulating the Collectors to make the special effort so urgently required of them at this critical time, if they were warned that the prospect of any existing Collector being employed under a Scheme to be approved by the Local Government Board under Section 115 of the Act, might depend on the manner in which his existing duties have been performed.

No payment on account of poundage shall be made to a Collector who has not absolutely closed his Warrant before the 25th March, 1899. The attention of the Auditors will be specially directed to any case of non-compliance with this order.

Value of stock  
of clothing,  
bedding, &c.,  
to be  
accurately  
ascertained.

In the case of every Union, stock must be accurately and exhaustively taken of the Clothing and Bedding on hands on the appointed day, and an accurate valuation of same should be made by a person (not an Officer of the Union concerned) of whose competency the Guardians shall have taken special pains to satisfy themselves.

The original sheets or books in which the stock and valuation are recorded must be carefully preserved and submitted to the Adjustment Officer and to the Auditor on the occasion of their next visit.

Unapportioned  
items of  
expenditure.

In several Unions payments of various kinds made in past half-years (*e.g.*, Solicitors' costs, Engineers' fees, &c.), still remain on the books, they not having been apportioned to debit of the Electoral Divisions. Wherever these items represent payments "on account" to a Solicitor, Engineer, or other creditor of the Union, the Guardians should call upon the creditor to send in his full Account made up to the latest date; if it be a Solicitor's Bill of Costs it should, immediately on receipt, be submitted for taxation. All balances due on foot of such accounts should be paid off before the 25th March, 1899, and, with the unapportioned items referred to, should be included in the Accounts, and properly apportioned under existing Rules. It must be distinctly understood that subsequent to the date of this Memorandum no further payments "on account" are to be made, and that the Balance Sheet for the half year ending the 25th March, 1899, must not include any unapportioned items.

Unexpended  
balances of  
Loans and  
expenditure,  
in excess of  
loans.

It is of the utmost importance that pending Contracts for works payable out of Loans (whether in respect of Dispensary Residences, Labourers Cottages, or Sanitary Works), should be completed, as far as possible, before the close of the half-year.

Labourers  
Acts  
property.

Under the Act, the property acquired under the Labourers Acts will pass from the Rural Sanitary Authority to the District Council or District Councils within each Union; and it is essential that every detail connected with this property should be put into proper order before the transfer takes place. It would be well for the Sanitary Authority forthwith to get up all legal documents relating to the property from the Solicitor, and to appoint a Special Committee to examine carefully all the Orders authorizing the several Schemes, the Arbitrator's awards, the conveyances, statutory receipts, and other title deeds to the plots, also all agreements with the occupying tenants, and all pending contracts for the erection of cottages, the fencing of the plots, and such other work connected therewith as may be still unfinished. The Committee should make a report not later than the 1st January, 1899, to the Guardians, calling attention to every case where a document is missing or defective; they should be instructed to urge upon the Solicitor the absolute necessity of having the title-deeds completed before the appointed day, in every case where it is at all practicable; and they should bring such pressure to bear upon the Contractors and the Engineer, and take such other steps, as will

expedite the works under the several existing contracts, so that, as far as possible, they may be completed before the end of the current half-year.

The Committee should also give special attention to the collection of Cottage Rents. They should examine into every case where arrears exist, and warn the Collector of the responsibility he and his sureties incur under his Bond by reason thereof. They should also advise the Sanitary Authority what immediate steps should be taken to bring the rent collection into a healthy state, so that, on the appointed day, the property may be handed over to the new authority free from all avoidable complications and difficulties.

Cottage rent collection.

It may happen that, notwithstanding the efforts made by the Guardians in the various directions above indicated, some rates made or other moneys receivable for the service of a period prior to the appointed day shall not by that day have reached the hands of the Union Treasurer, or that some current debts or liabilities of the existing Guardians may then remain undischarged.

Postponement of day for closing final account in certain cases.

In such cases it will be necessary, on closing the ledger, to deal with items of income through a Suspense Account, and with undischarged liabilities through an Unpaid Bill Account; but the Local Government Board will regard it as a grave dereliction of duty on the part of any accounting officer should undue advantage be taken of this concession.

All moneys payable to the Guardians or their Officers in respect of any period prior to the appointed day, should be lodged with the Treasurer to the credit of the same account as heretofore. Subsequent to the appointed day, no payment can be made by the Guardians in respect of any liabilities incurred prior to the 25th March, 1899. Liabilities belonging to that period will be discharged in due course out of the same Treasurer's account in such manner as may be subsequently prescribed by the Local Government Board.

Receipts and payments after appointed day.

The Petty Cash Account of the Clerk of the Union, the Outdoor Relief Account of each Relieving Officer, and the Account of every other official entrusted with funds to meet expenditure connected with the Union, should be balanced and closed on the appointed day. The Balance due by or to each official should then, by means of a lodgment or cheque, as the case may be, be at once discharged, so that the Treasurer's Balance shall be the only Cash Balance which will appear on the Balance Sheet.

Treasurer's balance to absorb all other cash balances.

Prior to the appointed day the Board of Guardians should make arrangements with their Treasurer for the supply, after that day, of funds for Petty Cash and Outdoor relief purposes, pending the receipt of moneys in manner provided by the Act.

Future petty cash and outdoor relief accounts.

Pending the issue by the Local Government Board of full instructions as to the manner and form in which Union and District Accounts are to be kept, a new Treasurer's Account should be opened for each Union, and for each Rural District within the Union. To debit of each such Account should be placed all moneys supplied by the County Council under the Act to meet the expenses of the Board of Guardians, or the Rural District Council, as the case may be; and to credit of it should be placed all cheques drawn by the District Council or Guardians in respect of the cost of work done or expenses incurred by them, respectively, after the appointed day.

Future receipts and expenditure to be kept distinct.

The Local Government Board are already preparing materials for the adjustment and apportionment of the property, income, debts, liabilities and expenses of Guardians and Sanitary Authorities; Clerks of Unions and Executive Sanitary Officers must be prepared to supply full information to the adjusting officers. In all cases the information

Information to be kept in readiness.

will be required urgently, and on short notice; and it will therefore be desirable that such arrangements may be made as will enable the officials to supply it without any delay. The Clerk of the Union should collect and keep near his hand such records as will enable him promptly to supply full particulars as to Loans, Dispensaries, Dispensary Residences, Burial Grounds, Labourers' Cottages (finished and unfinished), Sanitary Works, and other property. In particular, he should be in a position to assist the Board with advice and information as to how the devolution or distribution of the assets and liabilities of the Guardians, under each head, will be affected in cases of changes of boundary, or where a Union is divided between more than one County, or where Urban Districts and Rural Districts are jointly concerned in any item of property or liability.

In Unions from which areas are detached it will be necessary for the Guardians to ascertain whether any of the deaf and dumb or blind persons now maintained at their expense at Extern Hospitals, or of the orphans and deserted children boarded out by them, belong to the transferred area; and it will be for them to make arrangements so that the cost of their maintenance, after the appointed day, shall be defrayed by the Guardians of the Union to which the area they belong to has been transferred.

In order to enable the financial transactions of each Union to be satisfactorily closed as on the appointed day, it would be desirable that all Boards of Guardians whose ordinary day of meeting is other than Saturday, should arrange to hold an adjourned meeting for finance purposes only, on the 25th March, 1899.

If any complications or difficulties not dealt with in this circular should arise in any Union, or, if any explanation is required as regards any of the matters to which it refers, the Clerk should immediately address the Local Government Board on the subject.

## SCHEDULE OF ROAD CONTRACTS.

LOCAL GOVERNMENT BOARD,

DUBLIN, 17th November, 1898.

SIR,—I am directed by the Local Government Board for Ireland to state that it will be necessary to prepare a schedule of the road contracts continuing after Summer Assizes, 1898, in the County of \_\_\_\_\_, apportioned to the several Rural Districts in the County, in order to place new authorities, which will come into existence next year under the provisions of the Local Government (Ireland) Act, 1898, in possession of full information with regard to the contracts existing in their respective districts.

This schedule will, of course, have hereafter to be revised in order to include in the return information respecting contracts continued at the forthcoming Spring Assizes up to 30th September next, but this can easily be done by altering the figures in manuscript.

It is most important that the return should be prepared at once, as copies of the schedule will be required immediately for the use of the Officers appointed to carry out adjustments under the Act. The information afforded by these returns will also require to be laid before the new County and District Councils at their first meetings in April next.

I am to forward to you a schedule of the road contracts existing in the County of Westmeath which has been prepared by the County Surveyor at the Board's suggestion, and I am to request that you will be so good as to draw up a similar return for the County of \_\_\_\_\_, *with the least possible delay.*

Where any alteration has been made in the boundaries of the County, or of any Union, wholly or partly situated in the County, by the Board's recent Orders (copies of which are enclosed), such alterations should be taken into account in preparing the schedule.

Clause 16 (1) of the Transitory Provisions Order in Council, which was notified in the *Dublin Gazette* of the 11th inst., provides for defraying from the County funds any expenses which may be incurred by you in preparing the Schedule.

Your obedient Servant,

With this view I am to request that you will be so good as to furnish the Board with replies to the queries printed on the annexed sheet, which should be returned to this Department at your earliest convenience.

No. 15 M. 1899.—Miscellaneous.

LOCAL GOVERNMENT BOARD,

DUBLIN, 26th January, 1899.

SIR,—I am directed by the Local Government Board for Ireland to draw the attention of the Borough and Urban authorities to the terms of article 7 of the Local Government (Transitory Provisions) (No. 2) Order, 1898, a copy of which is annexed, and to remind them of the provisions contained in section 53 of the Local Government (Ireland) Act, 1898, which allow of the consolidation of the poor rate and municipal rates under certain conditions.

Before the 30th of September of this year it is expected that the County Councils will be in a position to inform the authorities of the amount of the poor rate to be levied within their districts, and this amount may thus be raised with the municipal rate for the period extending from the 1st of October, 1899, to the 31st of March, 1900.

In order, therefore, to take advantage of these provisions, as well as on the grounds of convenience and economy, it would be desirable that in every case where the interval of time admits, any rate now to be made should be collected before the 30th of September next, and that in cases where the usual period of making the rates does not occur until about the middle of the year that the next rate should not be made if possible before the 1st of October.

In this way it would be possible to meet the expenditure of all boroughs and urban districts up to the 31st March, 1900, so that from the 1st of April, 1900, the rating year would be the same in all urban districts, and uniformity introduced into the financial arrangements of the principal urban centres in Ireland.

I am further directed to inform you that if the council upon deliberation are of opinion that another course, in accordance with the Order above mentioned, is more suited to the needs of the district, the Board will be glad to give full consideration to any statement that may be laid before them on the subject.

The Board take this opportunity of observing, as some misconception appears to exist on the subject, that although urban district councils have been constituted consequent upon the holding of the first election under the Act of 1898, the additional powers conferred upon such councils by the Act will not become operative until the 1st day of April next.

I am, Sir, your obedient Servant,

THOS. A. MOONEY, Secretary.

To the Town Clerk.

LOCAL GOVERNMENT (IRELAND) ACT, 1898.

SPECIAL EXPENSES OF RURAL AUTHORITIES UNDER THE PUBLIC  
HEALTH (IRELAND) ACTS.

LOCAL GOVERNMENT BOARD,  
DUBLIN, 26th January, 1899.

SIR,—I am directed by the Local Government Board for Ireland to state, for the information of the Board of Guardians, that they have had under consideration the question of areas of charge for small sanitary works under the Public Health Acts, and they desire to point out that in view of the fact that nearly all expenses will now become union or district at large charges under the Local Government Act, 1898, the same necessity does not appear to exist for charging all minor sanitary expenses upon areas within the electoral divisions concerned.

Moreover, the large number of these areas and their want of uniformity, which has at all times been a subject of trouble and disagreement amongst Boards of Guardians, would become a source of the utmost embarrassment and complication to the new rate collecting authorities.

Section 57 (2) (b.) of the Local Government Act provides that special expenses of this nature shall be included in a separate account in the county fund, and, having regard to the number of areas concerned in each County, and to the trifling sum to be raised in the majority of cases, it will, no doubt, be apparent to the Guardians that, if the system hitherto adopted of restricting to very small dimensions the area chargeable with such payments is adhered to in the future, much confusion will arise, especially in Counties embracing a large number of rural districts.

The Board consider that Rural District Councils will follow the spirit of the Local Government Act if they propose that sanitary expenditure shall, in all cases except those where the work in respect of which it is incurred includes a town or other large centre of population comprised in the rural district, be leviable over the rural district. The power to determine the area of charge in such cases is vested in the Local Government Board by the 232nd section of the Public Health Act, 1878, but the Board desire to adhere to the course hitherto adopted by them of inviting the views of the Sanitary Authorities before fixing areas of charge, and they feel sure that Rural District Councils will co-operate with them in every way in facilitating the working of the Act and in reducing to the lowest possible point complications and difficulties in connection with the estimates and accounts.

The Guardians will find that the rates in respect of small sanitary matters if assessed over the entire district will be almost inappreciable, and if they agree to adopt this suggestion with respect to charges incurred in the past, the Board feel that it will not be difficult to persuade the Rural District Councils to follow the same principle in dealing with future sanitary expenditure.

The Local Government Board would be glad if the Guardians would consider the proposals made in this Circular at a special meeting to be held after fourteen days' notice, in writing, to each member of the Board, and they would ask to be favoured with an expression of their views as to the propriety of adopting the course suggested, and as to the number of orders determining areas of charge in the union for special sanitary works which might be revoked so that new orders may be substituted placing the charge on the rural district after the appointed day. *Such meeting should be held at the earliest possible date.*

LOCAL GOVERNMENT BOARD,

DUBLIN, 30th January, 1899.

SIR,—I am directed by the Local Government Board for Ireland to state that, in order to place the new County and District Councils in the County of \_\_\_\_\_ in possession of full information as to the nature and extent of their liabilities in consequence of the presentments to be made by the Grand Jury at the forthcoming Spring Assizes (including all provision made for the period ending 30th September, 1899), it will be necessary to prepare, in addition to the Grand Warrant or Query Book hitherto issued showing the presentments chargeable to the County at large and Baronies, a copy of the Warrant or Query Book made up by Districts. In this copy of the Book the presentments should be grouped under the headings of County at large and of each District in the County, and all items relating to the County at large and to each District should be clearly set forth, with a reference in every case to the number of the presentment in the copy of the Book arranged by Baronies.

In order that the County Book may be issued as soon as may be after the holding of the Assizes, the County Surveyor should be requested to supply you as soon as possible (but before the Assizes) with the lengths, price per perch, &c., of the portions of the various roads in the several Districts, and with any other necessary particulars, and the Local Government Board trust that you will endeavour in every way to expedite the preparation and printing of the Book, so that it may be placed in the hands of the new authorities at the earliest possible date.

As to presentments and county cess before 30th September, 1899.

3.—(1.) It shall be the duty of every grand jury and presentment sessions to provide for liquidating so far as practicable, before the appointed day, all current debts and liabilities incurred in respect of their county or barony.

(2.) The grand jury of each county at the spring assizes next after the date of this Order and the presentment sessions held next after the sixteenth day of August, one thousand eight hundred and ninety-eight, shall proceed in like manner as if the Act had not passed, subject as follows:

- (a.) they shall not take into account possible receipts from the agricultural grant; and
- (b.) they shall not make a presentment for any new work unless it was certified by the foreman of the grand jury at the previous assizes, but they shall make such presentments in respect of works to be executed, salaries to be paid, and matters to be done subsequent to the spring assizes as will meet everything required up to the last day of September next following, and as appear necessary to comply with the provisions of this Order with respect to the liquidation of current debts and liabilities; and
- (c.) they may arrange for the continuance up to the said last day of September of contracts expiring before that day, and for any other matter required up to that day for the proper maintenance of works; and
- (d.) they may make presentments provisional upon a certificate by the county surveyor before the assizes, and if such certificate is given, such provisional presentment shall have the effect of a presentment.

(3.) The grand jury shall, notwithstanding the absence of a presentment by presentment sessions, or any disallowance by presentment sessions, make such presentments and arrangements as appear to them necessary or proper for carrying into effect this Article, and for that purpose may vary any presentment by presentment sessions.

(4.) Every grand jury may at the said spring assizes re-appoint for a term not exceeding three months any high constable and collector, or collector of a barony, or deputy-collector under section one hundred and forty-eight of the Grand Juries Act, 1836, who was appointed at the summer assizes in the year one thousand eight hundred and ninety-eight, and may also re-present any arrears of county cess apportioned at any assizes before the said spring assizes.

(5.) Receipts in respect of the county cess apportioned before the said spring assizes shall, subject to the provisions of this Article, be paid to the county treasurer in like manner as if the Act had not passed.

(6.) Such payments out of the county cess apportioned before the said spring assizes as are required to be made in pursuance of the presentments at those or former assizes shall, subject to the provisions of this Article, be paid by the county treasurer in like manner as if the Act had not passed.

(7.) After the day fixed by the county council or, if any adjustment is required, by the Local Government Board, all receipts and payments in respect of any county cess apportioned before the said spring assizes shall be paid into and out of the county fund as if they were receipts and payments in respect of the poor rate levied under the Act, but until the day so fixed, the payments made to and by the county treasurer shall be made in accordance with the directions (if any) given by or on behalf of the Local Government Board.

(8.) The county treasurer shall pay such fee for the audit of the county treasurer's accounts after the spring assizes as would have been payable if the Act had not passed.

(9.) As respects payment out of money to be raised after the said spring assizes to meet presentments at those assizes, no county cess shall be apportioned to meet the same, but the money required for those payments shall be raised by the county council.

(10.) In the construction of this Article with respect to the county of Dublin—

(a.) "presenting term" shall be substituted for "assizes" and "Easter presenting term" for "spring assizes," and "finance committee" for "county treasurer"; and

(b.) presentments shall be made for the period ending the last day of September next following, and not for the whole year; and

(c.) adjourned sessions shall not be held after the Easter presenting term in the year one thousand eight hundred and ninety-nine, but the grand jury at that term shall have all the powers of such adjourned presentment sessions, with the exception that they shall not continue the contracts expiring on the first day of June, one thousand eight hundred and ninety-nine, up to the following last day of September, but shall place all the works to which such contracts relate in the charge of the county surveyor; and

(d.) the grand jury at the said presenting term shall provide that all works then in the charge of the county surveyor shall continue in that charge up to the last day of September, one thousand eight hundred and ninety-nine.

## MEMORANDUM.

## TRANSITORY ARRANGEMENTS UNDER THE LOCAL GOVERNMENT (IRELAND) ACT, 1898.

Every debt or claim that can legitimately be discharged at the Spring Assizes should be dealt with, and all persons to whom cheques are issued should be urged to present them for payment immediately so that the Treasurer's balance on the Final Account, which should be closed before the appointed day, may represent the actual sum standing to credit of the County.

At the Spring Assizes the Grand Jury shall make presentments for roads and other works (a) in the case of contracts expiring before 30th September, 1899, up to the date of the expiration of the contract and additional presentments for the period between date of expiration and the 30th September (these additional presentments may be either in favour of the existing contractors or of the County Surveyor); (b) in the case of contracts continuing after 30th September, 1899, presentments equal to one half the amount of the yearly sum which would be due on foot of the contracts.

Presentments should also be made for rents, contributions for Reformatory and Industrial Schools and other institutions, railway guarantees, &c., to cover the period up to which such payments have been heretofore made at Spring Assizes.

Salaries of County Officers and superannuations should be presented up to the 30th September inclusive.

The usual presentments should be made for the repayment of such instalments of loans as become payable before the 30th September, 1899.

The Grand Jury's particular attention is called to Sub-section (3). In pursuance of the powers given to them, they should make all necessary presentments in cases where the Presentment Sessions have not allowed or have disallowed the presentments, provided that the County Surveyor by his certificate satisfies them that the work to which the presentment refers has been properly executed. Any balances not payable on such certificates must be re-presented.

The Grand Jury should also be careful to vary any presentment which has been wrongly made by the Presentment Sessions, and this is specially necessary where contracts expiring in March or July have been presented for any period extending beyond the 30th September, 1899.

Barony Cess Collectors should be required in every case to lodge the amount of their warrants in full, and, on swearing to the accuracy of their accounts, should be paid their fees, and be repaid any items of cess legally irrecoverable by them, *e.g.*, on vacant premises, houses down, &c.

Under Section 120 of the Local Government Act, and Sub-Section (4) of the Article referred to in this Memorandum, Barony Constables having satisfied their warrants in full as above will be entitled to retain them, and so collect any recoverable arrears of cess as heretofore.

The Secretary of the Grand Jury should, immediately on the completion of the fiscal business of the Assizes, furnish the Local Government Board with a careful estimate of what the Treasurer's balance will be on the appointed day after deducting the amounts of all outstanding cheques.

The day referred to in Sub-section (7) will be fixed hereafter by the County Council, or by the Local Government Board as the case may be. Payments in respect of wages due to persons employed on roads in charge of the County Surveyor, and in respect of any other urgent claims arising between the date of the Assizes and the day so fixed will be paid in accordance with instructions which the Local Government Board will issue to the County Officers. The Grand Jury have no power to advance sums of money to County Officers to meet such payments, nor can a Treasurer honour any drafts drawn against the County fund after the Grand Jury have ceased to be the fiscal authority of the County, unless such drafts are issued by persons authorised by the Local Government Board to make payments out of the County fund.

The Grand Jury will observe from Sub-section (9) that their functions at the Assizes are limited to the making of presentments, and they have no power to levy or applot any County Cess.

## LOCAL GOVERNMENT (IRELAND) ACT, 1898.

### TRANSITORY PROVISIONS (No. 2) ORDER IN COUNCIL : ARTICLE 3.

LOCAL GOVERNMENT BOARD,  
DUBLIN, 10th February, 1899.

SIR,—With reference to the paragraph in the Memorandum which accompanied their Circular Letter of the 2nd instant on the above subject, dealing with the payment of the salaries, &c., of County Officers at the forthcoming Spring Assizes, I am directed by the Local Government Board for Ireland to state that they consider that in the case of officers who were *originally appointed* at any Spring Assizes the payments to be made at next Assizes should be for six months' salary, and in the case of officers who were *originally appointed* at any Summer Assizes the payments to be made at next Assizes should be for the number of months and days which intervene between the date of last Summer Assizes and the date of the forthcoming Assizes.

The Board are of opinion that the presentments to be made at the March Assizes for the salaries of County Officers in respect of the period ending 30th September, 1899, should, irrespective of the date when such officers were appointed, be for a complete period of six months with an additional presentment for the number of days' salary which will accrue between the date of the coming Assizes and the 31st March, 1899.

I am, Sir,  
Your obedient servant,

*Secretary.*

To the Secretary  
of each Grand Jury.

No. 87/M., 1899.—Miscellaneous.

LOCAL GOVERNMENT BOARD,

DUBLIN, 13th February, 1899.

SIR,—Adverting to the Memorandum of Instructions which accompanied their Circular Letter of the 8th November last, on the subject of the Transitory Arrangements necessary under the Local Government (Ireland) Act, 1898, I am directed by the Local Government Board for Ireland to call the special attention of the Guardians to the paragraphs of the Memorandum dealing with the collection of the rates before "the appointed day."

It is essential that all rates which are legally recoverable under the existing warrants in the hands of the Collectors should be collected and lodged before the 25th March prox., and any Collectors who have not as yet made satisfactory progress with the collection of the rates in their districts should be again warned of the serious consequences which will result to them if they fail to comply with the terms of their bonds. Not only will Collectors who have not closed their warrants on 25th March forfeit their poundage fees, but it will be the duty of the incoming Board of Guardians to take immediate legal proceedings under the bonds against such Collectors and their sureties.

With a view to securing prompt fulfilment of their obligations on the part of the Collectors the Guardians should, before the close of the present month, hold a special meeting for the purpose of striking out of the rate books all rates which are legally irrecoverable. The Collectors should be required to attend this meeting, and the Guardians should give them clearly to understand that the Local Government Board will insist upon a strict compliance with the terms of this Circular.

The Board enclose for the information of the Guardians a copy of Article 18 (4) of the Transitory Provisions (No. 2) Order in Council of 23rd December, 1898. Under this Article the Guardians will have no power after the appointed day to draw any cheques on the account with their Treasurer existing before that day, and until the adjustment of the accounts is completed any balance then in the Treasurer's hands can only be operated on to the extent and by the persons authorised by the Local Government Board. All moneys payable to the Guardians or to their Officers in respect of the period prior to the appointed day must, however, be lodged with the Treasurer to the credit of the same account as heretofore, *i.e.*, the account existing before that day.

With a view to facilitating the payment of cheques drawn by the Guardians up to and including the 25th proximo, the Local Government Board authorise the Treasurer to meet these cheques up to the 31st March next out of the balances in his hands on the existing account.

The Local Government Board trust that the Guardians will be careful to carry out strictly the instructions contained in this Circular as well as the other directions given in the Memorandum issued with the Board's letter of 8th November last, and the Board are prepared to give every assistance in their power to the Guardians with a view to ensuring that the financial transactions of the current half-year are completed before the end of March and complications in the accounts avoided.

If the Guardians find themselves in any difficulties in dealing with the matters referred to, or if any points not dealt with in the Board's

Memorandum arise, the Local Government Board hope that they will at once communicate with them, and that they will endeavour in every way to co-operate with the Board in their efforts to hand over the Union to the new Guardians in a sound and creditable financial condition.

I am, Sir,

Your obedient Servant,

THOS. A. MOONEY, Secretary.

To the Clerk of each Union.

**SPECIAL EXPENSES OF RURAL AUTHORITIES UNDER  
THE PUBLIC HEALTH (IRELAND) ACTS.**

LOCAL GOVERNMENT BOARD,  
DUBLIN, 10th March, 1899.

SIR,—With reference to their Circular letter of the 26th January last relating to the future chargeability of special expenses under the Public Health Acts, and to the resolution of the Board of Guardians of                      Union of the                      on the subject, I am directed by the Local Government Board for Ireland to state for the Guardians' information that the Board find that there is a desire on the part of very many existing Rural Sanitary Authorities throughout the country to acquiesce in the proposal made that, with a view to adapting the provisions of the Public Health Acts to the Local Government (Ireland) Act, 1898, such expenses should after the appointed day be charged to the Rural District in which the work is situated.

The Local Government Board, therefore, in pursuance of the powers vested in them by Section 232 of the Public Health (Ireland) Act, 1878, propose to issue an Order to effect this object, by rescinding previous Orders and fixing uniform areas of charge for all expenses incurred after the 25th instant in connection with sanitary works.

The Board, however, are most unwilling to adopt any course in opposition to the Guardians' wishes, but the consolidation of the areas is absolutely necessary for the proper working of the Public Health Acts under the new régime, and in order to meet as far as possible the Guardians' views the Board are prepared in all cases where the Guardians do not consent to place these excluded charges over the entire Rural District to declare the Dispensary District in which the work is situated to be the future area of charge. In any case in which the Dispensary District is not wholly comprised in a Rural District the area would be the portion of the Dispensary District included in the Rural District.

The Board trust, however, that the Guardians will on reconsideration agree to have the entire Rural District made the area of charge, but in the event of their electing to have such expenses leviable over the Dispensary District they should at once intimate the fact to the Board.

I am, Sir,

Your obedient Servant,

THOS. A. MOONEY, Secretary.

The Clerk,

Union.

TRANSITORY ARRANGEMENTS UNDER THE LOCAL  
GOVERNMENT (IRELAND) ACT, 1898.

LOCAL GOVERNMENT BOARD,

DUBLIN, 16th March, 1899.

SIR,—I am directed by the Local Government Board for Ireland to state that with a view to securing that all debts due by the existing Board of Guardians up to the 25th instant are discharged by them out of the present account with their Treasurer, the Local Government Board authorize the Guardians, at any meeting held after the 25th, and on or before the 31st instant, to draw cheques on the balance in their Treasurer's hands on the appointed day in payment of any debts accrued due before that date, and they have notified to the Head Offices of the several Banks that such cheques may be honoured by the Union Treasurer when presented.

The Guardians must be careful, however, to make no payment out of such balance in respect of any debt incurred, service rendered, or work done after the 25th instant, as any payment so made will be liable to disallowance.

Any moneys required for out-door relief, petty cash, or to meet other pressing liabilities after the appointed day should, by arrangement with the Treasurer, be paid by cheques drawn on a new account to be opened with the Treasurer by way of an overdraft, until the Guardians receive funds from the County Council,

TRANSITORY ARRANGEMENTS UNDER THE LOCAL  
GOVERNMENT (IRELAND) ACT, 1898.

LOCAL GOVERNMENT BOARD,

DUBLIN, 16th March, 1899.

SIR,—I am directed by the Local Government Board for Ireland to state that with a view to rendering it possible to include in the final account of the County of \_\_\_\_\_ following the Spring Assizes, 1899, all payments made in pursuance of presentments passed at the Assizes, they have notified to the Head Offices of the several Banks in Ireland that cheques drawn on the County Account up to the 31st instant may be paid out of any balance to credit of the County on that date, although they are not presented at the Bank until after the appointed day.

A note should be attached to all cheques issued requesting the person in whose favour they are drawn to cash them within seven days after receipt, and you should postpone the closing of the final account until the Treasurer's Book shows that all outstanding cheques have been received. In the event of any cheque remaining unpaid after the 7th proximo, an intimation should be sent to the holder that the cheque will be cancelled if not cashed forthwith.

Cheques issued after the 1st proximo and before the first meeting of the County Council, in payment of wages of persons employed on roads in County Surveyors' hands, or in discharging other pressing claims after the appointed day, should be signed by the County Secretary and counter signed by the Clerk of the Crown and Peace, and will be included in the Account of the County Council for the half-year ending 30th September next.

I am, Sir,

Your obedient Servant,

THOS. A. MOONEY, Secretary.

To the Secretary of each Grand Jury,  
and each County Surveyor.

No. 113 M. : 1899. Miscellaneous.

LOCAL GOVERNMENT BOARD,

DUBLIN, 21st March, 1899.

SIR,—I am directed by the Local Government Board for Ireland to inform you that the Rules prescribed by the Registration (Ireland) Act, 1898, will probably be made by the Lord Lieutenant in Council during the present month, but as it may be necessary to prepare previously the Forms of Requisition to be served in pursuance of Section 9 of the Representation of the People Act, 1884, it appears to the Board that you may follow the form hitherto in use, substituting the word "person" for "man" in column 3 of the form, and in the instructions appended thereto.

This circular letter will not, of course, give authority to a Clerk of a Union to issue Requisition Forms where the duties of the Clerk of the Union under the Representation Acts have been transferred to other officers by the operation of the Local Government (Ireland) Act, 1898.

I am, Sir,

Your obedient Servant,

THOS. A. MOONEY, Secretary.

To the Clerk of each Union.

LOCAL GOVERNMENT (IRELAND) ACT, 1898.

SECTION 27 (6.)

LOCAL GOVERNMENT BOARD,

DUBLIN, 22nd March, 1899.

SIR,—I am directed by the Local Government Board for Ireland to call the attention of the Urban District Council to the terms of Section 27 (6) of the Local Government (Ireland) Act, 1898, which provides that—

“The council of any urban county district may undertake the entire maintenance of any road in the district, the expenses of the maintenance of which are leviable partly off the county at large, and may so undertake upon such terms as may be agreed upon, or in default of agreement be fixed by an order of the Local Government Board.”

I am to state that it appears to the Local Government Board that it will be desirable, if the Urban District Council wish to undertake the entire maintenance of any road in their district, the expense of maintaining which is partly leviable off the county at large, that they should address the County Council on the subject at their first meeting on the 18th proximo. Any application of this nature to the Council should, in the opinion of the Board, state the terms which the Urban District Council consider would form a fair and equitable basis on which the County Council might transfer to them the maintenance of any roads such as those referred to in the section quoted above.

Your obedient Servant,

GENERAL ORDER FOR KEEPING AND AUDITING THE  
ACCOUNTS OF BOARDS OF GUARDIANS IN IRELAND.

LOCAL GOVERNMENT BOARD,

DUBLIN, 24th March, 1899.

SIR,—I am directed by the Local Government Board for Ireland to forward to you herewith, for the information of the Board of Guardians, a copy of a General Order which the Board have made prescribing the new forms in which the Accounts of each Union are to be kept after the 25th instant, and I am to request that a supply of the several books of account and other records, directed by the Order to be kept, may be at once procured by the Guardians for the use of their officers in order that the transactions of the Union after the 25th instant may be recorded therein.

No. 132/M/1899.—Miscellaneous.

LOCAL GOVERNMENT BOARD,

DUBLIN, 29th March, 1899.

SIR,—I am directed by the Local Government Board for Ireland to draw your attention to the terms of Articles 9, 10, and 11 of the Local Government (Transitory Provisions) (No. 2) Order, 1898, according to which you are to convene the first meeting of each County and Rural District Council and Board of Guardians in the administrative county of which you are the Returning Officer.

It is improbable that any difficulty will arise with respect to the holding of the first meeting of the County Council and of the several Boards of Guardians, but as the first meeting of each Rural District Council is to be held on the fifth day after the day of the first election, that is on the 11th of April next, it is possible that, in the event of any delay taking place in the counting of the votes, sufficient time may not be allowed in some cases for giving the requisite notice of the meeting to the candidates elected. If you apprehend that a difficulty of this nature will arise in the case of any Rural District in the county the Board will be prepared, on being informed of the facts, to make an Order postponing to another date the day of the first meeting of the District Council.

I am, Sir,

Your obedient Servant,

THOS. A. MOONEY, Secretary.

To each Returning Officer.

## MEMORANDUM

AS TO DUTIES OF RETURNING OFFICERS in connection with the ELECTIONS OF COUNTY AND DISTRICT COUNCILLORS.

The Local Government Board have had the advantage of discussing with the representatives of the Under Sheriffs who attended at the Custom House, on the 30th ultimo, the procedure to be adopted by Returning Officers at the coming Elections of County and District Councillors, and no doubt the members of the deputation will communicate to the Under Sheriffs, whom they represent, the result of the Conference and the views of the Board upon the various points of difficulty which were under consideration. The Board think it well, however, to embody in this Memorandum certain points which they are most anxious that the Returning Officers should keep specially before them.

The Election Rules which are forwarded herewith lay down step by step the course to be followed. They should be studied carefully, and strictly adhered to, and the Board consider that the best way to insure their being properly carried out will be by the Returning Officers

- (a) Making all preliminary arrangements in good time, and
- (b) Selecting as their deputies thoroughly competent and trustworthy men.

## PRELIMINARY ARRANGEMENTS.

With regard to the first point, the Returning Officers ought immediately upon receipt of the Rules to make up their minds as to the most convenient situation for the polling places throughout the County. There should be one polling place at least in each District Electoral Division which is very extensive or populous, and there must be no departure under any circumstances from the rule which provides that every voter must be enabled at each polling place to vote at the same time for both County and District Councillors.

If District Electoral Divisions are small in area and sparsely populated, the Returning Officers may group them for the purposes of the Election, and have one central polling place for the group. This power will have to be exercised by the Returning Officers with great discrimination, and without laying down any hard and fast rule the Board consider that no Elector should be obliged to travel more than five or six miles to record his vote, and that there should be at least one polling place, with the proper number of polling stations, for every five hundred electors. It must be noted that the consent of the Local Government Board is required under Section 111 of the Local Government (Ireland) Act to any such grouping of divisions, and application for this consent should be made at least a week before the notices are issued.

The Returning Officers should, where possible, utilise the National Schools as polling places. They are not bound to announce to the public the situation of the polling places, until they issue the formal notice that the poll will be held, but there is nothing to prevent them from giving publicity to any arrangements they have finally decided upon, at an earlier date, if they think it expedient to do so. No time should be lost in making contracts for the supply of Ballot Boxes, for although they need not be delivered until a few days before the Election, it should be remembered that a separate Ballot Box must be provided

for every District and County Electoral Division in Ireland, in which there is a contest, and the manufacturers may cause some disappointment, if they are not given ample time. The Returning Officers, if in any doubt as to the number which will be required, should keep themselves on the safe side, more especially as Section 99 of the Local Government Act makes explicit provision for a supply of Ballot Boxes being provided. Similarly, screens, fittings, and printing of notices should be ordered in good time, and the Registers should be got together as soon as the situation of the polling places is finally decided. Returning Officers must be careful when making up the Local Government Register for a District Electoral Division, which is situated in more than one Parliamentary Polling District, to ensure that the Register includes the lists made up for all the Registration Units composing that Electoral Division.

The Local Government Board impress, as strongly as possible, the necessity that preliminary arrangements should be taken in hand at once, for unless they are completed in due time, much confusion is certain to occur when the pressure of the final work begins.

#### SELECTION OF DEPUTIES.

With regard to the selection of Deputy Returning Officers it will be observed that the Board have made it mandatory on the Returning Officers to appoint the Town Clerks as their Deputies for all purposes for which a Deputy is required in any County Electoral Division which includes an Urban District. The reason for this is that the Town Clerks will be charged with the duty of carrying out the election of Guardians in Urban Districts, and will, therefore, be able to arrange that the voting for Guardians and County Councillors shall take place together. Moreover, the experience which these officials have acquired at the recent Municipal Elections will qualify them for organizing the polling for County elections, and although the County Electoral Divisions include in some cases Rural, as well as Urban District Electoral Divisions, the Town Clerks will have no difficulty, it is thought, in making all proper arrangements for the double poll.

The Returning Officers are also bound by the Rules to appoint Clerks of Unions as Deputy Returning Officers for the preliminary stages of the District Council Elections. There remains, accordingly, in the hands of the Returning Officers, the selection of Deputies for the County Electoral Divisions (who will have the supervision of *all polling arrangements within the same*) and also the appointment of the Presiding Officers and Polling Clerks.

It is upon a proper selection of these officials that the success or otherwise of the election arrangements must largely depend, and the Returning Officers should remember that, although the Deputy Returning Officers have all the powers and liabilities of the Returning Officers themselves, the latter will, nevertheless, incur a serious responsibility if they select as their Deputies careless or inefficient men. The Local Government Board are of opinion that the Clerks of the Unions, who are mostly responsible and experienced officials, will as a rule be found anxious to undertake the work, and they hope that the Returning Officers will see their way to appoint them as their Deputies for as many of the County Electoral Divisions within their respective Unions as they can properly undertake—provided of course that they are willing to act and are considered efficient.

Where a County Electoral Division runs into two Unions it may possibly be found more convenient to appoint some other person as Deputy. But except in the case of such Divisions, the Board consider that Clerks of Unions would, as a rule, be able to organise and superintend, under the direction of the Returning Officer, the polling arrangements for all the Divisions within their Unions.

#### EXPENSES.

The Board desire the particular and earnest attention of the Returning Officers to the urgent necessity of keeping the expenses down to the lowest possible figure. They should understand that, outside their own remuneration, nothing is to be charged by them beyond the actual out-of-pocket expenses, and it is not intended that they should make any profit out of the other items on the scale. The Board trust that as the claims of the Returning Officers for their own personal services have been fairly met, they will safeguard the interests of the ratepayers in their respective Counties by every means in their power, and they may rest assured that they will advance their own interests and strengthen their claims for re-appointment at future Elections by so doing. They are particularly requested to bear in mind that the limits which are fixed on expenditure are in every case the maximum, and the expenses should be kept as far below the maximum as possible. For instance, the amount which may be paid to the Deputy for a County Electoral Division has been fixed sufficiently high to secure the services of a single Deputy for a single Division when necessary, but where a number of Divisions are placed in the hands of one man it should be possible to obtain his services at a lower rate. Similarly the maximum fee for Presiding Officers has been fixed to cover the amount which may have to be paid in towns and important places, but the Returning Officers will, no doubt, be able to obtain the services of intelligent and trustworthy men for a smaller sum in many of the remote Country Districts. However the Board do not want to fetter unduly the discretion of the Returning Officers in these matters. Most of all it is important that the Elections should be capably conducted, and all that the Board wish to impress upon the Returning Officers is that the utmost economy consistent with efficiency should be observed.

#### GENERAL OBSERVATIONS.

In appointing the Deputies for County Elections, the Returning Officers should be careful to define very clearly the duties which are to be entrusted to them, and the particular arrangements which they require them to report on or submit for approval. They should impress upon the Deputies that they have no power to decide the qualification of any candidate properly nominated, and that if the nomination paper is valid, they are bound to accept it even though the person nominated is obviously disqualified.

It is most desirable that there should be, as far as possible, uniformity of procedure throughout Ireland concerning any troublesome or disputed questions which may arise; and for this reason it would be of advantage if some arrangements were made for an interchange of views between the Under Sheriffs, as the work progresses. If, however, any Returning Officer finds himself confronted with any difficulties which require the intervention of the Local Government

Board, he should communicate at once with the Board; explaining clearly the nature of the difficulty, and submitting any suggestions which he is able to offer as to the manner in which the Local Government Board might remedy it under Article 39 of the Order in Council (Application of Enactments), 1898.

The Board will always within reasonable limits be ready to give assistance to the Returning Officers, but they must act upon their own responsibility in all matters that are within their discretion.

The first step to be taken by each Under Sheriff on receipt of the Rules is to notify to the Board whether he is willing to act. If willing to act, he must keep before him the three fundamental principles which the Board have laid down for his guidance; namely, economy, the selection of competent Deputies, and the commencement of arrangements in due time.

DUBLIN, 25th January, 1899.

### III.—MISCELLANEOUS ORDERS.

No. 55,951.—98.

#### BY THE LOCAL GOVERNMENT BOARD FOR IRELAND.

WHEREAS, by Sub-sections 1 and 2 of Section 41 of the Local Government (Ireland) Act, 1898 (hereinafter referred to as the principal Act), it is enacted as follows:—

"41.—(1.) The Towns Improvement (Ireland) Act, 1854, and the enactments amending the same, shall, subject to the exceptions and with the amendments made by this Act, apply to the town forming the urban sanitary district of Carrickfergus, and to every town having commissioners under the Lighting of Towns (Ireland) Act, 1828, and shall so apply in like manner as if it had been in whole adopted in the town, and the boundaries of each such town at the passing of this Act were the boundaries approved under the first-mentioned Act.

"(2.) In each such town the number of councillors or commissioners, as the case may be, shall be the same as the existing number of commissioners: Provided that, if the Local Government Board think fit to divide the town into wards, the wards shall be determined and set out, and the commissioners apportioned among the wards, in manner provided by section fifteen of the said Act of 1854 for a town where there are municipal commissioners, and the number of commissioners may be varied so as to be in accordance with section sixteen of the said Act."

## GENERAL ORDER

FIXING SCALE OF PAYMENT OF CLERKS and Collectors of Poor Rate of the several POOR LAW UNIONS in Ireland for services, in 1898, under the Registration (Ireland) Act, 1898, and Registration Ireland (Transitory) Rules, 1898.

To the GUARDIANS OF THE POOR of the several POOR LAW UNIONS in Ireland; To the Clerks and Collectors of Poor Rates of the said Unions; and to all other persons whom it may concern.

WHEREAS by Section 1, Sub-sections 1 and 2, of the Parliamentary Registration Expenses (Ireland) Act, 1890, it is enacted that:—

(1.) The clerks and collectors of poor rates of the several poor law unions in Ireland shall be paid for their services and for expenses incurred by them in execution of the duties required to be discharged by them respectively in carrying into effect the provisions of the Representation of the People Acts as that expression is defined in section eight of the Representation of the People Act, 1884, for which payment is not provided by the said Acts.

(2.) The Local Government Board for Ireland may from time to time make orders, and, when made, revoke, alter, or amend the same, and make new orders instead of any orders revoked, fixing a scale according to which the payment for such services and expenses shall be made.

And whereas We, the Local Government Board for Ireland, deem it expedient to fix a Scale according to which the Clerks and Collectors of Poor Rates of the several Poor Law Unions in Ireland shall after the making of this Order be paid for their services, in the year 1898, in carrying into execution the Registration (Ireland) Act, 1898, and the Registration Ireland (Transitory) Rules, 1898:

Now therefore, We do hereby Direct that the Scale according to which the Clerks and Collectors of Poor Rates of the several Poor Law Unions in Ireland shall after the making of this Order be paid for their services, in the year 1898, in carrying into execution the Registration (Ireland) Act, 1898, and the Registration Ireland (Transitory) Rules, 1898, shall be as follows, viz. :—

## SCALE.

(1.) The Clerk of each Union shall be paid at the rate of Ten Shillings for each hundred ratings in such Union, up to ten thousand such ratings, and at the rate of Five Shillings for each hundred such ratings over ten thousand ratings.

(2.) Each Collector of Poor Rates shall be paid :—

(a.) If requisition forms were completely served a second time in all the electoral divisions of the district of which he is Collector, at the rate of Twelve Shillings for each hundred ratings in such district.

(b.) If requisition forms were completely served a second time only in some electoral divisions in the district of which he is Collector, at the rate of Twelve Shillings for each hundred ratings in the portion of his district comprised in such electoral divisions.

(c.) If requisition forms were not completely served a second time,—that is to say, if such forms were not served a second time on every person on whom they should be so served,—in any electoral division, the remuneration, if any, to be allowed to the Collector in respect of such service shall be determined by the Guardians of the Union of which he is Collector.

Provided that :—

(1.) The Clerks and Collectors of Poor Rates of the North and South Dublin Unions shall receive no such payment in respect of ratings comprised within the Municipal District of Dublin.

(2.) In any case in which the same person is separately rated in respect of land and of buildings included in one and the same holding, the said separate ratings shall be deemed to constitute one rating only for the purpose of calculating the number of ratings in a union or Poor Rate Collector's district when ascertaining the amount to be paid to the Clerk and to the Collectors, respectively, in pursuance of this Order.

Sealed with our Seal this First day of March, in the  
Year of our Lord One Thousand Eight Hundred  
and Ninety-nine.

AND WHEREAS it is by the said Act further enacted that forthwith on the receipt of such order by the treasurer of any contributory union he shall, out of the funds then lying in his hands to the credit of the guardians of such union, or if there shall be then no sufficient assets, out of the moneys next received by him and placed to the credit of such guardians, pay over the amount so assessed on such contributory union to the Bank of Ireland, to be there placed to the credit of the Commissioners of Education to a separate account, to be entitled "The Results Fees Account"; and that the guardians of such contributory union shall in their account with the electoral divisions of such contributory union debit each electoral division with its proportion of the said amount according to the net annual value for the time being of the property rateable to the rates for the relief of the destitute poor in each such division :

AND WHEREAS it is provided by the said Act that if in any financial year the sum provided by the Local Government Board in respect of any contributory union exceeds the amount required for the purposes of the said Act in such year in respect of such contributory union, such overplus shall be carried to the credit of the next following financial year, and in such last-mentioned year only such sum shall be raised by assessment on such contributory union as shall be necessary in addition thereto to make up the sum which would in the ordinary course under the said Act be required to be provided by the Local Government Board in respect of such contributory union, in such next following financial year :

AND WHEREAS We have received from the Commissioners of National Education a statement of the surplus of previous assessments, as set forth in the fourth column of the Schedule hereto :

NOW, THEREFORE, in pursuance of the powers vested in Us by the said Act, We, the Local Government Board for Ireland, do hereby assess upon each of the unions named in the first column of the Schedule hereto

71.—(1.) The General Cattle Diseases Fund established by the Contagious Diseases (Animals) Act, 1878, shall continue for the purpose of the execution of this Act in Ireland, and any money at the commencement of this Act standing to the credit of the fund, not being money paid to the cattle pleuropneumonia account, shall, in the first instance, constitute the general account of the fund.

General Cattle  
Diseases Fund  
for Ireland.

(2.) The Chief Secretary may, as and when he thinks fit, certify to the effect that a sum equivalent to a certain poundage on the net annual value of the property in all the poor law unions is required for the purposes of this Act.

(3.) Thereupon the Local Government Board for Ireland shall by order under their seal assess that sum on the several poor law unions in proportion to the net annual value of the property therein, and shall send copies of the order to the guardians and to the treasurer of each union.

\* See page 639.

(4.) Thereupon the treasurer of each poor law union shall out of union funds pay over the amount assessed on the union to the Bank of Ireland, to be placed to the general account of the General Cattle Diseases Fund. The guardians of each union shall debit the several electoral divisions with proportions of that sum according to the net annual value of the property therein.

(5.) No larger sum shall be levied under this Act at any one time than is equivalent to a poundage of one half-penny in the pound on the net annual value of the property in all the poor law unions; nor shall any larger sum be levied under this Act in the whole than is equivalent, taken with any money before the commencement of the Contagious Diseases (Animals) Act, 1878, carried to the Cattle Plague Account, and with any sums levied under that Act to a poundage of eightpence in the pound on the net annual value of the property in all the unions.

(6.) On receipt of a certificate of the Chief Secretary to the effect that any part of the sum standing to the general account of the General Cattle Diseases Fund is not required for purposes of that fund, the Local Government Board for Ireland shall by order under their seal assign the proportions returnable to the several poor law unions, according to the net annual value of the property therein; and the Bank of Ireland shall, on a direction to that effect from the Chief Secretary, remit the sum so assigned to the treasurers of the unions; and the guardians of each union shall, on receipt of that sum, credit the several electoral divisions with proportions of that sum according to the net annual value of the property therein.

(7.) The expression "net annual value of property" in this section means the net annual value of property rateable to the relief of the poor according to the valuation in force for the time being.

(8.) The expression "union funds" in this Act means any money in the hands of the treasurer of a poor law union to the credit of the guardians of the union, and if at any time the assets in the treasurer's hands are not sufficient for any purpose of this Act, then union funds shall be taken to include the moneys next received by the treasurer and placed to the credit of the guardians.

### NO. 3.—REMUNERATION TO UNION OFFICERS UNDER THE REGISTRATION (IRELAND) ACT, 1898.

Local Government Board,

Dublin, 19th November, 1898.

SIR,—The Local Government Board for Ireland desire to acquaint the Board of Guardians that they have received a large number of inquiries as to the rate or amount of remuneration to be allowed to union officers in respect of the additional services rendered by them in carrying into effect the Registration (Ireland) Act, 1898, and the Orders in Council made thereunder; and the Board consider that the better course to adopt would be to fix a scale under the Parliamentary Registration Expenses (Ireland) Act, 1890, according to which payments may be made for the extra duties performed this year by clerks of unions and rate collectors.

With this object the Board would be glad to be informed of the number of names included in the local government supplement to the parliamentary register for each electoral division in the several collecting districts of the Union, and of the amount received by the Clerk of the Union and each Rate Collector in respect of duties *other than* attendance at the Revision Courts in the year 1897.

The Board further desire to receive the opinion of the Board of Guardians as to the amount which might reasonably be allowed their officers for services connected with the registration work of this year, not covered by the Order of the 23rd September, 1893, and as to the manner in which they consider such amount should be calculated.

I am, Sir,

Your obedient servant,

H. M. SWAINE, Acting Secretary.

To

The Presiding Chairman  
of the Board of Guardians.

Local Government Board,

Dublin, 31st December, 1898.

SIR,—In pursuance of the 4th Section of "The National School Teachers (Ireland) Act, 1875," the Local Government Board for Ireland transmit to you herewith, to be laid before the Board of Guardians of union, the notice which they are required by that section to transmit, on or before the 1st day of January, to the Guardians of every union which shall not at such time be a contributory union within the meaning of the Act.

The notice now transmitted, as in the case of the notice which was transmitted on the 31st December, 1897, requires the Guardians within forty days from the receipt thereof to inform the Local Government Board whether, for the purpose of increasing the remuneration of the teachers of National Schools within the union they are willing to make their union a contributory union within the meaning of the Act, and the Guardians will observe therefore that by the present notice they are called upon, in pursuance of the requirement of the Act, to decide whether they will become contributory for the year 1899-1900 (that is for the year commencing on the 1st April next), and subsequent years, until the resolution to contribute be legally revoked.

The Board forwarded with their circular of the 30th August, 1875, a copy of the Act, and of various other documents relating to this sub-

ject, and they desire to refer the Board of Guardians to that circular and the documents which accompanied it for any information which they may require before replying to the enclosed notice.

The Board have to add that the Commissioners of National Education have furnished them with an estimate of the probable amount which will be payable by the Guardians of the several unions in results fees to teachers of National Schools within the respective unions for the year 1899-1900, and the liability which, according to this estimate the Guardians will incur by making their union a contributory one is not expected to exceed £

In the event of the Guardians resolving to become a contributory union within the meaning of the Act, you should, immediately upon the passing of such resolution, forward a copy of the same signed by the Chairman as well as by yourself, to the Commissioners of National Education, and to the Local Government Board, in accordance with the terms of Section 6 of the Act.

I am, Sir,

Your obedient servant,

THOS. A. MOONEY, Secretary.

To the Clerk,

## GENERAL ORDER.

### GENERAL RULES for the GOVERNMENT of DISPENSARY DISTRICTS and for the PERFORMANCE of VACCINATION.

To the GUARDIANS of the Poor of the several Unions named in the Schedule hereunto annexed, and the CLERKS thereof; to the OFFICERS of the Dispensary Districts therein; and to all others whom it may concern:

WHEREAS in exercise of the powers vested in them by an Act passed in the fifteenth year of the reign of Her Majesty Queen Victoria, intituled "An Act to provide for the better Distribution, Support, and Management of Medical Charities in *Ireland*, and to amend an Act of the eleventh year of Her Majesty to provide for the Execution of the Laws for the Relief of the Poor in *Ireland*," the Commissioners for administering the Laws for Relief of the Poor in *Ireland*, by Orders under their Seal, have declared the Dispensary districts formed under the said Act, in the several Unions named in the Schedule annexed to this Order.

AND WHEREAS by a General Order dated the 16th day of December, 1853, they did in pursuance of the powers vested in them by the said recited Act, frame and issue certain General Rules and Regulations for the Government of each Dispensary District, and for the Guidance and Control of the Guardians, the Committees of Management, and the several Officers to be appointed in connexion therewith, respectively; and by certain other General Orders bearing date respectively the 10th day of October, 1862, the 6th day of January, 1863, the 26th day of November, 1864, and the 29th day of November, 1869, they did alter the said General Regulations in certain particulars in the said Orders specified.

AND WHEREAS by certain other General Orders bearing date respectively the 23rd day of September, 1858, and the 29th day of January, 1864, they did in pursuance of the provisions of an Act passed in the twenty-second year of the reign of Her Majesty, intituled "An Act to make further provision for the practice of Vaccination in *Ireland*," make and issue certain Regulations relating to Vaccination in the several Dispensary Districts.

AND WHEREAS We, the Local Government Board for *Ireland*, by a General Order bearing date the 3rd day of October, 1879, did make and issue certain Regulations relating to Vaccination in the several Dispensary Districts.

AND WHEREAS We, the Local Government Board for *Ireland*, by a General Order bearing date the 3rd day of November, 1885, did alter, amend and consolidate the General Rules and Regulations contained in the said recited Orders; and by certain other General Orders, bearing date respectively the 20th day of January, 1888, the 2nd day of August, 1888, the 9th day of February, 1892, the 7th day of February, 1895, and the 4th day of May, 1896, we did alter the said General Regulations in certain particulars in the said Orders specified.

AND WHEREAS by section 30 of the Local Government (Ireland) Act, 1898, it is provided that there shall be transferred to the Guardians the business of every Committee of Management of a Dispensary District within their Union, and those Committees shall cease to be appointed.

AND WHEREAS We, the Local Government Board for Ireland, therefore deem it necessary and expedient to alter, amend, and consolidate the General Rules and Regulations contained in the said recited Orders.

NOW THEREFORE, in exercise of the powers vested in Us, We do hereby revoke and rescind so much of every Order or General Order heretofore issued by and under the Seal of the Commissioners for administering the Laws for Relief of the Poor in Ireland, or under the Seal of the Local Government Board for Ireland, to any of the Unions named in the Schedule hereto annexed, and now in force, as is in any way repugnant to, or at variance with, the rules and regulations herein contained, except so far as the same may have related to the appointment of any of the existing officers, and except as to any other proceeding already taken, or matter or thing already done, under such Order.

And We do hereby order, direct, and declare, with respect to each of the unions named in the said schedule, and each Dispensary District formed therein under the said Act, as follows:—

Article 1.—Immediately after each election of Guardians in the Union, the Guardians may appoint a sufficient number of Wardens for the Electoral Divisions of each Dispensary District, who, in addition to the Guardians of the Union and the Relieving Officers, shall be empowered to issue medical relief tickets. Persons empowered to issue tickets for medical relief shall not delegate that power to others; and such tickets shall not be signed in blank and left to be filled up by other persons.

Article 2.—The Clerk of the Union shall thereupon make a return in the Form A, No. 1, annexed to this Order, to Us the said Local Government Board, of the names and addresses of the Guardians, Relieving Officers, and Wardens authorized to issue medical relief tickets in each dispensary district; and in like manner, on any appointment by the Board of Guardians of a Warden to fill any vacancy, the clerk shall make a return to us, in the Form A, No. 2, annexed to this Order, and shall, on their election, send to each Guardian a notice in the annexed Form B, No. 1, and shall, on their appointment, send to each Warden a notice in the annexed Form B, No. 2.

Article 3.—Immediately upon the completion of the list of Guardians, Wardens, and Relieving Officers as aforesaid, the Clerk of the Union shall furnish each Medical Officer with a copy thereof, according to the annexed Form C, giving the names and residences of all persons entitled to give tickets for medical relief in his district, that is to say, of the Guardians of the Union, and of every Relieving Officer and Warden acting as such for any electoral division included in such district. And the Clerk shall in like manner notify, from time to time, any changes, from death or otherwise, of Guardians, Relieving Officers, or Wardens, in any districts, to the respective Medical Officers thereof.

Article 4.—The Clerk of the Union shall also prepare a notice specifying the persons and their residences to whom application may be made for tickets for medical relief, the situation of the dispensary or dispensary stations in the district, the days and hours of attendance at each, the name and residence of the Medical Officer, and the Compounder of Medicine, and the Midwife, the days and hours when the Medical Officer will attend at each of the places within such dispensary district appointed by the Guardians for the purpose of Vaccination, and such other particulars of the dispensary arrangements as may be necessary to afford due facility for obtaining medical relief and vaccination where requisite. Such notice shall be in the Form N, annexed to this order; and a copy shall be posted at each dispensary in the district, and at such other places in the district as may be necessary for the due notification of the dispensary arrangements. The Clerk shall also cause a notice board, in the Form O, to be kept conspicuously painted and affixed on the exterior of each dispensary in the district, showing the days and hours of attendance of the Medical Officer, his name and place of residence, and the names and addresses of the Compounder of Medicine and the Midwife.

Article 5.—Whenever any person ceases to be a Guardian, or a Warden, or a Relieving Officer, the Clerk of the Union shall transmit to him a notice in the Form D hereto annexed, apprising him of the cessation of his power to issue tickets for medical relief, and requiring him to return to the Board of Guardians any forms of the tickets for medical relief, which had been issued to him in the medical relief ticket check books (Forms E 1, E 2, and E 3, hereinafter mentioned) and which may not have been used.

Article 6.—The Guardians may, from time to time, fill up any vacancies which may occur amongst the Wardens of a Dispensary District, and may also, from time to time, when found necessary, with the consent of the Local Government Board, add to the number of Wardens in any Dispensary District.

Article 7.—Any Guardian, Warden, or Relieving Officer who has issued a ticket for medical relief shall, on being furnished with additional trustworthy information showing that the sick person for whom the ticket was issued is not a "poor person," within the meaning of the Medical Charities Act, be at liberty, and is hereby empowered to withdraw such ticket, provided always that immediate notification of such withdrawal is given by him in writing to the Medical Officer, the Board of Guardians, and the person on whose behalf the ticket was issued.

In order to enable Guardians, Wardens, and Relieving Officers to be in a better position to judge whether an applicant for medical relief is a "poor person," the Board of Guardians may invite each of their Medical Officers to furnish in writing a scale of charges for attendance upon persons whose circumstances would not admit of their paying the Doctor's usual fees, and a copy of every such scale of fees, if furnished to the Board of Guardians, shall be supplied by the Clerk of the Union to each Guardian of the Union, and to each of the Wardens and Relieving Officers connected with the Medical Officer's district. Any such scale of fees shall be regarded as operative until withdrawn by the Medical Officer.

Article 8.—Every question under the Medical Charities Act at any meeting of the Guardians shall be determined by a majority of the votes of the members present thereat and voting on the question;

and when there shall be an equal number of votes on any question, such question shall be deemed to have been lost. The Presiding Chairman shall be entitled to give one vote upon each question that may be submitted to the Guardians; but he shall not under any circumstances be entitled to give any additional or casting vote.

Article 9.—The Board of Guardians shall examine and consider any Reports made and entered by the Medical Officer in his Report-book (Form I), since the last meeting of the Guardians, and give the necessary directions thereon, and record the same on their Minutes. The Board of Guardians shall, from time to time, as occasion shall arise, receive and consider the Medical Officer's estimate of the medicines and medical appliances required, and of the quantities thereof remaining on hand; and shall forward the same, or a copy thereof, to the contractor, with a requisition for the articles required, such estimate and requisition may be in the annexed Form M; and shall cause a duplicate copy of the invoice received from the contractor on each occasion to be forwarded to the Medical Officer, to be by him filed and preserved for reference at the dispensary.

Article 10.—At the first ordinary meeting of the Guardians in each month, or as soon thereafter as conveniently may be (or more frequently if the Guardians so arrange) the following business shall be conducted:—

(i.) The Board of Guardians, or a committee of the Guardians delegated for the purpose, shall examine the register of persons to whom medical relief shall have been afforded since the last examination of the Book; such Register to be in the Form F, annexed to this Order, and to be duly entered up by the Medical Officer of the Dispensary District and produced for the inspection of the Guardians.

(ii.) They may give directions regarding all persons so relieved as aforesaid, in pursuance of their powers under the 9th section of the said Act of the Fifteenth year of Her Majesty; and such directions shall be recorded and authenticated in the several columns of the Register, in the manner pointed out in the Form F hereunto annexed.

(iii.) They shall examine the Vaccination Registers.

(iv.) They shall examine the copy of the Medical Officer's Return (Form L) laid before them quarterly in pursuance of the direction hereinafter contained.

(v.) They shall examine at least once in each quarter the accounts of expenses incurred for the several Dispensaries, and shall consider especially the expenditure for medicines—having regard to the number of patients under treatment.

(vi.) They shall make due and adequate arrangements for the speedy conveyance to and from the workhouse of the Medical Officer's Books and Records, and shall provide the necessary waterproof boxes or wrappers for the safe transit of such documents.

(vii.) They shall, on receiving from the Medical Officer a report in the Form H, cause same to lie on the table of the board-room for a period of twenty-eight days for inspection.

Article 11.—The Board of Guardians shall, from time to time, appoint such officers as may be directed by sealed order of the Local Government Board for the service of each Dispensary District; and shall upon the occurrence of any vacancy, cause the same to be

reported to the Local Government Board, and proceed to a new appointment.

Article 12.—No appointment of any dispensary officer directed to be appointed in pursuance of any order issued under the seal of the Local Government Board, shall be made unless notice that such appointment will be made shall have been given, and entered on the Guardians' Minutes at a meeting one fortnight at least preceding the meeting at which the appointment is to be made, and unless an advertisement giving notice of such appointment shall, by the direction of the Guardians, entered on their Minutes, be published in some public newspaper circulating in the District at least ten days before the day on which such appointment is to be made.

Article 13.—Every officer to be appointed for a dispensary district in pursuance of any order under the seal of the Local Government Board, shall be appointed by a majority of the Guardians present, and voting, at any meeting, in the manner directed in Article 8; and every such appointment shall, as soon as the same shall have been made, be reported to the Local Government Board by the Clerk of the Union, who shall, without delay, forward the prescribed query form, duly filled up and signed. A supply of query forms shall be kept in stock by the Clerk to enable him to report the appointments of the several Dispensary Officers.

#### *Medical Officer.*

Article 14.—The qualification of every Medical Officer, to be appointed by the Guardians for the service of any Dispensary District shall be as follows; that is to say:—

(i.) He shall have obtained a Degree in Medicine, or a Diploma or Licence to practise Medicine, from some College or other body that may be authorized to grant a Diploma or Licence to practise medicine in Great Britain or Ireland, or he shall be a Licentiate of the Apothecaries' Hall, Dublin, or of the Society of Apothecaries, London; and he shall have obtained a Diploma in Surgery, or a Licence to practise Surgery from some College or other body that may be authorized to grant a Diploma or Licence to practise Surgery in Great Britain or Ireland, and also a certificate from some Board or Court of Examiners, or other body duly authorized to grant the same, of his possessing a competent knowledge of Midwifery.

(ii.) Provided also that the above qualification shall not be necessary in the case of any person holding the office of Medical Officer of a Dispensary District at the date hereof, either in respect of his present appointment or any such future appointment, or in the case of any person who shall, at any time previously to his appointment as Medical Officer of a Dispensary District have held office in any Union in Ireland, either as Medical Officer of a Dispensary, or Medical Officer of a Workhouse, having been duly qualified for such office at such previous time.

(iii.) He shall be registered under the Medical Act. If a medical practitioner has been duly registered since the Medical Act of 1866 took effect (i.e., 30th June, 1867), the Local Government Board are prepared to accept such registration as evidence of sufficient professional qualification for the post of Medical Officer of a Dispensary District,

(iv.) He shall have reached the age of twenty one years.

(v.) A woman possessing the requisite professional qualification is eligible for appointment, and may hold office as Medical Officer of a Dispensary District provided she is of the prescribed age.

Article 15.—The duties of every Medical Officer of a Dispensary District shall be as follows; that is to say :—

(i.) He shall attend at the Dispensary or Dispensaries of the District or division of a District under his charge, on such days, and at such hours as the Local Government Board may approve or direct, for the purpose of affording medical relief to any poor person applying for the same, and presenting a ticket as hereinafter provided, and for the Vaccination of all persons who may come to him for the purpose, and shall continue in attendance thereat during the fixed hours and, when necessary, for such further time as may be sufficient to permit of his discharging properly and carefully the duties devolving upon him as Medical Officer.

(ii.) He shall duly and punctually attend, either at the Dispensary or at the home of the party on whose behalf application is made or elsewhere, as the case may require, and shall give his advice and assistance, and supply all necessary medicines, including the use of surgical appliances to every poor person in the District, or portion thereof, under his charge, whom—by a ticket, signed by a Guardian of the Union, or by a Relieving Officer or Warden, acting for any Electoral Division included in such District—he shall be directed to attend as Medical Officer; and he shall continue his attendance until such attendance is no longer required, or until the ticket be withdrawn or cancelled. Such tickets shall be in the Form E 1, annexed to this Order, when medical relief is directed to be given at the Dispensary only, and in the Form E 2, annexed to this Order, when medical relief is directed to be given at the home of the patient or elsewhere; and all such tickets received by the Medical Officer shall be filed by him at the Dispensary—the number of the case in the Register (Form F, annexed to this Order), being marked by him on the face of each ticket, before filing it—and shall be preserved for a period of at least two years. A ticket for medical relief continues in force (a) until it is withdrawn by the issuer or cancelled by the Board of Guardians in pursuance of section 9 of the Medical Charities Act, or (b) until the patient ceases to present himself at the Dispensary in the case of a ticket in the Form E 1, or (c) until the termination of the case, if the ticket be a visiting ticket in the Form E 2, in which case the Medical Officer is bound to continue his attendance so long as it is requisite. If any patient, in the opinion of the Medical Officer, be an unfit object for medical relief, he shall forthwith report the circumstances of the case to the issuer of the ticket, and also to the Guardians at their next ordinary meeting, for their directions; and in respect of cases of cessation of attendance by a patient at the Dispensary, the Guardians may prescribe a period (of at least a month) for the guidance of the Medical Officer, during which, if a patient ceases to attend, he should be considered as no longer under treatment.

(iii.) In every case in which application shall be made to him for medical relief, other than Vaccination, he shall require to be

furnished with a ticket signed by some person authorized to grant it, and shall not afford medicine or medical appliances, except in urgent cases, before the ticket has been presented; when such cases occur, the Medical Officer may act at once on his own responsibility, but he should require the applicants in such instances to procure tickets and present them as soon afterwards as possible.

(iv.) He shall give a written certificate under his hand to the Board of Guardians, or the Relieving Officer, when called upon to do so, of the state of health of any dispensary patient attended by him, and of such patient's fitness or unfitness to be removed to any Union hospital, as the case may be.

(v.) He shall keep and duly enter up the medical relief register according to the Form F, hereunto annexed, and all other Registers and Records which may from time to time be prescribed by the Local Government Board, and submit the same to the Guardians at their first ordinary meeting in each month, or at such other times as the Guardians may appoint.

(vi.) He shall, from time to time, as may be necessary, but not less frequently than once in three months, deliver or forward to the Clerk of the Union an estimate (in the annexed Form M), of any medicines and medical appliances required.

(vii.) He shall carefully compare the medicines delivered at the Dispensary, with the invoice relating thereto, and he shall preserve a copy of the invoice, and submit same to the Guardians and to the Inspectors of the Local Government Board whenever required. This duty, however, is to be assigned to the Compounder of Medicine, where one is employed.

(viii.) He shall send periodically to the Clerk of the Union samples of drugs for transmission to the analyst.

(ix.) He shall vaccinate, in the prescribed manner, all persons who may come to him for that purpose at the Dispensary or Dispensaries, and shall do and perform all such other acts and things as may be necessary for the purpose of causing such Vaccination to be successfully terminated: and shall attend at such convenient places within each Vaccination District formed by the Guardians, at the times fixed and approved by them, for the purpose of vaccinating all persons who may come to him, or whom he may be requested to vaccinate, being fit subjects for Vaccination; and he shall keep and duly enter up a Register, in the annexed Form G, of all cases of successful Vaccination performed by him as Medical Officer of the Dispensary District; and submit the same to the Guardians at their first ordinary meeting in each month, or as soon thereafter as conveniently may be. Provided, however, that in any case where the Medical Officer of the Dispensary District is also the Registrar of Births and Deaths for the District, it shall not be necessary for him to insert in the said Vaccination Register Form G, any cases which he may have duly entered in the Register of Vaccination which he is required to keep in pursuance of the 7th section of the Act 26 & 27 Vic., cap. 52, intituled "An Act to further extend, and make compulsory the practice of Vaccination in Ireland."

(x.) He shall inspect every person vaccinated by him on the eighth day after the operation of Vaccination has been performed, and also on such other days as may be necessary.

The Report which he is required by the said Act of the Twenty-first and Twenty-second years of Her Majesty, to make of all persons successfully vaccinated by him, shall be made by him not less frequently than once in each half-year in the Form H, hereunto annexed, and the Register (Form G), referred to therein, shall be open at all seasonable times to inspection by any member of the Board of Guardians.

(xi.) He shall forward to the Board of Guardians on the 31st day of March, 30th day of June, 30th day of September, and 31st day of December in each year, a Report in the Form P, hereunto annexed, containing a complete list of the names of all children registered as born in the district, who are over three months of age, and who do not appear to have been vaccinated.

(xii.) The re-vaccination of persons applying for the purpose shall be limited by the following conditions:—

- 1st. That the marks of the primary Vaccination are not, in the opinion of the Medical Officer, sufficiently numerous, distinct, and typical to afford the necessary protection against small-pox.
- 2nd. That the person, although well vaccinated primarily, has attained the age of 10 years, or, if there be an immediate danger of small-pox, the age of 7 years.
- 3rd. That the person has not before been successfully re-vaccinated.
- 4th. That there are no circumstances present which would render the operation undesirable.

(xiii.) He shall submit to the Guardians at their first ordinary Meeting in each month, or at such other times as the Guardians may appoint, or as circumstances may render necessary, his Report Book (Form I), in which he shall enter the time of his arrival at and departure from the Dispensary, or Dispensaries, of the District, on each of the days appointed for his attendance thereat, and also any matter which he may deem it necessary to bring under the notice of the Guardians, who will take into their consideration any entry which shall have been made therein since the previous examination of the Book.

(xiv.) If there be within his District a bridewell or house of correction which he is required by the 15th section of the said recited Act of the Fifteenth year of the reign of Her Majesty to attend, he shall submit to the Guardians not less frequently than once in each quarter, in the Form K, hereunto annexed, an account of any medicines supplied to prisoners and inmates in such bridewell or house of correction.

(xv.) He shall forward a return, in the annexed Form L, to the Local Government Board, for each of the quarters ending respectively the 31st day of March, the 30th day of June, the 30th day of September, and the 31st day of December, or for and at such other periods as may be from time to time directed by the Local Government Board; such returns shall be forwarded immediately (or at latest within twenty-one days) after the close of each quarter, or other period for which they are directed to be made, and a copy thereof shall be laid before the Guardians at their next ordinary meeting.

(xvi.) In the event of the occurrence of cases of any infectious disease in the District under his charge, he shall address a Report

of the facts to the Local Government Board, so as to enable them to call upon the Sanitary Authority, without delay, to make such special provision as may be necessary to prevent or mitigate the evil.

(xvii.) He shall make such returns appertaining to the duties of the office as may be from time to time required by the Local Government Board, or by the Board of Guardians. He shall preserve the instruments and appliances placed in his custody in good order, and shall also keep a complete list of all instruments provided for Dispensary use, and submit the list periodically to the Clerk of the Union for examination. In the event of his resigning or ceasing to hold office, the instruments specified on such list shall be handed over to the Clerk of the Union.

(xviii.) He shall report to the Board of Guardians, or to the Local Government Board, any neglect or failure on the part of the Compounder of Medicine or the Midwife to discharge punctually and properly the duties appertaining to their offices.

(xix.) He shall reside in a central and convenient place within the Dispensary District, unless the Local Government Board, on any exceptional and sufficient grounds, dispense with this condition.

(xx.) He shall, if so required, discharge the duties of certifying surgeon under Section 71 of the Factory and Workshop Act, 1878, and also perform any other duties imposed on him by Act of Parliament, or assigned to him by the Local Government Board.

(xxi.) He shall transact the duties and business of his Dispensary District with due regard not only to efficiency, but also to economy.

(xxii.) He shall occupy the Dispensary Residence (if any) provided for the Dispensary District under the Act 42 and 43 Vic., cap. 25, and shall pay such reasonable rent in respect thereof as the Board of Guardians, with the approval of the Local Government Board, may determine.

(i.) She shall have obtained from some recognized Lying-in Hospital a certificate as to her proficiency in midwifery.

(ii.) Provided also that the above qualification shall not be necessary in the case of any person holding the office of Midwife of a Dispensary District or a Workhouse at the date hereof, either in respect of her present appointment, or any such future appointment, or in the case of any person who shall at any time previously to her appointment as Midwife of a Dispensary District have held office in any Union, either as Midwife of a Dispensary or Midwife of a Workhouse, having been qualified for such office at such previous time.

(iii.) She shall have reached the age of twenty-five years.

Article 19.—The duties of every Midwife of a Dispensary District shall be as follows; that is to say:—

(i.) She shall reside in a convenient place in the District, within easy access of the Medical Officer.

(ii.) She shall observe and execute all lawful orders and directions of the Medical Officer applicable to her office.

(iii.) She shall duly and punctually attend all cases of midwifery in the Dispensary District in which medical relief tickets are issued, and shall continue in attendance on each patient until her services are no longer necessary.

(iv.) On the termination of these cases in which the assistance of the Medical Officer has not been called for, the Midwife shall report the result to the Medical Officer.

(v.) She shall keep a Register of all cases attended by her, either on the order of the Medical Officer, or on Ticket Form E 3, and a suitable book for the purpose shall be provided by the Clerk of the Union. This Register shall be submitted monthly through the Medical Officer to the Guardians for examination.

(vi.) The Midwife is prohibited, under penalty of dismissal, from accepting a fee for her services from any patient in the Dispensary District who has obtained a medical relief visiting ticket, or who is entitled to medical relief under the Act 14 & 15 Vic., cap. 68.

Article 20.—A Visiting Ticket issued in the Form E 2 in a case of Midwifery shall cast on the Medical Officer receiving it a full and undivided responsibility, notwithstanding the fact that a Midwife is officially employed in the district. The services of the Midwife shall not relieve the Medical Officer from his responsibility, but are placed at his disposal for the purpose of enabling him to relieve himself from the necessity of attendance in cases of Natural Labour in which no difficulty exists.

The following course shall be adopted in all cases in which Dispensary relief is required by Ticket for Women in Labour.

The Ticket may be addressed either to the Medical Officer or to the Midwife, at the option of the patient.

The Ticket, if in the Form E 2, shall be presented to the Medical Officer, who shall register it, and ascertain by visiting the patient that the case is one of Natural Labour.

If it should appear on such visit that the case is likely to be attended with any difficulty or danger, the Medical Officer shall take charge of the case himself, and may also requisition the services of the Midwife; but if he is satisfied that the case is one of Natural Labour, it will only be necessary for him to place the Midwife in attendance, directing her that should any thing out of the course of nature, or dangerous, arise, she is immediately to call for his assistance.

The Ticket, if in the Form E 3, shall be presented to the Midwife, who shall duly and punctually attend thereon.

If in any case attended upon a Ticket (Form E 2 or Form E 3) the Midwife finds it necessary to call for the assistance of the Medical Officer, and should intimate the same to him, he must immediately take charge of the case. Cases of abortion and miscarriage are to be regarded as midwifery cases.

Article 21.—Whenever, in the course of his attendance upon Dispensary patients, a case arises which, in the opinion of the Medical Officer necessitates his obtaining the assistance of another Medical practitioner, the Medical Officer may, on his own authority, summon the requisite extra professional assistance, and shall report fully the circumstances to the Board of Guardians at their next following meeting. If the Guardians are not satisfied that the extra assistance was necessary they may, pending the reference of the matter to the Local Government Board, decline to repay the Medical Officer the

consultant's fee, if the fee has been paid by him, or deduct the amount from the Medical Officer's salary, if the fee has been paid otherwise. The matter shall be forthwith referred to the Local Government Board, whose decision shall be final and binding on all parties. Payments made by the Guardians for extra services under this article shall be subject to review by the auditor of the Local Government Board.

Article 22.—If the Medical Officer be temporarily incapacitated, by illness or other cause, from performing his duties, he shall immediately communicate with the Relieving Officer of the District, and shall, if possible, recommend a Medical practitioner qualified as provided in Article 14 of this Order, to perform his duties during such temporary incapacity; and the Relieving Officer shall thereupon make the necessary arrangements for the discharge of the duties of Medical Officer pending the meeting of the Board of Guardians to whom he shall report the circumstances of the case, and the name of the temporary substitute employed; and if the necessity still exists, the Board of Guardians shall either continue such employment, or make such other arrangements as they shall deem fit for the discharge of the Medical Officer's duties during his temporary incapacity; and for the time during which such temporary substitute shall act as Medical Officer, he shall perform all the duties of the Medical Officer, and shall duly enter up the Books of the Dispensary for such time before any remuneration that may be agreed upon and sanctioned by the Local Government Board be paid to him. The services of a Medical practitioner, who would reside in the Dispensary District while acting as temporary Medical Officer, should be secured whenever practicable.

Article 23.—The Board of Guardians shall pay to the Medical practitioner employed temporarily to discharge the duties of the Medical Officer, as aforesaid, such reasonable remuneration for his services as the Local Government Board shall approve or direct. The Guardians shall, with the approval of the Local Government Board, adopt a scale of fees to be allowed for extra professional assistance rendered in the day time and at night, and a copy of such scale shall be furnished to each Medical Officer of the Union.

Article 24.—The Board of Guardians shall not make any deduction from the salary of the Medical Officer in respect of any payment made by them under Article 23 of this Order, unless with the Local Government Board's approval had and obtained.

Article 25.—In case of the death or resignation of a Medical Officer, provision shall, in like manner as provided in Article 22, be made by the Relieving Officer and the Guardians for the performance of the duties of Medical Officer by a person duly qualified in accordance with Article 14, until the appointment of a Medical Officer shall have been duly made, in accordance with Articles 12 and 13 of this Order.

Article 26.—Sick leave granted by the Board of Guardians, with the approval of the Local Government Board, to a Medical Officer, shall be subject to the following general conditions:—

(i.) Continuous sick leave on full salary shall not be granted for any period longer than six months. At the expiration of such six months, if the Officer is still unfit for duty, he may be allowed salary at not more than half the ordinary rate, and that for a further period not exceeding six months. After twelve months continuous

sick leave, no Officer shall be paid any salary, but he may, in special circumstances, with the consent of the Local Government Board, be permitted to retain his position without salary for a further period not exceeding six months, upon the expiration of which time, if unable to resume duty, he shall submit his resignation to the Guardians.

(ii.) Cases of repeated, but not continuous, sick leave amounting in the aggregate to upwards of twelve months during any period of eighteen months, shall be reported specially to the Local Government Board, who shall decide what, if any, payment should be made in respect of salary during sick leave.

(iii.) Prolonged sick leave, allowed under the conditions specified in Paragraphs (i.) and (ii.) above, shall only be granted in a case where a reasonable hope is entertained of the Officer's being able to resume the discharge of his duties.

### *Board of Guardians.*

Article 27.—The Board of Guardians shall pay to each paid Officer, or temporary Medical Officer, duly authorized and appointed for the service of a Dispensary District, such salary or remuneration as the Local Government Board may from time to time approve or direct. The sum due to each Medical Officer for Vaccination or Re-vaccination shall be payable by the Board of Guardians on the expiration of twenty-eight days from the receipt by them of the report of the numbers vaccinated.

Article 28.—The salary of each paid Officer duly appointed for the service of a Dispensary District shall be payable by the Board of Guardians quarterly (that is to say, to the 31st March, 30th June, 30th September, and 31st December, respectively, in each year), and proportionately for any part of a quarter for which he may have acted; and his salary shall be payable up to the day on which he ceases to hold his office or employment, and no longer, but no Officer having been suspended by the Board of Guardians in pursuance of Article 34, and who shall, without the previous removal of such suspension, be dismissed by the Local Government Board, shall be entitled to any salary from the date of such suspension. Each Medical Officer shall be allowed an annual vacation, not exceeding four weeks, and the Guardians shall pay to the Medical Practitioner employed temporarily to discharge the duties of the Medical Officer for that period, such reasonable remuneration for his services as the Local Government Board shall approve or direct. The Medical Officer shall not relinquish the discharge of his duties until he submits an application to the Guardians nominating a duly qualified Practitioner who undertakes to perform the duties of temporary Medical Officer at a rate of remuneration to be stated, and until the Local Government Board express their approval of the arrangement made.

Article 29.—Every Officer appointed to or holding any office under the Act, 14 & 15 Vic., cap. 68, shall, subject to the provisions of Article 34 of this Order, continue to hold the same until he die, or resign, or be removed by the Local Government Board, or be proved or be insane by evidence which the Local Government Board shall deem sufficient.

Article 30.—The Board of Guardians shall take care that the premises provided by them in pursuance of the 8th section of the said recited Act of the fifteenth year of Her Majesty, shall be maintained in good order and condition, and that full and adequate provision is made for having fires regularly maintained in them during such periods of the year, and on such days of the week as the Medical Officer may consider necessary for the proper preservation of the medicines and the comfort of the patients.

Article 31.—The Board of Guardians shall from time to time as may be necessary, cause to be provided a sufficient supply of books, stationery, and forms prescribed by this or any other Order under the seal of the Local Government Board, and all other requisites, for the use of each Medical Officer: and shall also cause a sufficient number of check-books of medical relief tickets, according to the annexed Forms E 1, E 2, and E 3, to be provided, and cause a sufficient supply of such check-books to be furnished to each Guardian of the Union, and to each Relieving Officer and Warden therein.

Article 32.—The poisonous medicines shall be kept under lock and key, separate from the other medicines, and the Medical Officer, or the Compounder (if employed), shall retain and be responsible for the possession of the key of the Poison Press.

Article 33.—Immediately after the completion of each half-year, the Board of Guardians shall cause their Clerk to furnish to the Medical Officer of each Dispensary District a statement of all items of expenses incurred for the district which shall have been included in the half-year's accounts; and such statement shall be made in such Form as may be directed or approved by the Local Government Board, and shall be filed for reference at the Dispensary.

Article 34.—The Board of Guardians may, at their discretion, on sufficient grounds, suspend from duty any officer appointed to or holding any office under the Act 14 & 15 Vic., cap. 68, and shall forthwith report such suspension, together with the cause thereof, to the Local Government Board; and if the Local Government Board shall remove the suspension, such officer shall remain and discharge the duties appertaining to the office; but if the Local Government Board, after due inquiry, decide not to remove the suspension, the Local Government Board may dismiss such officer.

## Directions for Printing Medical Relief Tickets.

Blank Tickets for Medical Relief are to be printed in the Forms E 1 and E 2 in counterparts, and bound up in books; and the name of the Medical Officer, and of the Dispensary District Union can be printed in the Tickets for each District, so as to reduce, as far as possible, the number of particulars to be written by the person filling up and issuing the Tickets.

Form E 1, which is the form of Ticket to be issued for Medical Relief to be given on the party attending at the Dispensary, is to be printed in black ink. Form E 2, which is the form of Ticket to be issued where it is necessary that the Medical Officer should visit the Patient at his home, is, for the sake of distinction and convenience, to be printed in red ink.

On the back of the Ticket, Form E 1, the following memorandum is to be printed:—"A Guardian, Warden, or Relieving Officer, before issuing a ticket, shall exercise due diligence in ascertaining whether the applicant is a 'Poor Person' and entitled to gratuitous medical relief."

On the back of the Ticket, Form E 2, the following memorandum is to be printed:—"This Ticket may be presented to the Medical Officer at the Dispensary, within the hours of his attendance there; or may be presented to him, or left for him, at his residence; or may be presented to him personally anywhere. The Ticket should be presented as soon after it has been obtained as practicable, with such information as can be given regarding the nature of the case. A Guardian, Warden, or Relieving Officer, before issuing a ticket, shall exercise due diligence in ascertaining whether the applicant is a 'Poor Person,' and entitled to gratuitous medical relief."

Tickets Form E 3 are to be printed also in counterparts in purple ink and bound in books, and are to be used when the patient applies for the services of the Midwife.

On the back of the Ticket, Form E 3, the following memorandum is to be printed:—"The result of the case is to be recorded by the Midwife hereon, and the Ticket given by her to the Medical Officer for registration."

Directions for filling up Medical Relief Tickets:—(*to be printed on the first leaf of each Check Book.*)

The Ticket and counterpart are both to be filled up by the person authorized to issue the Ticket; one part to be retained by the person issuing the Ticket, and the other to be detached from the book and given to the applicant, for presentation to the Medical Officer, or Midwife, as the case may be.

Care should be taken in the issue of the Tickets accordingly; and Tickets should be issued to the Medical Officer in the Form E 2, for visiting at the residence of the applicant, *in cases of acuteness only*, and with all available information as to the nature of the case.

The Ticket is to be issued for the Dispensary District in which the applicant is resident at the time; and care should be taken to fill up the Ticket and apprise the applicant accordingly, as the Medical Officer of each Dispensary District is only bound to attend "any poor person resident therein," and similarly the Midwife.

The Christian Name and Surname of the applicant should be inserted in the Ticket in full; and such description of his place of abode (as, Name of Township, and where necessary the Parish also; or in the case of Cities and Towns, the Street, Place, or Row, &c., and number of House), should be given as will be sufficient for identification and for registration; and with this view, the age and occupation of the applicant should also be stated wherever practicable. Any further observation which the Grantor of the Ticket may desire to make should be written on the front of the Ticket.

A Guardian, Warden, or Relieving Officer, before issuing a Ticket shall exercise due diligence in ascertaining whether the applicant is a Poor Person, and entitled to gratuitous medical relief.

the principal provisions of which are the following:—

(i.) *Division into Districts, and Duty of Medical Officers.*

(a.) The Guardians of the Union shall divide each Dispensary District into Vaccination Districts, and shall require the Medical Officer of the District to attend at some convenient place within each Vaccination District, at certain specified

Vaccination Districts and attendance of Medical Officer.

times, to vaccinate all persons who may come to him for that purpose, and who are fit subjects for Vaccination. (Section 1, 21 & 22 Vic., c. 64.)

NOTE.—With regard to the particular periods of the year for attendance at the Vaccination stations, it is important that they should be fixed by the Guardians (after consultation with the Medical Officer if necessary), that they should be at intervals of not more than three months, and that they should be duly notified in the Form N, as prescribed by the Dispensary Regulations:—

Medical Officers to report number of persons successfully vaccinated or re-vaccinated.

- (b.) The Medical Officer is to make a Report to the Guardians from time to time of persons successfully vaccinated or re-vaccinated by him in each year, to be made in such form and contain such particulars as the Local Government Board shall direct, and to be recorded by the Board of Guardians on their Minutes. (Section 3 of 21 & 22 Vic., c. 64, and section 6 of 42 & 43 Vic., c. 70.)

Children to be vaccinated within three months after birth.

(ii.) *Compulsory Vaccination.*

- (a.) The parents and guardians of every child born after the 15th August, 1879, or the persons having the care and nurture of such child, are bound *within three months*, or as soon afterwards as may be practicable, to take the child to the Dispensary for Vaccination, unless it shall have been previously vaccinated by some duly qualified Medical Practitioner, and the Vaccination duly certified. (Section 3 of 42 & 43 Vic., c. 70.)

Inspection after vaccination.

- (b.) On the same day of the week following the day on which the child has been vaccinated, the child shall be again taken to the Medical Officer by whom the operation has been performed, in order that he may ascertain, by inspection, the result of the operation, and, if he sees fit, take from the child lymph for the performance of other Vaccinations. (Section 4 of 42 & 43 Vic., c. 70.)

Penalty for neglect.

- (c.) The penalties for the neglect or violation of the above requirements are:—a penalty not exceeding 20s. for preventing the Medical Officer from taking lymph from a child; and a penalty not exceeding 20s. for neglecting to take a child to be vaccinated, or to be inspected after vaccination. (Section 7 of 42 & 43 Vic., c. 70.)

Certificate of successful vaccination to be given to parent or guardian and duplicate to be transmitted to Registrar.

(iii.) *Certificates.*

- (a.) A Certificate of successful Vaccination in a prescribed form is to be delivered by the Medical Officer (or practitioner), who shall have performed the operation, to the father or the mother of the child, or to the person having the care or custody of the child. A duplicate of this Certificate is to be transmitted by the Medical Officer (or practitioner):—

- (1.) to the Registrar of Births and Deaths of the District within which the *birth* was registered;
- (2.) but if, after due inquiry, such District is not known to the Medical Officer (or practitioner), or if the birth of the child has not been registered, the duplicate is to be transmitted to the Registrar of the District in which the *operation was performed*. (Section 5 of 42 and 43 Vic., c. 70.)

[A penalty of 20s. is imposed by section 8 of 42 and 43 Vic., c. 70, on the Medical Officer or practitioner who fails to perform this duty.] Penalty.

NOTE 1.—If the Medical Officer of any Dispensary District is also the Registrar of Births and Deaths of that District, it shall be sufficient for him to sign one certificate to be delivered to the father or mother or other person as aforesaid, and to register the fact of such vaccination in the manner provided by section 7 of 26 and 27 Vic., c. 52. Same case not to be entered in Register prescribed by Vaccination Acts and that prescribed by Dispensary Regulations.

2. When a Medical Officer of a District is also the Registrar of Births and Deaths of such District, it is his duty when he vaccinates a person whose birth has been registered in another district to forward a certificate of successful vaccination to the Registrar of the District in which the birth was registered, and it will be necessary for him to enter the case in the Vaccination Register, Form G, which he is required to keep by clause ix. of Article 15 of the Dispensary Regulations, instead of entering it in the Vaccination Register which is prescribed by section 7 of the Act 26 & 27 Vic., cap. 52.

(b.) If a Medical Officer or practitioner is of opinion that any child is not in a fit and proper state to be successfully vaccinated, he may deliver a certificate to that effect, in a form prescribed, to the father or mother, or the person having the care or custody of such child. This certificate is to remain in force for two months, and fresh certificates to the same effect may be given if necessary. (Section 4 of 26 and 27 Vic., cap. 52.) Certificate of unfitness for vaccination.

(c.) If any Medical Practitioner is of opinion that any child who has been vaccinated by him is insusceptible of the Vaccine Disease, he shall deliver to the father or mother, or person having the care of such child, a certificate to that effect, in a prescribed form. (Section 6 of 26 and 27 Vic., cap. 52.) Before a Public Vaccinator certifies any person to be insusceptible of Vaccination, he should make three attempts to vaccinate, and on three separate occasions. Certificate of insusceptibility of vaccine disease.

(iv.) *Duties of Registrar of Births and Deaths.*

(a.) He is to keep a Register of cases of successful Vaccination (Section 7 of 26 and 27 Vic., c. 52), the certificates of which have been transmitted to him by any Medical Practitioner. (Section 5 of 42 and 43 Vic., c. 70.) Register of successful vaccination to be kept.

The penalty for omitting to register Vaccination is 20s. (Section 10, 26 and 27 Vic., c. 52.)

(b.) He is to give notice of the requirements of Vaccination in a prescribed form to the father or mother or person having the care of a child who has not been certified to him as having been vaccinated within three months after the birth thereof. Notice to parents and others of the requirements of vaccination.

(Section 8 of 26 and 27 Vic., cap. 52; section 3 of 42 and 43 Vic., cap. 70.)

NOTE.—In prosecution of defaulters it will not be necessary to prove that the notice was received by the defendant. (Section 9 of 42 and 43 Vic., cap. 70.)

(c.) Every Registrar for any place who is *not* the Dispensary Medical Officer of the District, is to transmit, *once at least in every month*, to each Dispensary Medical Officer whose District is wholly or partially comprised in such place, a return of all births and of all deaths of infants under 12 months of age, which have, since the date of the last return, been registered by such Registrar as having occurred in the District of the Dispensary Medical Officer to whom the return is sent. (Section 11 of 42 and 43 Vic., c. 70.) Transmission to Medical Officers of list of births and deaths.

NOTE.—Medical Officers who are *not* Registrars of Births and Deaths will thus be enabled to make out the quarterly returns of Vaccination defaulters (Form P) to the Board of Guardians.

(v.) *Miscellaneous Provisions.*

- (a.) The Medical Officer is entitled to be paid Two Shillings for every person successfully vaccinated or re-vaccinated by him within his Dispensary District, provided he has made the required Report (Form H of the Dispensary Regulations) to the Board of Guardians. (Section 6 of 42 and 43 Vic., c. 70.)
- (b.) Guardians shall direct proceedings to be instituted for the purpose of enforcing obedience to the provisions of the Vaccination Acts. The Medical Officer of any Dispensary District, who may be required by the Guardians to attend such proceedings, shall be entitled to receive, in addition to his actual expenses, such sum, not exceeding one guinea for each day's attendance required and given, as the Court shall certify; these expenses, and all other expenses incurred in the prosecution, which the Court is of opinion should be allowed, are to be ascertained and certified by the Justices of the Peace, or one of them, and are then payable out of the Poor Rates of the Union. (Section 10 of 42 and 43 Vic., c. 70.)
- (c.) The practice of inoculation with small-pox virus (or the attempt to inoculate with such virus), is made punishable by six months' imprisonment. (Section 4 of 31 and 32 Vic., c. 87.)

## INSTRUCTIONS FOR VACCINATORS.

4. (1.) Except so far as any immediate danger of small-pox may require, vaccinate only subjects who are in good health. As regards infants, ascertain that there is not any febrile state, nor any irritation of the bowels, nor any unhealthy state of skin; especially no chafing or eczema behind the ears, or in the groin, or elsewhere in folds of skin. Do not, except of necessity, vaccinate in cases where there has been recent exposure to the infection of measles or scarlatina, nor where erysipelas is prevailing in or about the place of residence.

(2.) The Vaccinator must keep in good condition the lancets or other instruments which he uses for vaccinating, and he must not use them for any other purpose whatever. When he vaccinates he must cleanse and sterilize the instruments after one operation before proceeding to another.

(3.) When once he has unsealed a tube, either of vaccine or glycerinated calf lymph, he must never attempt to keep any part of its contents for the purpose of Vaccination on a future occasion.

(4.) Under no circumstances should the mouth be applied directly to the tube in which the lymph is contained, for the purpose of expelling the lymph. An artificial blower may properly be used for this purpose. The lymph may be blown out of the capillary tube on to a clean lancet or ivory point, from which a sufficient quantity may be taken on a lancet or other vaccinating instrument for each operation.

(5.) The vaccine on an ivory point having been slightly moistened with a small drop of sterilized water, the point should be laid flat on the surface of the arm which has been previously scratched by whatever instrument is used for vaccinating with, and the vaccine should be rubbed into the scratches firmly and slowly, looking occasionally at the surface of the point during the operation, to see that all the vaccine is quite removed from it.

(6.) The child should be kept under observation until the spots are perfectly dry, and orders given that the vaccinated portion of the arm must not be washed, and should be kept free from all pressure,

hurt, or irritation. On no account should any vaccination shield or protector be used for this purpose. All ivory points or tubes when once used should be destroyed.

(7.) Vaccination should, at every stage, be carried out with aseptic precautions. These should include 1st—the cleansing of the surface of the skin before Vaccination, by washing it well with plain soap and sterilized water, and then drying it with a sterilized towel. A germicide should not be used. 2nd—carefully washing the vesicles with sterilized water before opening them to obtain vaccine. 3rd—the use of sterilized instruments, and 4th—the protection of the vaccinated surface against extraneous infection, both on the performance of the operation and on inspection of the results.

Advice as to the precautions to be taken in this respect until the crusts have fallen off and the arm has healed should always be given to the person having the custody of the child.

(8.) In all ordinary cases of primary Vaccination, the vaccinator must aim at producing four separate good-sized vesicles or groups of vesicles, not less than half an inch from one another. The total area of vesication resulting from the Vaccination should not be less than half a square inch.

(9.) On the day week following vaccination each vesicle should be at least this size

and the total area of vesication should be at

least this size.

(10.) Never either use or furnish lymph which has in it any, even the slightest, admixture of blood. In storing lymph, be careful to keep separate the charges obtained from different subjects, and to affix to each set of charges the name, or the number in your Register, of the subjects from whom the lymph was derived. Keep such note of all supplies of lymph which you use or furnish as will always enable you, in any case of complaint, to identify the origin of the lymph.

(11.) *Never take lymph from cases of Re-vaccination.* Take lymph only from subjects who are in good health, and, as far as you can ascertain, of healthy parentage; preferring children whose families are known to you, and who have elder brothers or sisters of undoubted healthiness. Always carefully examine the subject as to any skin disease, and especially as to any signs of hereditary syphilis. Take lymph only from well characterised, uninjured vesicles. Take it (as may be done in all regular cases on the day week after Vaccination) at the stage when the vesicles are fully formed and plump, but when there is no perceptible commencement of areola. Open the vesicles with scrupulous care to avoid drawing blood. Take no lymph which, as it issues from the vesicles, is not perfectly clear and transparent, or is at all thin and watery. Do not, under ordinary circumstances, take more lymph from a vesicle than will suffice for the immediate Vaccination of five subjects, or for the charging of seven ivory points, or for the filling of three capillary tubes; and from larger or smaller vesicles take only in like proportion to their size. Never squeeze or drain any vesicle. Be careful never to transfer blood from the subject you vaccinate to the subject from whom you take lymph.

(12.) Scrupulously observe in your inspections every sign which may test the efficiency and purity of your lymph. Note any case

wherein the vaccine vesicle is unduly hastened or otherwise irregular in its development, or wherein any undue local irritation arises; and if similar results ensue in other cases vaccinated with the same lymph, desist at once from employing it.

(13.) Letters of application for lymph should be addressed as follows:—

To the Secretary,  
Vaccine Department  
(Local Government Board),  
45, Upper Sackville-street, Dublin.

Lymph is only distributed to Registered Medical Practitioners, and it is particularly requested that *the name and address of the applicant may be perfectly legible.*

#### ESTIMATE AND REQUISITION FOR MEDICINES.

5. With regard to the periodical Estimate and Requisition for Medicines, &c. (Form M), it appears to have been in some cases supposed that, on each occasion when an Estimate is sent in, it should contain an account of *all the articles in the Dispensary*, which would involve the necessity of taking stock of the entire contents of the Dispensary on every such occasion. The heading of the Form of Estimate (M) is, "Estimate of Medicines, &c., required"; and the particulars indicated in the Form need only be filled up in reference to those Medicines, &c., of which a further supply is required, stating in the respective columns for the purpose the stock remaining (which can be *estimated* as nearly as may be), respectively, and the further quantity required.

In drawing up a Requisition for Medicines, the Medical Officer should only apply for quantities sufficient for use during the following three months. He should keep in mind that many Medicines are of such a perishable nature that they deteriorate in quality, and even become inert by long keeping.

The Estimates and Requisitions for Medicines are to be made out in duplicate, one copy for transmission to the Guardians, and one to be retained at the Dispensary for comparison with the supply afterwards received, the Invoice of which the Local Government Board have directed the Clerk of the Union to forward to the Medical Officer, to be retained and filed at the Dispensary in all cases.

With a view to render Leeches as efficacious as possible for Dispensary use, as well as on the ground of economy, the Local Government Board recommend, for the consideration of the Board of Guardians, the propriety of contracting for the supply of Leeches whenever practicable, with some Apothecary or Druggist residing in the Union, from whom they could be procured without much delay, and at such times as they may be required.

In the event of a Medical Officer requiring to be supplied with *any Medicine or Medical or Surgical Appliance not comprised in the Lists published by the Local Government Board*, a distinct requisition for such Article should be made by the Medical Officer, stating fully the circumstances which are considered to render the requisition necessary, but the cost of all such articles, if procured by the Guardians, will be defrayed entirely from the rates.

Articles such as water jugs, wine glasses, basins, towels, lamps, candles, lamp oil, soap and methylated spirits, provided by the Guardians for use in Dispensaries, shall be obtained from the ordinary contractors, and not from the medicine contractors.

Particulars to be given by form of estimate refer exclusively to the medicines required at the time when estimate is made.

Three months' supply of medicines only to be ordered at one time.

Estimate and Requisition to be made out in duplicate.

Contract for Leeches to be given, if practicable, to local Apothecary or Druggist.

Medicines not in Official List to be ordered specially.

## WORKHOUSE HOSPITAL TRAINED NURSE.

Local Government Board,

Dublin, 12th January, 1899.

Sir,—

The Local Government Board for Ireland desire to state that they have recently received communications from several Boards of Guardians inquiring the qualifications a Workhouse Hospital Nurse should possess in order that the Guardians may be in a position to apply for recompement out of the Local Taxation (Ireland) Account of one-half of the salary of such Nurse.

The Local Government Board have to inform you, that it is proposed, in due course, to prescribe the following qualifications as necessary in the case of any person claiming to be a "trained Nurse" for the purposes of Section 58, sub-section 2 (a) (ii.) of the Local Government (Ireland) Act, 1898 :—

"The term 'trained Nurse' shall mean any person who has resided for not less than two years in a Clinical or other Hospital recognized by the Local Government Board, and who, after examination, has obtained from such Hospital a certificate of proficiency in nursing."

The Board have to point out, in connection with this matter, that they will not be prepared to accept the certificate of the authorities and Staff of any Hospital except a Clinical Hospital recognized by the Medical Examining Bodies in Ireland, England, or Scotland, unless the Non-Clinical Hospital has at least 150 beds for medical and surgical cases, and unless due provision is also made for giving the Probationer Nurses a course of training in the nursing of cases of Infectious Diseases. In addition, the Hospital should have a staff of at least one Resident and two Visiting Physicians and a trained Head Nurse. Such arrangements should likewise be made, including the giving of lectures and the holding of examinations, as shall satisfy the Local Government Board that sufficient opportunities are afforded to the persons undergoing instruction to become fully trained, experienced, and certificated Nurses.

I am, Sir,

Your obedient servant,

THOS. A. MOONEY, Secretary.

The Clerk of each Union.

## MEDICINES—RECOUPMENT.

Local Government Board,  
Dublin, 17th February, 1899.

SIR,—

The Local Government Board for Ireland desire to draw the attention of the Board of Guardians to the terms of Section 58, Sub-section 2 (a) (iii.) of the Local Government (Ireland) Act, 1898, by which it is enacted that after the 31st March next recoupment shall be made annually, from the Local Taxation (Ireland) Account, of one-half of the cost of such Medicines and Medical and Surgical Appliances as are provided in accordance with the prescribed conditions, and that the grant for Medicines heretofore made out of the Exchequer in aid of the rates will cease.

The Local Government Board, after very careful consideration, have decided to prescribe the following conditions:—

- I. The Local Government Board may publish, at the commencement of each year, Lists of authorized Drugs, and also Lists of Medical and Surgical Appliances and Requisites.
- II. The Local Government Board will prescribe a price for each of the articles upon their Lists; tenders shall be at the prices prescribed, and persons tendering shall be required to state the percentage of abatement which they will be prepared to give on the gross cost of the articles purchased during the year.
- III. Recoupment from the Local Taxation (Ireland) Account will only be allowed upon Drugs and other articles contained in the Local Government Board's prescribed Lists.
- IV. Recoupment will not be sanctioned until the Guardians obtain a certificate from the county or other analyst recognized by the Local Government Board that he has examined samples of Drugs from the Workhouse, and the various Dispensaries of the Union. When there has been any departure from the required standard, special attention must be called to the fact in the Certificate.
- V. In the event of the Guardians, after warning by the Local Government Board, retaining the services of a Contractor who has been shown to have supplied Drugs or other articles not of the required standard, or Medical or Surgical Appliances not of good quality, the Local Government Board may refuse to recoup any portion of the expenditure incurred for Medicines or Medical or Surgical Appliances supplied by such Contractor.
- VI. Where the Local Government Board, after due inquiry, are of opinion that the expenditure for Medicines, or Medical or Surgical Appliances, in any Workhouse or Dispensary is excessive, having regard to the nature of the cases and the number of persons treated, they may refuse recoupment upon any portion of the expenditure which has been declared by them to be excessive.
- VII. Contracts for Medicines and Medical and Surgical Appliances shall be entered into annually from 1st of April in each year to the 31st of March in the following year, and a copy of the accepted tender shall be furnished without delay (or at latest within fourteen days) by the Clerk of the Union to each Medical Officer for his information and guidance in ordering supplies.

The Local Government Board transmit herewith, for the information and guidance of the Board of Guardians, a revised Form of Tender and Prescribed List of Medicines, and also a revised Form of Tender and Prescribed Lists of Medical and Surgical Appliances.

It will be necessary for the Guardians, in future, to enter into separate Contracts for Medicines, and for Medical and Surgical Appliances, as the Local Government Board consider it undesirable that Surgical Instruments and Requisites should be ordered from Drug Contractors; and the Tender Forms and Lists have been prepared accordingly.

The Board have ascertained that the existing Contracts will terminate in many Unions in March next, and in Unions so circumstanced Tenders under the new conditions should be advertised for during the current month, so that supplies would be forthcoming from the 1st April next. In the advertisements of the Contracts the Guardians should invite persons tendering to submit (instead of prices in detail) quotations stating the percentage of deductions they are prepared to allow off the gross total cost of all Medicines supplied during the year, calculated at the maximum rates named in the Prescribed Lists. The Tenders received will thus simply offer an uniform discount (10 per cent. or 15 per cent. as the case may be) off the Local Government Board's Prescribed Prices, and the Guardians will thereby be in a position, without any intricate calculations, to know accurately the relative expense to the ratepayers involved in the selection of the Contractor.

Owing to the important alterations which have been made, not only in the Prescribed Lists of Medicines and Medical and Surgical Appliances, but also in the Regulations as regards recoupment, it appears to the Local Government Board very desirable that the Contracts which would not expire in the ordinary course before September next should, with the consent of the Contractors, be terminated on the 31st March next. Failing an amicable arrangement for the termination of such Contracts, the Guardians may obtain from the present Contractors, on and after the 1st April next, articles which are not under contract, but are included in the Prescribed Lists, and may arrange to pay for such articles prices not exceeding the maximum prescribed rates. The Guardians should in due course enter into a Contract for the period from September next to the 31st March following, and under the circumstances the Local Government Board will allow recoupment in respect of the medical expenditure, notwithstanding the requirements of condition No. VII.

The Local Government Board enclose a revised Form of Estimate and Requisition for Medicines and Medical and Surgical Appliances, and the Board have to request that the Guardians will be so good as to insist upon Medical Officers, when applying for supplies, filling up the particulars required by the form and adhering strictly to the names and numbers of the articles as given in the Prescribed Lists.

A sufficient number of copies of the enclosed documents should be at once printed for use of the Medical Officers and intending Contractors.

I am, Sir,

Your obedient servant,

THOS. A. MOONEY, Secretary.

of each Union.

## ESTIMATE AND REQUISITION FOR MEDICINES.

----- Union.

With regard to the periodical Estimate and Requisition for Medicines, it appears to have been in some cases supposed that, on each occasion when an Estimate is sent in, it should contain an account of *all the articles in the Dispensary*, which would involve the necessity of taking stock of the entire contents of the Dispensary on every such occasion. The heading of the Form of Estimate (M.) is, "Estimate of Medicines, &c., required," and the particulars indicated in the Form need only be filled up in reference to those Medicines, &c., of which a further supply is required, stating in the respective columns for the purpose the stock remaining (which can be estimated as nearly as may be), respectively, and the further quantity required. In drawing up a Requisition for Medicines the Medical Officer should only apply for quantities sufficient for use during the following three months, and he should not order drugs which he has not reason to think will be required. He should keep in mind that many Medicines are of such a perishable nature that they deteriorate in quality, and even become inert by long keeping. The Estimates and Requisitions for Medicines are to be made out in duplicate, one copy for transmission to the Guardians, and one to be retained at the Dispensary for comparison with the supply afterwards received, the Invoice of which the Local Government Board have directed the Clerk of the Union to forward to the Medical Officer, to be retained and filed at the Dispensary in all cases.

In the event of a Medical Officer requiring to be supplied with *any Medicine not comprised in the Prescribed Lists* a distinct requisition for such Medicine should be made by the Medical Officer, stating the circumstances which are considered to render the requisition necessary, but the cost of all such articles, if procured by the Guardians will be defrayed entirely from the Rates.

The Medical Officer shall carefully compare the Medicines delivered at the Dispensary with the Invoices relating thereto, and he shall preserve a copy of the Invoice and submit same to the Guardians and to the Inspectors of the Local Government Board whenever required. This duty, however, is to be assigned to the Compounder of Medicine where one is employed.

The Medical Officer shall transact the duties and business of his Dispensary District with due regard not only to efficiency but also to economy.

In ordering Medicines and in the inspection of them when received, the Medical Officer should bear in mind that all drugs, whether liquid or solid, should be supplied by weight (avoirdupois.)

No. 93 M.—1899.—Miscellaneous.

### DISPENSARY RULES.

Local Government Board,  
Dublin, 8th March, 1899.

SIR,

The Local Government Board for Ireland transmit herewith, for the information and guidance of the Board of Guardians, a copy (in book form) of their Order under Seal of the 24th ultimo, altering, amending, and consolidating the General Rules and Regulations for the government of Dispensary Districts and the performance of vaccination.

Section 30 of the Local Government (Ireland) Act, 1898, provides that there shall be transferred to the Guardians the business of every Committee of Management of a Dispensary District within their Union, and those Committees shall cease to be appointed. The existing Committees of Management will, however, continue in office until the first meeting of the new Board of Guardians after the forthcoming elections. The Guardians at such first meeting should, in order to afford due facilities to the sick poor for obtaining medical relief tickets, appoint a sufficient number of Wardens for the Electoral Divisions of each Dispensary District, and should also cause notices of the Dispensary arrangements (Form N) to be prepared and published without delay.

Owing to the enactment above referred to the Guardians are in future to be solely entrusted with and responsible for the local administration of medical relief. The Local Government Board at the outset desire to impress on the Guardians the paramount importance of their obligation to make adequate provision for punctual and efficient medical attendance on the sick poor, both at their own homes and at the Dispensaries, to see that such medical attendance is duly afforded, and to satisfy themselves that the Dispensary arrangements are in all respects conducive to the convenience and comfort of the patients.

Under the altered state of the law the appointment of Dispensary Officers will devolve upon the Board of Guardians, as will also the power of cancelling tickets in pursuance of Section 9 of the Act 14 and 15 Vic., Cap. 68, and all the other powers possessed by Committees of Management. Each Guardian of the Union will likewise be authorised to issue tickets to poor persons resident in any Dispensary District therein. The Local Government Board consider that the interests of the ratepayers and of the Medical Officer alike demand that a person before issuing a ticket should make due and diligent inquiries to ascertain whether the applicant is a "Poor Person" and entitled to gratuitous medical relief; and it would be advisable that a Guardian should, as a general rule, exercise his right to issue tickets only on behalf of patients living in the neighbourhood in which he resides and where he has a personal knowledge of the circumstances of the poor.

The Local Government Board have given much consideration to the question whether, without special legislation, additional means could be devised to prevent persons, who are not fit objects, from obtaining medical relief. The statute does not give a definition of a "Poor

Person," and the Board think that the fee demanded by the Doctor for his services is an important factor in deciding the question.

Article 7 of the Rules, therefore, provides that in order to enable Guardians, Wardens, and Relieving Officers to be in a better position to judge whether an applicant for medical relief is a "Poor Person," the Board of Guardians may invite each of their Medical Officers to furnish in writing a scale of charges for attendance upon persons whose circumstances would not admit of their paying the Doctor's usual fees, and a copy of every such scale of fees, if furnished to the Board of Guardians, shall be supplied by the Clerk of the Union to each Guardian of the Union and to each of the Wardens and Relieving Officers connected with the Medical Officer's district. Any such scale of fees shall be regarded as operative until withdrawn by the Medical Officer.

Moreover, any Guardian, Warden, or Relieving Officer who has issued a ticket for medical relief shall, on being furnished with additional trustworthy information showing that the sick person for whom the ticket was issued is not a "Poor Person" within the meaning of the Medical Charities Act, be at liberty, and is empowered to withdraw such ticket, provided always that immediate notification of such withdrawal is given by him in writing to the Medical Officer, the Board of Guardians, and the person on whose behalf the ticket was issued.

The Local Government Board are of opinion that it is not in their power to frame a Rule which would render impossible all abuse in the administration of medical relief. Reliance in this matter must to a large extent be placed in the judgment, commonsense, and discretion of the persons authorised to issue tickets. It appears to the Local Government Board that the Guardians might confer with the Medical Officers and endeavour to arrive at an understanding which if adhered to would, without inflicting hardship on the sick poor, exclude persons who could afford to pay fees to the Doctor from sharing in the benefits intended for the poor alone.

The Guardians may delegate to Committees (composed of members of the Board of Guardians) the duty of examining the different books and records of the Dispensary Officers.

Article 14, paragraph V., prescribes that a woman possessing the requisite professional qualification is eligible for appointment and may hold office as Medical Officer of a Dispensary District provided she is of the prescribed age.

The duties of a Compounder of Medicine are explicitly set forth in Article 17, and those of a Midwife in Articles 19 and 20.

The special attention of the Guardians is invited to the provisions of Articles 21, 22, and 23, which deal with the requisitioning of extra professional assistance and the employment of temporary medical officers; and the Guardians are requested to submit to the Local Government Board for approval a scale of fees to be allowed for such extra professional assistance (Article 23). Payments made by the Guardians in accordance with such scale will not require the sanction of the Local Government Board, but will, however, be subject to review by the Auditor (Article 21).

The Local Government Board are anxious to secure uniformity as regards the sick leave and the annual vacations granted to Medical Officers. Very great diversity has hitherto existed in the practice of Boards of Guardians in this respect. Article 26 limits the duration of the sick leave, and provides that on the expiration thereof the Officer

shall, if unable to resume duty, submit his resignation to the Guardians. Article 28 provides for an annual vacation of four weeks to each Medical Officer.

Article 34 enables the Board of Guardians, at their discretion, on *sufficient grounds*, to suspend any Dispensary Officer.

In reference to the analysis of medicines (Article 36, Paragraph IV.) the Local Government Board desire to state that they will be prepared to consider and sanction an arrangement for the payment by the Guardians of a yearly salary to the Analyst for his services. The Guardians are at liberty either to employ the County Analyst or to select some other recognised Analyst. The name and a statement of the qualifications of the gentleman proposed to be employed should, therefore, be submitted to the Local Government Board.

The Guardians should cause stock to be taken of the contents (furniture, fixtures, surgical appliances, &c.) of the several Dispensaries on the 31st instant. The Minute Books of the Committees of Management and the Dispensary Records should, on the Committees ceasing to hold office, be handed over by the Honorary Secretaries to the Clerk of the Union.

Specimens of the prescribed forms are enclosed, and copies thereof should be at once printed for the use of the persons concerned. The necessary books should also be procured.

I am, Sir,

Your obedient Servant.

THOS. A. MOONEY, Secretary.

The Clerk of each Union.

### TABULAR RETURNS IN CONNECTION WITH RELIEF UNDER THE MEDICAL CHARITIES ACT, 14 and 15 Vic., chap. 68.

---

[NOTE.—In the following tables the Unions are placed in the Counties and Provinces in which the chief or central place of each is situate. There are several cases, however, in which a Union extends beyond the limits of the County in which it is placed, and in each such case the name or names of the additional County or Counties into which it extends will be found in column 1 of table 2. As the tables relate to the year ended the 29th of September, 1893, the changes made in Dispensary Districts under the provisions of the Local Government (Ireland) Act, 1895, have not been introduced.

An index to the Dispensary Districts is given at the end of the tables.
